## BACKGROUND

Our Fiscal Policy (Resolution 21-57) establishes an annual audit requirement and directs staff to report to the Board the agency’s actual expenditures in comparison to the approved budget, on at least a quarterly basis. The Investment Policy (Resolution 23-46) directs a review of portfolio compliance with the Investment Policy in conjunction with, and in the context of, the quarterly expenditure and budgetary report.

**Internal Accounting Report.** Using the format of our annual financial statements for governmental funds, the Internal Accounting Report includes a “Balance Sheet” (Attachment 1) and a “Statement of Revenues, Expenditures, and Changes in Fund Balances, with Budget Comparison” (Attachment 2). In Attachment 2, the last two columns show the prorated adopted budget values and the variance of revenues and expenditures as compared to the prorated adopted budget. For the nine months

ending March 31, 2024, the numbers in the prorated amended budget column are three quarters of the total amended budget for FY 2023/24, including the Treasure Island Mobility Management Agency. Although sales tax, vehicle registration fee, and Traffic Congestion Mitigation Tax (TNC Tax) Program revenue estimates are included, the Internal Accounting Report does not include: the Governmental Accounting Standards Board Statement Number 34 adjustments, and the other accruals that are done at fiscal year-end. The Balance Sheet values, as of March 31, 2024, are used as the basis for the Investment Policy compliance review.

**Investment Report.** Our investment policies and practices are subject to, and limited by, applicable provisions of state law and prudent money management principles. All investable funds are invested in accordance with the Investment Policy and applicable provisions of California Government Code, *Section 53600 et seq.* Any investment of bond proceeds will be further restricted by the provisions of relevant bond documents.

We observe the “Prudent Investor” standard, as stated in California Government Code, *Section 53600.3*, applied in the context of managing an overall portfolio. Investments are to be made with care, skill, prudence, and diligence, taking into account the prevailing circumstances, including, but not limited to, general economic conditions, our anticipated needs, and other relevant factors that a prudent person of a like character and purpose, acting in a fiduciary capacity and familiar with those matters, would use in the stewardship of funds.

The primary objectives for the investment activities, in order of priority, are:

- 1) **Safety.** Safety of the principal is the foremost objective of the investment program. Investments will be undertaken in a manner that seeks to ensure preservation of the principal of the funds under its control.
- 2) **Liquidity.** The investment portfolio will remain sufficiently liquid to enable us to meet its reasonably anticipated cash flow requirements.
- 3) **Return on Investment.** The investment portfolio will be managed with the objective of attaining a market rate of return throughout budgetary and economic cycles, commensurate with the investment risk parameters and the cash flow characteristics of the portfolio.

Permitted investment instruments are specifically listed in the Investment Policy and include the San Francisco City and County Treasury Pool (Treasury Pool), certificates of deposit, and money market funds.

**Balance Sheet Analysis.** Attachment 1 presents assets, liabilities, and fund balances, as of March 31, 2024. Cash, deposits, and investments total to \$72.3 million. Other assets total \$95.4 million, which mainly includes, \$18.5 million sales tax receivable, and \$52.8 million of the program receivables. Liabilities total \$288.3 million, as of March 31, 2024, and mainly includes \$27.5 million in accounts payable, \$56.6 million in accounts payable to the City and County of San Francisco and \$194.2 million in sales tax revenue bond and premium amounts (Series 2017).

There is \$156.8 million in total fund deficit, which is largely the result of how multi-year programming commitments are accounted for. Future sales tax revenues and grant reimbursements collected will fully fund this difference. This amount included \$40.6 million in restricted fund balance and \$197.4 million in unassigned fund deficit. The unassigned fund deficit reflects grant-funded capital projects that are scheduled to be implemented over the course of several fiscal years. The commitments are multi-year commitments and funded with non-current (future) revenues. In addition, we do not hold nor retain title for the projects constructed or for the vehicles and system improvements purchased with sales tax funds, which can result in a negative position.

**Statement of Revenues, Expenditures, and Changes in Fund Balances Analysis.**

Attachment 2 compares the prorated budget to actual levels for revenues and expenditures for the first nine months (third quarter) of the fiscal year. We earned \$118.2 million in revenues, including \$81.2 million in sales tax revenues, \$3.4 million in vehicle registration fee, \$6.0 million in traffic congestion mitigation tax, and \$25.8 million in total program revenues for the nine months ending March 31, 2024. Total revenue was lower than the prorated budget estimates by \$23.4 million. This variance amount mainly includes \$24.8 million in program revenues. The variance in program revenues is mainly related to federal and state reimbursements for the Southgate Road Realignment Improvements Project (Southgate), or Phase 2 of the Interstate-80/Yerba Buena Island Interchange Improvement Project, which has been deferred from past years. We expect collections will catch up by the end of the fiscal year for program and other revenues. The variance of \$364 thousand in investment income is higher than anticipated due to higher interest rates which resulted in higher interest income.

As of March 31, 2024, we incurred \$137.1 million of expenditures, including \$14.5 million in debt principal payment and service cost for the sales tax revenue bond; \$8.5 million for personnel and non-personnel expenditures; and \$110.4 million of capital project costs. Total expenditures were lower than the prorated budgetary

estimates by \$50.5 million. This amount mainly includes a net favorable variance of \$1.7 million for personnel and non-personnel expenditures, a favorable variance of \$1.9 million in interest and fiscal charges, and a favorable variance of \$50.6 million in capital project costs. The net favorable variance of \$1.7 million in personnel and non-personnel expenditures are mainly due to four staff vacancies, delayed hiring of two positions, and other postemployment benefits payment to CalPERS, training, equipment, and software maintenance cost anticipated to incur in the last quarter of the fiscal year. The favorable variance of \$1.9 million in interest and fiscal charges is mainly due to costs related to the anticipated drawdown on the revolving credit (loan) agreement as we have not needed to borrow funds yet. The favorable variance of \$50.6 million in capital project costs mainly due to costs (reimbursement requests) from project sponsors that have been incurred but not yet received. As similar to prior years, we anticipate a higher amount of reimbursement requests and expenditures in the next quarter. The variance is also related to the YBI Westside Bridges project, in which the contractor had a slower start than anticipated. Several subcontractors mobilized later than planned. However, the overall construction is still on schedule to be completed by December 2026. In addition, construction activities for the YBI Hillcrest Road Improvement Project have been delayed by two months, as they were contingent upon Caltrans' approval of an Encroachment Permit approved in May 2024. Construction activities will commence in June 2024.

**Investment Compliance.** As of March 31, 2024, approximately 48.3% of our investable assets were invested in the Treasury Pool. These investments are in compliance with both the California Government Code and the adopted Investment Policy and provide sufficient liquidity to meet expenditure requirements for the next six months with the drawdown from the revolving credit (loan) agreement. Attachment 3 is the most recent investment report furnished by the City's Office of the Treasurer.

**Debt Expenditure Compliance.** In October 2021, the Transportation Authority entered into a 3-year Revolving Credit (loan) Agreement with U.S. Bank for a total amount of \$125 million. As of March 31, 2024, the Transportation Authority does not have any outstanding balance in the loan.

As of March 31, 2024, total outstanding bond principal and premium balance is \$194.2 million. We made cumulative payments of \$116.9 million, including principal payment of \$68.3 million and interest payment of \$48.6 million.

The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on a book value basis of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution.
