

Memorandum

AGENDA ITEM 10

DATE: May 17, 2024
TO: Transportation Authority Board
FROM: Cynthia Fong - Deputy Director for Finance and Administration
SUBJECT: 06/11/24 Board Meeting: Approve revised Administrative Code, Debt and Fiscal Policies; and Ratified Investment Policy

<p>RECOMMENDATION <input type="checkbox"/> Information <input checked="" type="checkbox"/> Action</p> <p>Approve revised Administrative Code, Debt and Fiscal policies and ratified Investment Policy</p> <p>SUMMARY</p> <p>It is the Transportation Authority Board’s direction to review all policies periodically to ensure compliance with current statutes and Transportation Authority objectives. We are recommending revisions to the Administrative Code and the Debt and Fiscal policies to conform to applicable law, provide additional clarity and flexibility, and reflect administrative and organizational changes since the last update. As there have been no changes to applicable law or Transportation Authority objectives that affect the Investment Policy, we are recommending this policy stand as currently adopted. Recommended revisions are redlined in the proposed code and policies and outlined in the set of matrices in Attachments 1 through 5.</p>	<ul style="list-style-type: none"> <input type="checkbox"/> Fund Allocation <input type="checkbox"/> Fund Programming <input type="checkbox"/> Policy/Legislation <input type="checkbox"/> Plan/Study <input type="checkbox"/> Capital Project Oversight/Delivery <input type="checkbox"/> Budget/Finance <input type="checkbox"/> Contract/Agreement <input checked="" type="checkbox"/> Other: Policies
--	---

BACKGROUND

We develop and implement policies and procedures to organize and formalize agency activities, and to ensure compliance with current statutes and our objectives. It is the Transportation Authority Board’s direction to review the Administrative Code and all policies periodically to ensure compliance with current statutes and Transportation Authority objectives. While we are not required to annually review our Administrative Code and Fiscal Policy, it is good management practice to do so on a regular or as-needed basis.

Below is a brief description of the Administrative Code and Debt, Fiscal, and Investment policies that are the subject of this memorandum.

Administrative Code: Prescribe powers and duties of officers, the method and appointment of employees, and the policies and systems of agency operation and management.

Debt Policy: Organize and formalize debt issuance-related policies and procedures necessary to carry out the operations of our agency.

Investment Policy: Set out policies and procedures that enhance opportunities for a prudent and systematic investment policy and to organize and formalize investment-related procedures.

Fiscal Policy: Guide decisions pertaining to internal fiscal management, including day-to-day operations, annual budget development and our sales tax revenue allocation requirements.

DISCUSSION

We are recommending revisions as redlined in the proposed code and policies and outlined in the set of matrices in Attachments 1 through 5. We are recommending revisions to the Administrative Code and Debt and Fiscal policies to conform to applicable law and provide additional clarity and flexibility since the last update. We are recommending ratification of the Investment Policy (i.e., no changes proposed).

The Board last adopted the Administrative Code in April 2023 through Ordinance 23-01. We are recommending changes as redlined in the proposed Administrative Code in Attachment 2.

The Board last adopted the Debt Policy in April 2023 through Resolution 23-46. At our request, Nixon Peabody LLP and KNN Public Finance, LLC, have reviewed this policy and based on their reviews, we are recommending changes as redlined in the proposed policy in Attachments 3.

The Board last adopted the Fiscal Policy in June 2021 through approval of Resolution 21-57. At our request, Fennemore LLP reviewed this policy and based on their review, we are recommending changes as redlined in the proposed policies in Attachment 4.

FINANCIAL IMPACT

The recommended action would not have an impact on the adopted Fiscal Year 2023/24 budget or proposed Fiscal Year 2024/25 budget.

CAC POSITION

The Community Advisory Committee will consider this item at its May 22, 2024 meeting.

SUPPLEMENTAL MATERIALS

- Attachment 1 - Summary of Proposed Revisions
- Attachment 2 - Proposed Administrative Code
- Attachment 3 - Proposed Debt Policy
- Attachment 4 - Proposed Fiscal Policy
- Attachment 5 - Current Investment Policy

SECTION	REVISION	REASON	PAGE
<p>SECTION 5. METHODS, PROCEDURES, AND SYSTEMS OF OPERATION AND MANAGEMENT</p> <p>SECTION 5.2. COMMUNITY ADVISORY COMMITTEES</p>	<p>b. Community Advisory Committee - Subcommittees. <u>The Community Advisory Committee Chairperson may propose subcommittees to the Transportation Authority Chair. Before submitting any such proposal to the Transportation Authority Chair, the Community Advisory Committee Chairperson shall consult with the Transportation Authority staff to confirm the purpose, objectives, and term of the subcommittee, and to ensure consistency with the approved Transportation Authority work program and availability of staff resources. All Community Advisory Committee subcommittees are subject to the approval of the Transportation Authority Chair. Each subcommittee shall consist of three members.</u></p>	<p>Provide clarification of procedures in line with Transportation Authority practices.</p>	<p>7</p>

SECTION	REVISION	REASON	PAGE
SECTION III. SCOPE AND DELEGATION OF AUTHORITY	This Debt Policy shall govern, except as otherwise covered by the Transportation Authority's adopted Investment Policy and the Transportation Authority's adopted Fiscal Policy, the issuance and management of all <u>Transportation Authority debt funded through issued in the capital markets, including or through an alternative funding vehicle. The Debt Policy shall also govern</u> the selection and management of related financial and advisory services and products.	Provides clarification and flexibility in sourcing the most cost effective financing solutions.	1
SECTION VIII. FINANCING CRITERIA B. TYPES OF DEBT 2. Short-Term Debt	d) Letters or Lines of Credit <u>or Revolving Credit Agreements</u> shall be considered as an alternative to or credit support for other short-term borrowing options. The Transportation Authority presently has a \$125 million revolving credit facility. Amounts can be repaid and reborrowed under the revolving credit facility or another letter or line of credit without further Board action. The average amortization of amounts drawn under the revolving credit facility, letter or line of credit may not exceed 120% of the weighted average useful life of the project being financed or refinanced if the borrowing is intended to be federally tax-exempt and the borrowing must be fully repaid by the earlier of the following: (a) the sunset date of the current Expenditure Plan and (b) forty (40) years from the date of issuance. The repayment of loans under a revolving credit facility or other letter or line of credit is often facilitated by the issuance of long-term bonds or the repaying of principal from cash on hand. If proceeds of long-term bonds are used to repay loans under the revolving credit facility or other letter or line of credit, the amortization and the repayment of the long-term bonds must satisfy the limits set forth above.	Provides clarification and flexibility in sourcing the most cost effective financing solutions.	7
SECTION IX. TERMS AND CONDITIONS OF BONDS	The Transportation Authority shall establish all terms and conditions relating to the issuance of bonds <u>and other forms of borrowing</u> , and will control, manage, and invest all bond proceeds. Unless otherwise authorized by the Transportation Authority, the following shall serve as bond requirements:	Provides clarification and flexibility in sourcing the most cost effective financing solutions.	8

SECTION	REVISION	REASON	PAGE
<p>SECTION IX. TERMS AND CONDITIONS OF BONDS</p> <p>D. ADDITIONAL BONDS TEST</p>	<p>D.—ADDITIONAL BONDS TEST</p> <p>Any new money senior lien sales tax debt issuance must not result in the sales tax revenues collected in a 12 month period specified by the Transportation Authority within the most recent 18 months immediately preceding the issuance of the senior lien sales tax debt to be less than one and three quarters times (1.75x) the maximum annual projected debt service for the aggregate outstanding Senior Lien bonds including the debt service for the new issuance, calculated in accordance with the Indenture. This test shall not apply to refunding debt. The Transportation Authority may by Supplemental Indenture issue or incur Parity Debt and Subordinate Obligations, subject to the limitations set forth in the Indenture, the Act, the Ordinance, and other applicable law.</p>	<p>Based on advisement from legal counsel and financial advisor, the Additional Bonds Test provision is removed as it is a legal requirement in the indenture and should not be a policy consideration.</p>	<p>9</p>
<p>SECTION IX. TERMS AND CONDITIONS OF BONDS</p> <p>E. CALL PROVISIONS</p>	<p>E. CALL PROVISIONS.</p> <p>In general, the Transportation Authority’s securities will include a call feature, based on market conventions, which is typically at par no later than ten and one-half (10.5) years from the date of delivery of tax-exempt bonds. In 2018<u>2017</u>, tax law was amended such that tax-exempt bonds can only be refunded on a tax-exempt basis <u>only if the refunding bonds are issued no more than</u> 90 days before the call date and cannot be advance-refunded with tax-exempt bond proceeds. The Transportation Authority may determine that a shorter call or premium feature is appropriate based on market dynamics and/or the desire for increased future optionality.</p>	<p>Correction provided by legal counsel.</p>	<p>9</p>

SECTION	REVISION	REASON	PAGE
<p>SECTION XII. MARKET RELATIONSHIPS</p> <p>A. RATING AGENCIES</p>	<p>A. RATING AGENCIES.</p> <p>The Executive Director shall be responsible for maintaining the Transportation Authority's relationships with Moody's Investors Service, Standard & Poor's, nationally recognized rating agencies. The Transportation Authority's debt is rated by S&P Global Ratings and Fitch Ratings. The Depending on the particulars of a transaction, the Transportation Authority may, from time to time, choose to deal with only one or two of these agencies as circumstances dictate. In addition to general communication, the Executive Director shall: (1) meet with credit analysts prior to each sale (competitive or negotiated) to the extent it is advantageous to do so, and (2) prior to each competitive or negotiated sale, offer, conference calls or meetings with agency analysts in connection with the planned sale: choose to seek ratings from one or more rating agencies with a preference toward maintaining its relationship with its existing rating providers.</p>	<p>Provides clarification as certain agencies no longer provide analytical coverage of municipal agencies.</p>	<p>14</p>

SECTION	REVISION	REASON	PAGE
SECTION I. INTRODUCTION	The Fiscal Policy is designed to guide decisions pertaining to internal fiscal management, including day-to-day operations, annual budget development and sales tax revenue allocation requirements of the San Francisco County Transportation Authority (Transportation Authority). It is intended to be consistent with the Transportation Authority's adopted Administrative Code, the current Proposition K <u>L</u> Sales Tax Expenditure Plan (Expenditure Plan), federal and state regulations, and general prudent accounting and financial management practices.	Update to recognize the adoption of new Prop L measure.	1
SECTION III. ANNUAL BUDGET PROCESS	Preparation and Review of a Draft Budget The Executive Director is charged with responsibility for the preparation of a draft budget for each fiscal year. The draft budget will consist of line items for Revenues, including investment income, Administrative Operating Expenses, Debt Service Expenses as applicable, Program and Operating Reserve, and a single line item for each of the Transportation Authority's capital expenditure programming roles as Proposition L <u>K</u> Sales Tax (Prop L <u>K</u>) Administrator; San Francisco Congestion Management Agency (CMA); San Francisco Program Manager for the Transportation Fund for Clear Air (TFCA); and Proposition AA Vehicle Registration Fee (Prop AA) Administrator; <u>and Traffic Congestion Mitigation Tax (TNC Tax) Administrator</u> . Supplemental budget documentation shall provide a detailed listing of the capital programs and projects that support the Capital Expenditures line items. The draft budget may also include other functional categories as deemed appropriate.	Update to recognize the adoption of new Prop L measure. Update list of major funding programs.	1
SECTION IV. BUDGET REQUIREMENTS	1. Salaries and Benefits The Board shall budget annually for the compensation (salaries and benefits) of the Transportation Authority's staff. Pursuant to the Transportation Authority's enabling legislation (Sections 131100 <u>13100</u> et seq. of the California Public Utilities Code), the Transportation Authority will observe the statutory limit of one percent (1%) of the annual net amount of Prop K <u>L</u> revenues for the salaries and benefits of Prop K <u>L</u> program administrative personnel, and will follow applicable statutes for all other staff expenses.	Correction provided by legal counsel. Update to recognize the adoption of new Prop L measure.	2

SECTION	REVISION	REASON	PAGE
SECTION IV. BUDGET REQUIREMENTS	<p>2. Emergency Expenditures</p> <p>The Executive Director is authorized to exceed the overall administrative operating expense line items by up to seventy-five thousand dollars (\$75,000<u>\$100,000</u>), for the actual cost of emergency expenditures that are made to protect the health, safety, and welfare of the agency or the public, or to repair/restore damaged/destroyed property for the Transportation Authority. The Executive Director shall submit a report to the Board within thirty (30) days of the emergency explaining the necessity of the action, a listing of expenditures, and future recommended actions.</p>	<p>Revision to increase limit for emergency expenditures, consistent with Board adopted Procurement Policy.</p>	3
SECTION IV. BUDGET REQUIREMENTS	<p>C. Capital Expenditures</p> <p>Capital Expenditures shall be listed as a single line item for each of the Transportation Authority's capital expenditure programming roles, which currently are Prop L<u>K</u> Administrator, Proposition AA Administrator, <u>TNC Tax Administrator</u>, and CMA and TFCA local administrator. Supplemental budget documentation shall provide a detailed listing of the capital programs and projects that support the Capital Expenditures line items.</p>	<p>Update to recognize the adoption of new Prop L measure.</p> <p>Update list of major funding programs.</p>	3

Administrative Code

Ordinance 24-XX

SECTION 1. TITLE AND AUTHORITY.

This Ordinance is enacted pursuant to the provisions of California Public Utilities Code Section 131265, and may be referred to as the "San Francisco County Transportation Authority Administrative Code." This Ordinance prescribes the powers and duties of the San Francisco County Transportation Authority (Transportation Authority) Board; the method of appointment of employees of the Transportation Authority; and the policies and systems of operation and management of the Transportation Authority.

SECTION 2. DUTIES OF THE TRANSPORTATION AUTHORITY.

The Transportation Authority shall have the power, authority, and duty to do all things necessary and required to accomplish the stated purposes and goals of Division 12.5 of the California Public Utilities Code, also known as the Bay Area County Traffic and Transportation Funding Act, including the following:

- (a) Administer the 2022 Transportation Expenditure Plan, approved by voters as Proposition L and effective on April 1, 2023, which supersedes the New Transportation Expenditure Plan approved by voters as Proposition K and effected on November 4, 2003, as well as the original Transportation Expenditure Plan approved by voters as Proposition B on November 7, 1989, extending the sales tax for another 30-year period.
- (b) Adopt an annual budget by June 30 of each year and fix the compensation of its commissioners and employees. The compensation of commissioners shall be as provided in Section 3.2 herein.
- (c) Cause a post audit of its financial transactions and records at least annually by a certified public accountant.
- (d) Prepare and adopt an annual report by January 31 of each year on the objectives completed for the projects in the Transportation Expenditure Plan.
- (e) Conduct an employee performance evaluation of the Executive Director by December 31 of each year for the Executive Director's work performance of the preceding year.
- (f) Perform other related responsibilities, including but not limited to (i) serving as the county program manager for the Transportation Fund for Clean Air; (ii) serving as the county Congestion Management Agency; (iii) administering Proposition AA projects; and (iv) administering Prop D projects.

SECTION 3. POWERS AND DUTIES OF THE TRANSPORTATION AUTHORITY COMMISSIONERS.

The eleven members of the Board of Supervisors of the City and County of San Francisco shall be the commissioners of the Transportation Authority. They shall be known as "Commissioners" individually, and as the Board of Commissioners, or Board, collectively.

- (a) **Chair.** The Chair shall possess the following powers and duties:
1. To preside at all meetings;
 2. To appoint the membership and the Chair and Vice-Chair of the committees of the Transportation Authority, except for the Community Advisory Committee;
 3. To decide the agenda of Board meetings;
 4. To sign contracts, deeds, and other instruments on behalf of the Transportation Authority; and
 5. To perform such additional duties as may be designated by the Transportation Authority.
- (b) **Vice-Chair.** The Vice-Chair shall perform the duties of the Chair in the absence or incapacity of the Chair.

SECTION 3.1. METHOD OF APPOINTMENT OF THE TRANSPORTATION AUTHORITY OFFICERS.

- (a) The Chair shall be elected at the first meeting of the Transportation Authority, and thereafter, after the first complete calendar year, annually, at the first meeting in January. The newly appointed Chair shall immediately preside, following their election at the same meeting.
- (b) The Vice-Chair shall be elected at the first meeting of the Transportation Authority, and thereafter, after the first complete calendar year, annually, at the first meeting in January.
- (c) If the Chair or Vice-Chair resigns or is removed from office, the election for Chair or Vice-Chair to serve the remainder of the term shall be at the next meeting of the Transportation Authority. Except as provided in Section 3.2(a) below, the Chair and Vice Chair shall serve without compensation but shall be entitled to reimbursement as provided in Section 3.2(b) below.

SECTION 3.2. COMPENSATION OF COMMISSIONERS.

- (a) As required by the provisions of California Public Utilities Code Section 131268, Commissioners shall be compensated at the rate of \$100 for each day attending the business of the Transportation Authority, but not to exceed \$400 in any month, for any of the following occurrences that are related to the business of the Transportation Authority:
1. A meeting of the legislative body or committee thereof;
 2. A meeting of an advisory body;
 3. A conference or organized educational activity, including ethics training; or
 4. Any other occurrence, if the Transportation Authority has adopted a written policy in a public meeting specifying that the attendance at such occurrence would constitute the performance of official duties for which Commissioners may receive compensation.
- (b) Commissioners shall receive reimbursement for necessary travel and personal expenses incurred in the performance of their duties when such expenses are authorized in advance and as set forth in the Transportation Authority's adopted Travel, Conference, Training, and Business Expense Reimbursement Policy.

SECTION 4. STAFF TO THE TRANSPORTATION AUTHORITY.

- (a) **Executive Director.** The Board shall appoint the Executive Director, who shall serve at the pleasure of the Board. The Executive Director shall possess the power and duty to administer the business of the Transportation Authority, including the following powers and duties:
1. To supervise and direct preparation of the annual budget for the Transportation Authority;
 2. To formulate and present plans for implementation of the Transportation Expenditure Plan, including establishment of project priorities within the priorities set by the plan, and the means to finance them;
 3. To provide guidance to and to monitor and coordinate the activities of the project sponsors to ensure that the projects are completed;
 4. To submit to the Board each year a complete report of the finances and administrative activities of the Transportation Authority from the preceding year;
 5. To direct the preparation and administration of purchase orders and contracts for goods and services, and to execute contracts for goods, materials, and services,

- including support services, where estimated expenditures thereunder do not exceed \$100,000 and to execute any agreements with sponsoring agencies where sufficient funding for such is available in the Transportation Authority's budget;
6. To administer the personnel system of the Transportation Authority, including hiring, controlling, supervising, promoting, transferring, suspending with or without pay, or discharging any employee. To this end, the Executive Director shall prepare and maintain a Personnel Manual, stating the rules of employment of the Transportation Authority and methods of compensation established by the Transportation Authority; and
 7. To provide the day-to-day administration of the Transportation Authority and to perform such other and additional duties as the Transportation Authority Board may prescribe.
- (b) **Chief Deputy Director.** The Executive Director shall appoint a Chief Deputy Director. In the event of the Executive Director's temporary absence, disability, unavailability, or during a vacancy in that position, the Chief Deputy Director shall act as the Executive Director.
- (c) **Additional Staff.** The Executive Director may create additional staff positions subject to the approval of the Board. Duties shall be defined by the Executive Director and shall be contained in a written job description. The Executive Director shall appoint additional staff members to approved positions. All employees are "at-will" employees and serve at the pleasure of the Executive Director.

SECTION 4.1. BENEFITS FOR EMPLOYEES.

The Transportation Authority may contract with the appropriate agencies of the State of California to provide retirement and health benefits for its employees or with any other retirement or health system which it determines is in the best interests of its employees, and in accordance with applicable state and federal laws.

SECTION 4.2. RULES OF EMPLOYMENT.

The Executive Director or their designee shall administer the personnel policies of the Transportation Authority as set forth in the Personnel Manual. The Executive Director shall take all necessary actions to hire, promote, transfer, suspend with or without pay, or discharge any employee in accordance with the procedures in the Personnel Manual.

SECTION 5. METHODS, PROCEDURES, AND SYSTEMS OF OPERATION AND MANAGEMENT.

SECTION 5.1. COMMITTEES OF THE TRANSPORTATION AUTHORITY.

- (a) **Personnel Committee.** The Chair shall appoint a Personnel Committee, which shall be composed of the Chair and Vice-Chair of the Transportation Authority and the City and County of San Francisco's representative to the Metropolitan Transportation Commission (MTC), as appointed by the San Francisco Board of Supervisors. If the MTC representative is also the Chair or Vice-Chair of the Board, the Chair shall be able to appoint a third member to the Personnel Committee. The Chair or their designee shall serve as the Chair of the Personnel Committee. Two members shall constitute a quorum and all official acts of the Personnel Committee shall require the affirmative vote of a majority of the authorized number of members of the committee. Meetings of the Personnel Committee shall be held at the call of the Chair. The responsibilities of this committee shall include the following:
1. To make recommendations on the hiring, firing, and employment status of the Executive Director of the Transportation Authority;
 2. To conduct annual performance evaluations of the Executive Director; and
 3. To make recommendations on the Transportation Authority's policies and actions related to staffing levels, job specifications, compensation ranges, and employment conditions.
- (b) **Additional Committees.** The Board may create, and the Chair shall appoint, the membership of select committees consisting of Commissioners and established consistent with the following criteria:
1. The committee shall have a clear, simple, narrow, single statement of purpose;
 2. The committee will be created for a specified maximum period of time; and
 3. The size of the committee will be either three or five Commissioners, based on the committee purpose.
- (c) **Transportation Authority Committee Procedures.** The Chair shall be eligible to be appointed and to serve on any committee established under this Code as a voting, regular member. If not appointed as a regular member of a committee, the Chair shall serve as a non-voting, ex-officio member, except that the Chair shall serve as a voting member when their presence is necessary in order to constitute a quorum. A majority of the authorized number of members of a committee shall constitute a quorum for the transaction of business and all official acts of the committee shall

require the affirmative vote of the majority of the authorized number of members of the committee. In the case of a tie vote, the Chair, if present but not acting as a voting member, may cast the deciding vote. If the Chair's presence causes a quorum of the members of the full Board to be present, the committee meeting shall be recessed and the meeting convened or reconvened as a special Board meeting.

SECTION 5.2. COMMUNITY ADVISORY COMMITTEES.

(a) **Community Advisory Committee.** The Board shall appoint eleven non-Commission members to a Community Advisory Committee. This committee shall include representatives from various segments of the community, such as public policy organizations, labor, business, seniors, people with disabilities, environmentalists, and neighborhoods, and reflect broad transportation interests. The committee is also intended to reflect the racial and gender diversity of San Francisco residents. Each Commissioner shall nominate one member to the committee. The committee members shall be residents of San Francisco and shall serve for a two-year period. Any member who is absent for four of any twelve regularly scheduled consecutive meetings shall have their membership automatically terminated. Any resulting vacancy shall be filled for a new two-year period. Any member whose membership has been terminated or whose term of office has expired and who wishes to be reappointed shall contact their District Supervisor and shall reappear before the Board to speak on their behalf. This committee shall meet at least quarterly, and all meetings shall be conducted pursuant to the Brown Act and shall be open to the public. The regular meetings of the committee shall be held on the fourth Wednesday of each month at 6:00 p.m. at the Transportation Authority's offices at 1455 Market Street, 22nd Floor, San Francisco, California, barring a state of emergency which would move the location to a virtual meeting platform. The staff of the Transportation Authority will be available to assist the committee. This committee shall provide input to the Transportation Authority in:

1. Defining the mission of the Transportation Authority;
2. Reflecting community values in the development of the mission and program of the Transportation Authority, and channeling that mission and program back to the community;
3. Defining criteria and priorities for implementing the Expenditure Plan programs consistent with the intention of the half-cent sales tax funding purposes; and
4. Monitoring the Transportation Authority's programs and evaluating the sponsoring agencies' productivity and effectiveness.

(b) **Community Advisory Committee - Subcommittees.** The Community Advisory Committee Chairperson may propose subcommittees to the Transportation Authority Chair. Before submitting any such proposal to the Transportation Authority Chair, the Community Advisory Committee Chairperson shall consult with the Transportation Authority staff to confirm the purpose, objectives, and term of the subcommittee, and to ensure consistency with the approved Transportation Authority work program and availability of staff resources. All Community Advisory Committee subcommittees are subject to the approval of the Transportation Authority Chair. Each subcommittee shall consist of three members.

~~(b)~~(c) **Additional Advisory Committees.** The Board may appoint any other advisory committees that it deems necessary.

SECTION 5.3. CONTRACTS.

- (a) Contracts for the purchase of supplies, equipment, and materials in excess of \$100,000 shall be awarded after a formal competitive procurement process in conformance with the Procurement Policy.
- (b) Contracts for the purchase of services in excess of \$100,000 shall be awarded after a formal competitive procurement process in conformance with the Procurement Policy.
- (c) The Executive Director is authorized to contract for supplies, equipment, materials, and services for an amount less than or equal to \$100,000 in conformance with the Procurement Policy. The Executive Director is authorized to amend contracts and agreements within the parameters specified in the Procurement Policy.
- (d) Where advantageous, the Transportation Authority may contract without initiating a competitive procurement process with any public agency, including but not limited to, the California Department of Transportation, the Metropolitan Transportation Commission, or any transit district, county, or city, including the City and County of San Francisco, to render designated services or to provide materials on behalf of the Transportation Authority in conformance with the Procurement Policy.
- (e) All contracts shall reflect the Disadvantaged Business Enterprise/Local Business Enterprise goals, if applicable and as permitted by law, and Equal Benefits provisions adopted by the Transportation Authority.

SECTION 5.4. PROCEDURES FOR IMPLEMENTING THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.

Section 5.4.1. Authority and Mandate.

- (a) This Section 5.4 is adopted pursuant to the California Environmental Quality Act, Public Resources Code Sections 21000 and following, as amended; and pursuant to the Guidelines for Implementation of the California Environmental Quality Act, as amended, appearing as Title 14, Division 6, Chapter 3 of the California Code of Regulations (hereinafter referred to collectively as "CEQA").
- (b) Any amendments to CEQA adopted subsequent to the effective date shall not invalidate any provision of this Section 5.4. Any amendments to CEQA that may be inconsistent with this Section 5.4 shall govern until such time as the relevant provision is amended to remove such inconsistency.
- (c) This Section 5.4 shall govern in relation to all other ordinances of the Transportation Authority and rules and regulations pursuant thereto. In the event of any inconsistency, the provisions of this Section 5.4 shall prevail.

Section 5.4.2. Incorporation by Reference.

The provisions of CEQA are not repeated here, but are expressly incorporated herein by reference as though fully set forth.

Section 5.4.3. Responsibility.

The administrative actions required by CEQA with respect to the preparation of environmental documents, giving of notice and completing other activities shall be performed by staff of the Transportation Authority or by consultants under the direction of the Transportation Authority. These activities may include, but are not limited to:

- (a) Preparing any necessary forms, checklists, and processing guidelines to implement CEQA in accordance with this Section 5.4;
- (b) Determining excluded and exempt activities which are not subject to CEQA;
- (c) Determining when a negative declaration or environmental impact report (EIR) is required when acting as a lead agency or as is otherwise required by CEQA;

- (d) Ensuring that agencies and other interested parties are consulted and have an opportunity to comment during the CEQA process when acting as a lead agency or as is otherwise required by CEQA;
- (e) Preparing environmental documents and notices when acting as a lead agency or as is otherwise required by CEQA;
- (f) Consulting, providing comments, and attending hearings as necessary on behalf of the Transportation Authority when it acts as a responsible agency under CEQA; and
- (g) Ensuring coordination with federal lead and responsible agencies when project review is required under both CEQA and the National Environmental Policy Act ("NEPA").

Section 5.4.4. List of Non-Physical and Ministerial Projects.

The Transportation Authority shall maintain a list of types of ministerial projects excluded from CEQA. Such lists shall be modified over time as the status of types of projects may change under applicable laws, ordinances, rules, and regulations. The list shall not be considered totally inclusive, and may at times require refinement or interpretation on a case-by-case basis. The list of ministerial projects and modifications thereto shall be kept posted in the offices of the Transportation Authority, with updated copies shall be sent to the Board.

Section 5.4.5. Categorical Exemptions.

The Transportation Authority shall maintain a list of types of projects that are categorically exempt from CEQA. This list shall be kept posted in the offices of the Transportation Authority, with updated copies sent to the Board. The list shall be kept up to date in accordance with any changes in CEQA.

Section 5.4.6. Initial Evaluation of Projects

- (a) For projects that are not statutorily excluded or categorically exempt from CEQA, an initial study shall be prepared to establish whether a negative declaration or an EIR is required prior to the decision as to whether to carry out or approve the project. If it is clear at the outset that an EIR is required, however, such determination may be made immediately, and no initial study shall be required.
- (b) Each initial study shall meet the requirements of CEQA with respect to contents and consultation with Responsible and Trustee Agencies. During preparation of

the initial study, the Transportation Authority may consult with any person having knowledge or interest concerning the project.

- (c) If a project is subject to both CEQA and NEPA, an initial evaluation prepared pursuant to NEPA may be used to satisfy the requirements of this section.
- (d) Based on the analysis and conclusions in the initial study, the Transportation Authority shall determine, based on the requirements of CEQA, whether there is substantial evidence that any aspect of the project may cause a significant effect on the environment, and whether a negative declaration or EIR shall be prepared.

Section 5.4.7. Negative Declarations or Mitigated Negative Declarations.

- (a) When a negative declaration is required, it shall be prepared by or at the direction of the Transportation Authority. All CEQA requirements governing contents, notice, and recirculation shall be met.
- (b) The Board shall review and consider the information contained in the final negative declaration, together with any comments received during the public review process, and, upon making the findings as provided in CEQA, shall adopt the negative declaration, prior to approving the project. If the Board adopts a mitigated negative declaration, it shall also adopt a program for reporting on or monitoring the mitigation measures for the project that it has either required or made a condition of approval to mitigate or avoid significant environmental effects.

Section 5.4.8. Draft Environmental Impact Reports.

- (a) If it is determined that a project may have a significant effect on the environment and that an EIR is required, the Transportation Authority shall prepare a Notice of Preparation and shall meet all requirements for notice and circulation as required by CEQA.
- (b) The EIR shall be prepared by or under the direction of the Transportation Authority. The EIR shall first be prepared as a draft report. During preparation of the draft EIR, the Transportation Authority may consult with any person having knowledge or interest concerning the project and shall meet all CEQA consultation requirements.
- (c) When the draft EIR has been prepared, the Transportation Authority shall file a Notice of Completion and shall provide public notice of the draft EIR, as required by CEQA. The comment period on draft EIRs shall meet the requirements of

CEQA. The draft EIR shall be available to the general public upon filing of the Notice of Completion.

- (d) Public participation, both formal and informal, shall be encouraged at all stages of review, and written comments shall be accepted at any time up to the conclusion of the public comment period. The Transportation Authority may give public notice at any formal stage of the review process, beyond the notices required by CEQA, in any manner it may deem appropriate, and may maintain a public log as to the status of all projects under formal review. Members of the general public shall be encouraged to submit their comments in writing as early as possible.

Section 5.4.9. Final Environmental Impact Reports.

- (a) A final EIR shall be prepared in accordance with CEQA by, or at the direction of, the Transportation Authority, based upon the draft EIR, the consultations and comments received during the review process, and additional information that may become available.
- (b) In the judgment of the Board, if the final EIR is adequate, accurate and objective, and reflects the independent judgment and analysis of the Board, the Board shall certify its completion in compliance with CEQA. The certification of completion shall contain a finding as to whether the project as proposed will, or will not, have a significant effect on the environment.

Section 5.4.10. Actions on Projects.

- (a) Before making its decision whether to carry out or approve the project, the Board shall review and consider the information contained in the environmental document and shall make findings as required by CEQA.
- (b) After the Board has decided to carry out or approve a project, the Transportation Authority shall file a notice of determination with the county clerk of the county or counties in which the project is to be located and as required by CEQA. Such notice shall contain the information required by CEQA. If required by CEQA, the notice of determination shall also be filed with the California Governor's Office of Planning and Research.

Section 5.4.11. Additional Environmental Review.

If the Transportation Authority or the Board determine that additional environmental review is required by CEQA, or if modifications to a project require additional

environmental review, such review will be conducted as provided by CEQA and in accordance with the applicable procedures set forth in this Section 5.4.

Section 5.4.12. Evaluation of Modified Projects.

- (a) After evaluation of a proposed project has been completed, a substantial modification of the project may require reevaluation of the proposed project.
- (b) Where such a modification occurs as to a project that has been determined to be excluded or categorically exempt, a new determination shall be made. If the project is again determined to be excluded or categorically exempt, no further evaluation shall be required. If the project is determined not to be excluded or categorically exempt, an initial study shall be conducted as provided in Section 5.4.6.
- (c) Where such a modification occurs as to a project for which a negative declaration has been adopted or a final EIR has been certified, the Transportation Authority shall reevaluate the proposed project in relation to such modification. If, on the basis of such reevaluation, the Transportation Authority determines, based on the requirements of CEQA, that no additional environmental review is necessary, this determination and the reasons supporting the determination shall be noted in writing in the case record, and no further evaluation shall be required. If the Transportation Authority determines that additional environmental review is necessary, a new evaluation shall be completed prior to the decision by the Board as to whether to carry out or approve the project as modified. CEQA sets forth specific requirements for the determination of whether a supplemental or subsequent EIR is necessary, as well as the applicable process.

Section 5.4.13. Multiple Actions on Projects.

- (a) The concept of a project is broadly defined by CEQA so that multiple actions of the same or of different kinds may often constitute a single project. This concept of a project permits all the ramifications of a public action to be considered together and avoids duplication of review.
- (b) Early and timely evaluation of projects and preparation of EIRs shall be emphasized.
- (c) Only one initial study, negative declaration or EIR shall be required for each project.

- (d) Only one evaluation of a project or preparation of an EIR shall occur in cases in which both the Transportation Authority and one or more other public agencies are to carry out or approve a project. In such cases the evaluation or preparation is performed by the lead agency, which agency is selected by reference to criteria in CEQA.
- (e) CEQA provides that a single initial study, negative declaration or EIR may be employed for more than one project, if all such projects are essentially the same in terms of environmental effects. Furthermore, an initial study, negative declaration or EIR prepared for an earlier project may be applied to a later project, if the circumstances of the projects are essentially the same.
- (f) Reference is made in CEQA to simultaneous consideration of multiple and phased projects, related projects, cumulative effects of projects, projects elsewhere in the region, existing and planned projects.

Section 5.4.14. Severability.

- (a) If any article, section, subsection, paragraph, sentence, clause or phrase of this Section 5.4, or any part thereof, is for any reason held to be unconstitutional or invalid or ineffective by any court of competent jurisdiction, or other competent agency, such decision shall not affect the validity or effectiveness of the remaining portions. The Board hereby declares that it would have passed each article, section, subsection, paragraph, sentence, clause, or phrase thereof, irrespective of the fact that any one or more articles, sections, subsections, paragraphs, sentences, clauses, or phrases be declared unconstitutional, invalid, or ineffective.
- (b) If the application of any provision or provisions of this Section 5.4 to any person, property or circumstances is found to be unconstitutional or invalid or ineffective in whole or in part by any court of competent jurisdiction, or other competent agency, the effect of such decision shall be limited to the person, property or circumstances immediately involved in the controversy, and the application of any such provision to other persons, properties and circumstances shall not be affected.
- (c) These severability provisions shall apply to this Section 5.4 as it now exists and as it may exist in the future, including all modifications thereof and additions and amendments thereto.

SECTION 6. SEAL.

The Transportation Authority may provide for and adopt an official seal. The use of the seal of the Transportation Authority shall be for purposes directly connected with the official business of the Transportation Authority.

Debt Policy

Resolution 24-XX

I. INTRODUCTION

The purpose of this Policy is to organize and formalize debt issuance-related policies and procedures for the San Francisco County Transportation Authority (Transportation Authority) and to establish a systematic debt policy (Debt Policy). The Debt Policy is, in every case, subject to and limited by applicable provisions of state and federal law and to prudent debt management principles.

II. DEBT POLICY OBJECTIVE

The primary objectives of the Transportation Authority's debt and financing related activities are to

- Maintain cost-effective access to the capital markets and other financing alternatives through prudent yet flexible policies;
- Moderate debt principal and debt service payments through effective planning and project cash management in coordination with Transportation Authority project sponsors; and
- Achieve the highest practical credit ratings that also allow the Transportation Authority to meet its objectives.

III. SCOPE AND DELEGATION OF AUTHORITY

This Debt Policy shall govern, except as otherwise covered by the Transportation Authority's adopted Investment Policy and the Transportation Authority's adopted Fiscal Policy, the issuance and management of all ~~Transportation Authority debt funded through~~ issued in the capital markets; including or through an alternative funding vehicle. The Debt Policy shall also govern the selection and management of related financial and advisory services and products.

This Policy shall be reviewed and updated at least annually and more frequently as required. Any changes to the policy are subject to approval by the Transportation Authority Board of Commissioners (Board) at a legally noticed and conducted public meeting. Overall policy direction of this Debt Policy shall be provided by the Board. Responsibility for implementation of the Debt Policy, and day-to-day responsibility and authority for structuring, implementing, and managing the Transportation Authority's debt and finance program shall lie with the Executive Director. The Board's adoption of the Annual Budget does not constitute authorization for debt issuance for any capital projects. This Debt Policy requires that the Board specifically authorize each debt financing. Each financing shall be presented to the Board in the context of and consistent with the Annual Budget.

While adherence to this Policy is required in applicable circumstances, the Transportation Authority recognizes that changes in the capital markets, agency programs and other unforeseen circumstances may from time to time produce situations that are not covered by the Policy and require modifications or exceptions to achieve the Transportation Authority's policy goals. In these cases, management flexibility is appropriate, provided specific authorization from the Board is obtained.

IV. ETHICS AND CONFLICTS OF INTEREST

Officers, employees, and agents of the Transportation Authority involved in the debt management program will not engage in any personal business activities or investments that would conflict with proper and lawful execution of the debt management program, or which could impair their ability to make impartial decisions.

V. SOURCE OF SECURITY FOR DEBT FINANCING

Beginning in April of 1990, the State of California Board of Equalization (now the California Department of Tax and Fee Administration) started collecting the sales tax revenues for the Transportation Authority as set forth in the San Francisco County Transportation Expenditure Plan (Prop B Expenditure Plan) for a period not to exceed twenty years. In November of 2003, San Francisco voters approved the Proposition K Sales Tax (Prop K) a 30-year Expenditure Plan (Expenditure Plan) that superseded Prop B and continued the one-half of one percent sales tax. In November 2022, San Francisco voters approved the Proposition L Sales Tax (Prop L), a new 30-year Expenditure Plan that supersedes Prop K and continues the one-half of one percent sales tax. The Transportation Authority's current debt obligations are secured by the sales tax revenues generated from the Transportation Authority's one-half cent (0.5%) sales tax collections in the City and County of San Francisco. The sales tax is currently set to expire on March 31, 2053.

VI. STRATEGIC PLAN INTEGRATION

The Transportation Authority's multi-year Strategic Plan, which programs the Expenditure Plan, shall be used in combination with this Debt Policy and the Fiscal Policy to ensure proper allocation and financing of eligible projects. The Strategic Plan sets priorities and strategies for allocating funds under its guiding principles, while the Debt Policy provides policy direction and limitations for proposed financing and the Fiscal Policy provides guidance on decisions pertaining to internal fiscal management. Debt issuance for capital projects shall not be recommended for Board approval unless such issuance has been incorporated into the Strategic Plan.

VII. STANDARDS FOR USE OF DEBT FINANCING

The Transportation Authority's debt management program will promote debt issuance only in those cases where public policy, equity, and economic efficiency favor debt over cash (pay-as-you-go) financing.

A. CREDIT QUALITY.

Credit quality is an important consideration and will be balanced with the Transportation Authority's objectives and the associated size, structure, and frequency of issuances of debt. All Transportation Authority debt management activities for new debt issuances will be conducted in a manner conducive to receiving the highest credit ratings possible consistent with the Transportation Authority's debt management objectives, and to maintaining or improving the current credit ratings assigned to the Transportation Authority's outstanding debt by the major credit rating agencies.

B. CAPITAL PROJECTS.

The Transportation Authority will issue long-term debt only to finance and refinance capital projects. When the Transportation Authority finances capital projects by issuing bonds, the

1455 Market Street, 22ND Floor, San Francisco, California 94103 415-522-4800 info@sfcta.org www.sfcta.org

average principal amortization should not exceed 120% of the weighted average useful life of the project being financed or refinanced if the bonds are intended to be federally tax-exempt and the debt repayment period should not exceed the earlier of the following: (1) the sunset date of the current Expenditure Plan or (2) forty (40) years from the date of issuance. Inherent in its long-term debt policies, the Transportation Authority recognizes that future taxpayers will benefit from the capital investment and that it is appropriate that they pay a share of the asset cost. Long-term debt financing shall not be used to fund operating costs unless such costs qualify as capital expenditures under federal tax law.

C. DEBT FINANCING MECHANISM.

The Transportation Authority will evaluate the use of available financial alternatives including, but not limited to, tax-exempt and taxable debt, long-term debt (both fixed and variable rate), short-term debt; commercial paper, lines of credit, and sales tax revenue and grant anticipation notes; negotiated sale, competitive sale, and private placement and inter-fund borrowing. The Transportation Authority will utilize the most advantageous financing alternative or combination of alternatives, that effectively balances the cost of the financing with the risk of the financing structure to the Transportation Authority.

D. ONGOING DEBT ADMINISTRATION AND INTERNAL CONTROLS.

The Transportation Authority shall maintain all debt-related records for a period of not less than the term of the debt plus three years. At a minimum, this repository will include all official statements, bid documents, ordinances, indentures, trustee reports, continuing disclosure reports, material events notices, tax certificates, information regarding the investment of and project costs paid with bond proceeds, underwriter, and other agreements, etc., for all Transportation Authority debt. To the extent that official transcripts incorporate these documents, possession of a transcript will suffice (transcripts may be in physical or electronic formats). The Transportation Authority developed a standard procedure for archiving transcripts for any new debt. The Transportation Authority developed procedures and controls that will be reviewed periodically. The Transportation Authority has established internal controls to ensure compliance with the Debt Policy, all debt covenants, and any applicable requirements of applicable law.

E. TAX LAW COMPLIANCE, REBATE POLICY, AND SYSTEM.

The use of proceeds of debt issued by the Transportation Authority, the interest on which is intended to be federally tax-exempt, is subject to requirements, restrictions, and limitations in order for the debt to qualify for tax-exemption initially at issuance and to remain tax-exempt on an ongoing basis until such debt is fully repaid. Failure to comply with such requirements, restrictions and limitations could cause such issue of the Transportation Authority's debt to fail to qualify for tax-exemption, retroactive to the date of issuance. The Transportation Authority designates the Executive Director, and their designee, to periodically undertake procedures to confirm compliance with such requirements, restrictions, and limitations. In furtherance thereof, the Executive Director, and their designee, will consult with the Transportation Authority's bond counsel or others as deemed necessary regarding such periodic procedures or in the event that it is discovered that noncompliance has or may have occurred.

In addition, in furtherance of the above, the Transportation Authority will accurately account for all interest earnings in debt-related funds. These records will be designed to ensure that the Transportation Authority is in compliance with all debt covenants, including covenants related to the preservation of the tax-exempt status of debt issued on such basis, and with all applicable laws. The Transportation Authority will maximize the interest earnings on all funds within the investment

1455 Market Street, 22ND Floor, San Francisco, California 94103 415-522-4800 info@sfcta.org www.sfcta.org

parameters set forth in the respective indentures, consistent with consideration of applicable yield limits and arbitrage requirements and as permitted by the Investment Policy. The Transportation Authority will develop a system for reporting interest earnings that relates to and complies with any tax certificate(s) relating to its outstanding debt and Internal Revenue Code rebate, yield limit, and arbitrage rules, and for making any required filings with State and Federal agencies. The Transportation Authority will retain records as required by its tax certificate(s). The Transportation Authority shall have the authority to retain the services of an Arbitrage Rebate Consultant.

VIII. FINANCING CRITERIA

A. PURPOSE OF DEBT.

When the Transportation Authority determines the use of debt is appropriate, such debt may be new money debt or refunding debt.

1. New Money Debt.

New money debt is debt issued to finance capital projects. Capital projects eligible for financing with debt issued by the Transportation Authority include the acquisition, construction, or major rehabilitation of capital assets. Long-term debt proceeds generally may not be used for operating expenses. Capital project funding requirements are outlined in the annual budget, the Strategic Plan, and the Expenditure Plan.

2. Refunding Debt.

Refunding debt is issued to retire all or a portion of an outstanding bond issue or other debt. Refunding issuances can be used to achieve present-value savings on debt service, to modify interest rate risk, or to restructure the payment schedule, type of debt instrument used, or covenants of existing debt. The Transportation Authority must analyze each refunding issue on a present-value basis to identify economic effects before approval. Policies on the administration of refunding financings are detailed further in Section XI: Refinancing Outstanding Debt.

B. TYPES OF DEBT.

When the Transportation Authority determines that the use of debt is appropriate, the following criteria will be utilized to evaluate the type of debt to be issued.

1. Long-Term Debt.

The Transportation Authority may issue long-term debt (e.g., fixed or variable rate revenue bonds) to finance capital projects when such projects cannot be financed with current revenues or funds. The proceeds derived from long-term debt will not be used to finance current operations or normal maintenance. Long-term debt will be structured such that average principal amortization does not exceed 120% of the weighted average useful life of the project being financed or refinanced if the bonds are intended to be federally tax-exempt and the debt repayment period does not exceed the earlier of the following: (a) the sunset date of the current Expenditure Plan and (b) forty (40) years from the date of issuance.

Fixed Rate

- a) **Current Coupon Bonds** are bonds that pay interest periodically and principal at maturity. They may be used for both new money and refunding transactions. Bond features may be selected at the time of sale to accommodate the market conditions at such time. Bond

features that may be selected include the dollar amounts for different principal maturities, discount and premium pricing for each maturity, call provisions, use of bond insurance, funding of the debt service reserve fund, if any, and funding of costs of issuance.

- b) **Zero Coupon and Capital Appreciation Bonds** pay interest that is compounded and paid only when principal matures. These types of bonds typically bear interest at rates that are higher than those on current-coupon bonds, therefore representing a more expensive funding option. In the case of zero-coupon bonds, principal paid at maturity is discounted back to the initial investment amount received at issuance. In the case of capital appreciation bonds (CABs), interest on the bond accretes until maturity. Often, CABs are structured so as not to be callable prior to maturity, even if economic conditions are such that substantial savings could be achieved through refunding the CABs.
- c) **Special Government Obligations (both tax-exempt and taxable)**, such as the Build America Bond program authorized for calendar years 2009 and 2010, or any other type of existing or new municipal security, structure or tax credit authorized by the Federal Government to assist local governments in accessing the capital markets. So long as the program's requirements allow the Transportation Authority to adhere to its Debt Policy, the Transportation Authority will evaluate it along with traditional financing structures in order to determine which is the most appropriate for a particular issuance.
- d) **Transportation Infrastructure Finance Innovation Act (TIFIA) Loan** is a loan provided by the United States Department of Transportation for certain transportation projects of regional importance. The Transportation Authority may elect to apply for a TIFIA loan if it is determined that it is the most cost-effective debt financing option available.

VARIABLE RATE

- a) **Variable Rate Demand Bonds (VRDBs)** are long-term bonds with a fixed principal amortization, but the interest rate resets at certain established periods such as daily, weekly, monthly, or such other period as the Transportation Authority deems advisable, given current market conditions. VRDBs often require credit enhancement and third-party liquidity in the forms of Letters or Lines of Credit and/or bond insurance. VRDBs generally allow bondholders to "put" their bonds back to the Transportation Authority on any rate reset date, given certain notice. The Transportation Authority will need to retain an investment bank to remarket bonds that are "put."
- b) **Indexed Notes** are forms of variable rate debt that do not require Letters or Lines of Credit. These forms of variable rate debt have a fixed spread to a certain identified index such as the Securities Industry and Financial Markets Association. The rate will reset on a weekly, monthly, or other basis.

2. Short-Term Debt.

Short-term borrowing may be utilized for the temporary funding of operational cash flow deficits or anticipated revenues, where anticipated revenues are defined as an assured revenue source with the anticipated amount based on conservative estimates. In the case of the Transportation Authority's revolving credit facility or any future commercial paper program or replacement revolving credit facility, short-term borrowings may also be utilized for funding of the Transportation Authority's capital projects. The Transportation Authority will determine and utilize the least costly method for short-term borrowing. The Transportation Authority may issue short-term debt when there is a defined repayment source or amortization of principal, subject to the following policies:

- a) **Commercial Paper Notes** may be issued as an alternative to fixed rate debt, particularly when the timing of funding requirements is uncertain. The Transportation Authority may maintain an ongoing commercial paper program to ensure flexibility and immediate access to capital funding when needed.
- b) **Grant Anticipation Notes (GANs)** are short-term notes that are repaid with the proceeds of State or Federal grants of any type. The Transportation Authority shall generally issue GANs only when there is no other viable source of funding for the project.
- c) **Sales Tax and Revenue Anticipation Notes** shall be issued only to meet sales tax revenue cash flow needs consistent with a finding by bond counsel that the sizing of the issue fully conforms to Federal tax requirements and limitations for tax-exempt borrowings.
- d) **Letters or Lines of Credit or Revolving Credit Agreements** shall be considered as an alternative to or credit support for other short-term borrowing options. The Transportation Authority presently has a \$125 million revolving credit facility. Amounts can be repaid and reborrowed under the revolving credit facility or another letter or line of credit without further Board action. The average amortization of amounts drawn under the revolving credit facility, letter or line of credit may not exceed 120% of the weighted average useful life of the project being financed or refinanced if the borrowing is intended to be federally tax-exempt and the borrowing must be fully repaid by the earlier of the following: (a) the sunset date of the current Expenditure Plan and (b) forty (40) years from the date of issuance. The repayment of loans under a revolving credit facility or other letter or line of credit is often facilitated by the issuance of long-term bonds or the repaying of principal from cash on hand. If proceeds of long-term bonds are used to repay loans under the revolving credit facility or other letter or line of credit, the amortization and the repayment of the long-term bonds must satisfy the limits set forth above.
- e) **Grant Anticipation Revenue Vehicle Financing (GARVEE)** are bonds issued by the State and enable entities to fund transportation projects that are secured by certain federal grants. The Transportation Authority may consider the issuance of GARVEEs to meet cash flow shortfalls of grant revenues.

3. Variable Rate Debt.

To maintain a predictable debt service burden, the Transportation Authority may give preference to debt that carries a fixed interest rate. An alternative to the use of fixed rate debt is floating or variable rate debt. It may be appropriate to issue short-term or long-term variable rate debt to diversify the Transportation Authority's debt portfolio, reduce interest costs, provide interim funding for capital projects, and improve the match of assets to liabilities. Variable rate debt typically has a lower initial cost of borrowing than fixed rate financing and shorter maturities but carries both interest rate and liquidity risk. Under no circumstances will the Transportation Authority issue variable rate debt solely for the purpose of earning arbitrage. The Transportation Authority, however, may consider variable rate debt in certain instances.

- a) **Variable Rate Debt Capacity.** Except for the existing \$125 million revolving credit facility (to which the following requirements of variable rate debt do not apply) or any replacement facility, the Transportation Authority will maintain a conservative level of outstanding variable rate debt in consideration of general rating agency guidelines recommending a maximum of a 20-30% variable rate exposure, in addition to maintaining adequate safeguards against risk and managing the variable revenue stream both as described below:

- 1) **Adequate Safeguards Against Risk.** Financing structure and budgetary safeguards are in place to prevent adverse impacts from interest rate shifts. Such structures could include, without limitation, interest rate swaps, interest rate caps and the matching of assets and liabilities.
- 2) **Variable Repayment Amounts.** The amount repaid over time will be variable, and is anticipated to move in the same direction as market-generated variable interest rates. The dedication of revenues allows capacity for variability.
- 3) **As a Component to Synthetic Fixed Rate Debt.** Variable rate bonds may be used in conjunction with a financial strategy, which results in synthetic fixed rate debt, subject to the provisions of the Debt Policy regarding Financial Derivative Products.

4. Financial Derivative Products.

Financial Derivative Products such as interest rate swaps will be considered appropriate in the issuance or management of debt only in instances where it has been demonstrated that the derivative product will either provide a hedge that reduces the risk of fluctuations in expense or revenue, or alternatively where the derivative product will significantly reduce total project cost. Financial Derivative Products shall be considered only: (1) after a thorough evaluation of risks associated therewith, including counterparty credit risk, basis risk, tax risk, termination risk and liquidity risk, (2) after consideration of the potential impact on the Transportation Authority's ability to refinance bonds at a future date and (3) after the Board has adopted separate policy guidelines for the use of interest rate swaps and other Financial Derivative Products. Derivative products will only be utilized with prior approval from the Board.

IX. TERMS AND CONDITIONS OF BONDS

The Transportation Authority shall establish all terms and conditions relating to the issuance of bonds and other forms of borrowing, and will control, manage, and invest all bond proceeds. Unless otherwise authorized by the Transportation Authority, the following shall serve as bond requirements:

A. TERM.

All capital improvements financed through the issuance of debt will be financed for a period such that average principal amortization of the debt does not exceed 120% of the weighted average useful life of the project being financed or refinanced, if the bonds are intended to be federally tax-exempt, and the debt repayment period does not exceed the earlier of the following: (a) the sunset date of the current Expenditure Plan and (b) forty (40) years from the date of issuance.

B. CAPITALIZED INTEREST.

The nature of the Transportation Authority's revenue stream is such that funds are generally continuously available, and the use of capitalized interest should not normally be necessary. However, certain types of financings may require the use of capitalized interest from the issuance date until the project sponsor has constructive use of the financed project. Unless otherwise required, including as may be required by statute with respect to the deposit of original issue premium, the Transportation Authority will avoid the use of capitalized interest so as to not unnecessarily increase the bond issuance size. Interest shall not be funded (capitalized) beyond three (3) years, unless required by statute with respect to the deposit of original issue premium, or a shorter period if further restricted by statute. The Transportation Authority may require that capitalized interest on the initial series of bonds be funded from the proceeds of the bonds. Interest earnings may, at the Transportation Authority's discretion and, if permitted under

1455 Market Street, 22ND Floor, San Francisco, California 94103 415-522-4800 info@sfcta.org www.sfcta.org

applicable federal tax law, be applied to extend the term of capitalized interest but in no event beyond the authorized term.

C. LIEN LEVELS.

Senior, Parity, and Subordinate Liens have been established under the Transportation Authority's Indenture governing the Transportation Authority's sales tax revenue bonds. The Transportation Authority may utilize any of these lien levels in a manner that will maximize the beneficial use of sales tax revenues securing the series of bonds, given the applicable critical constraint of such funds, such as cost or capacity.

~~D. ADDITIONAL BONDS TEST.~~

~~Any new money senior lien sales tax debt issuance must not result in the sales tax revenues collected in a 12 month period specified by the Transportation Authority within the most recent 18 months immediately preceding the issuance of the senior lien sales tax debt to be less than one and three quarters times (1.75x) the maximum annual projected debt service for the aggregate outstanding Senior Lien bonds including the debt service for the new issuance, calculated in accordance with the Indenture. This test shall not apply to refunding debt. The Transportation Authority may by Supplemental Indenture issue or incur Parity Debt and Subordinate Obligations, subject to the limitations set forth in the Indenture, the Act, the Ordinance, and other applicable law.~~

~~E.D. DEBT SERVICE STRUCTURE.~~

~~Debt issuance shall be planned to achieve relatively rapid repayment of debt while still matching debt service to the useful life of facilities. The Transportation Authority will amortize its debt within each lien level to achieve overall level debt service (although principal may be deferred in the early years of a bond issue to maximize the availability of pay-as-you-go dollars during that time) or may utilize more accelerated repayment schedules after giving consideration to bonding capacity constraints. The Transportation Authority shall avoid the use of bullet or balloon maturities except in those instances where these maturities serve to level existing debt service.~~

E. CALL PROVISIONS.

In general, the Transportation Authority's securities will include a call feature, based on market conventions, which is typically at par no later than ten and one-half (10.5) years from the date of delivery of tax-exempt bonds. In ~~2018~~2017, tax law was amended such that tax-exempt bonds can ~~only~~ be refunded on a tax-exempt basis only if the refunding bonds are issued no more than 90 days before the call date ~~and cannot be advance refunded with tax-exempt bond proceeds~~. The Transportation Authority may determine that a shorter call or premium feature is appropriate based on market dynamics and/or the desire for increased future optionality.

F. ORIGINAL ISSUE DISCOUNT AND ORIGINAL ISSUE PREMIUM.

An original issue discount or original issue premium applicable to a particular maturity of any series of Transportation Authority bonds will be permitted only if the Transportation Authority determines that such discount or premium results in a lower true interest cost on such series of bonds and that the use of an original issue discount or original issue premium will not adversely affect the project identified by the bond documents.

G. DEEP DISCOUNT BONDS.

Deep discount bonds may provide a lower cost of borrowing in certain markets though they may also limit opportunities to refinance at lower rates in the future. The Transportation Authority will

1455 Market Street, 22ND Floor, San Francisco, California 94103 415-522-4800 info@sfcta.org www.sfcta.org

carefully consider their value and the effect on any future refinancings as a result of the lower-than-market coupon.

H. DERIVATIVE PRODUCTS.

The Transportation Authority will consider the use of derivative products only in instances where it has been demonstrated that the derivative product will either provide a hedge that reduces risk of fluctuations in expense or revenue, or alternatively, where the derivative product will reduce the total project cost. If interest rate swaps are considered, the Transportation Authority shall develop and maintain an Interest Rate Swap Policy governing the use and terms of these derivative products. For derivatives other than interest rate swaps, the Transportation Authority will undertake an analysis of early termination costs and other conditional terms given certain financing and marketing assumptions. Such analysis will document the risks and benefits associated with the use of a particular derivative product. Derivative products will only be utilized with prior approval from the Board.

I MULTIPLE SERIES.

In instances where multiple series of bonds are to be issued, the Transportation Authority shall make a final determination as to which allocations are of the highest priority. Projects chosen for priority financing, based on funding availability and proposed timing, will generally be subject to the earliest or most senior of the bond series.

X. CREDIT ENHANCEMENTS

The Transportation Authority will consider the use of credit enhancement on a case-by-case basis, evaluating the economic benefit versus cost for each case. Only when a clearly demonstrable savings or positive impact on overall debt capacity can be shown shall enhancement be considered. The Transportation Authority will consider each of the following enhancements as alternatives by evaluating the cost and benefit of such enhancement.

A. BOND INSURANCE.

The Transportation Authority shall have the authority to purchase bond insurance when such purchase is deemed prudent and advantageous. The predominant determination shall be based on such insurance being less costly than the present value of the difference in the interest expense on insured bonds versus uninsured bonds.

B. DEBT SERVICE RESERVES.

When required, a reserve fund equal to not more than the least of ten percent (10%) of the original principal amount of the bonds, maximum annual debt service or one-hundred-and-twenty-five (125%) percent of average annual debt service (Reserve Requirement) shall be funded from the proceeds of each series of bonds, subject to Federal tax regulations and in accordance with the requirements of credit enhancement providers, if any, rating agencies, and investors.

The Transportation Authority shall have the authority to purchase reserve equivalents (i.e., the use of a reserve fund surety) when such purchase is deemed prudent and advantageous. Such equivalents shall be evaluated in comparison to cash funding of reserves on a net present value basis.

C. LIQUIDITY FACILITIES AND LETTERS OF CREDIT.

The Transportation Authority shall have the authority to enter liquidity facility and letter-of-credit arrangements when such arrangements are deemed prudent and advantageous. The Transportation Authority may enter into such arrangements only with those financial institutions that have short-term ratings of not less than VMIG 1/P1, A-1, or F1, by Moody's Investor Service, Standard & Poor's Global Ratings, or Fitch Ratings, respectively, and have ratings from at least two of the three aforementioned ratings agencies.

X. REFINANCING OUTSTANDING DEBT

The Transportation Authority shall have the responsibility to analyze outstanding bond issues for refunding opportunities that may be presented by underwriting and/or financial advisory firms. The Transportation Authority will consider the following issues when analyzing possible refunding opportunities:

A. DEBT SERVICE SAVINGS.

The Transportation Authority has established a minimum present value savings threshold goal of three (3) percent of the principal amount of the refunded bond, unless there are other compelling reasons for undertaking the refunding. Additionally, the Transportation Authority has established a minimum present value savings threshold goal of five (5) percent of the principal amount of the refunded bond for refinancings involving derivative products such as the issuance of synthetic fixed rate refunding debt service, unless there are other compelling reasons for undertaking the refunding. For this purpose, the present value savings will be net of all costs related to the refinancing. The decision to take savings on an upfront or deferred basis must be explicitly approved by the Board.

B. RESTRUCTURING.

The Transportation Authority will refund debt when in its best interest to do so. Refunding purposes may include but are not limited to: restructuring to meet unanticipated revenue expectations, terminating swaps, achieving cost savings, mitigating irregular debt service payments, releasing reserve funds, removing unduly restrictive bond covenants, or any combination of purposes beneficial to the Transportation Authority.

C. TERM OF REFUNDING ISSUES.

Except for commercial paper and loans under a line of credit (including the current revolving credit facility), the Transportation Authority generally will refund bonds without extending the maturity beyond that of the originally issued debt. However, the Transportation Authority may consider maturity extension, when necessary to achieve a desired outcome, provided that such extension is legally permissible. The Transportation Authority may also consider shortening the term of the originally issued debt to realize greater savings. The remaining useful life of the financed facility and the concept of inter-generational equity should guide this decision.

D. ESCROW STRUCTURING.

The Transportation Authority shall utilize the least costly securities available in structuring refunding escrows. The Transportation Authority will examine the viability of an economic versus legal defeasance on a net present value basis. A certificate from a third-party agent, who is not a broker-dealer, is required stating that the securities were procured through an arms-length, competitive bid process (in the case of open market securities), that such securities were more cost effective than State and Local Government Securities (SLGS) (this is required only if SLGS are then

1455 Market Street, 22ND Floor, San Francisco, California 94103 415-522-4800 info@sfcta.org www.sfcta.org

available for purchase), and that the price paid for the securities was reasonable within Federal guidelines. Such certificate shall not be required in the case of SLGSs purchased directly from the U.S. Treasury. Under no circumstances shall an underwriter, agent or financial advisor sell escrow securities to the Transportation Authority from its own account.

E. ARBITRAGE.

The Transportation Authority shall take all necessary steps (permitted under Federal tax law when tax-exempt debt is involved) to optimize escrows and to avoid negative arbitrage in its refunding. Any resulting positive arbitrage will be rebated as necessary according to Federal guidelines.

F. COMMERCIAL PAPER PROGRAM, REVOLVING CREDIT FACILITY.

The requirements of this Section XI and of Section VIII.A.2 shall not apply to or restrict the issuance of commercial paper notes for the purpose of refunding maturing commercial paper notes, or of borrowing under a revolving credit facility for the purpose of repaying prior loans under the facility or under a prior facility, nor shall this Section XI or Section VIII.A.2 apply to long-term refinancing of commercial paper or of loans under a revolving credit facility, subject to limitations otherwise contained in this policy.

XI. METHODS OF SALE

The Transportation Authority will determine, on a case-by-case basis, whether to sell its bonds competitively or through negotiation, including a direct placement or similar transaction.

A. COMPETITIVE SALE

In a competitive bond sale, the Transportation Authority's bonds shall be awarded to the bidder providing the lowest true interest cost as long as the "winning" bid and the bidding process also adheres to the requirements set forth in the official notice of sale. Conditions under which a competitive sale would be preferred are as follows (not all conditions need be present/satisfied):

- a) Bond prices are stable and/or demand is strong
- b) Market timing and interest rate sensitivity are not critical to the pricing
- c) Participation from DBE firms is "best effort" and not required for winning bid;
- d) There are no complex explanations required during marketing regarding the Transportation Authority's projects, media coverage, political structure, political support, funding, or credit quality;
- e) The bond type and structure are conventional;
- f) Bond insurance is included or pre-qualified (available);
- g) The transaction size is manageable;
- h) The Transportation Authority has strong credit rating(s); and
- i) The Transportation Authority is well known to investors.

B. NEGOTIATED SALE.

The Transportation Authority recognizes that some securities are best sold through negotiation. Conditions under which a negotiated sale would be preferred are as follows (not all conditions need be present/satisfied):

- a) Bond prices are volatile;
- b) Demand is weak, or supply of competing bonds is high;
- c) Market timing is important, such as for refunding's;
- d) The Transportation Authority has lower or weakening credit rating(s);
- e) The Transportation Authority is not well known to investors;
- f) Sale and marketing of the bonds will require complex explanations about the Transportation Authority projects, media coverage, political structure, political support, funding, or credit quality;
- g) The bond type and/or structural features are non-standard, such as for a forward delivery bond sale or the issuance of variable rate bonds, or where there is the use of derivative products;
- h) Bond insurance is not available or not offered;
- i) Early structuring and market participation by underwriters are desired;
- j) The par amount for the transaction is significantly larger than normal;
- k) Demand for the bonds by retail investors is expected to be high; and
- l) Participation from DBE firms is required

C. PRIVATE PLACEMENT.

From time to time, the Transportation Authority may elect to privately place its debt or borrow directly from a bank or other financial institution. Such placement or borrowing shall only be considered if this method is likely to result in a cost savings to the Transportation Authority relative to other methods of debt issuance on a net present value basis, using the Transportation Authority's investment rate as the appropriate measure of the discount rate. For the existing \$125 million revolving credit facility or any replacement facility that is bank purchased, such requirements do not apply.

D. ISSUANCE METHOD ANALYSIS.

The Transportation Authority shall evaluate each method of issuance based on the factors set forth above.

XII. MARKET RELATIONSHIPS

A. RATING AGENCIES.

The Executive Director shall be responsible for maintaining the Transportation Authority's relationships with Moody's Investors Service, Standard & Poor's, nationally recognized rating agencies. The Transportation Authority's debt is rated by S&P Global Ratings and Fitch Ratings. ~~The Depending on the particulars of a transaction, the Transportation Authority may, from time-to-time, choose to deal with only one or two of these agencies as circumstances dictate. In addition to general communication, the Executive Director shall: (1) meet with credit analysts prior to each sale (competitive or negotiated) to the extent it is advantageous to do so, and (2) prior to each competitive or negotiated sale, offer conference calls or meetings with agency analysts in connection with the planned sale. choose to seek ratings from one or more rating agencies with a preference toward maintaining its relationship with its existing rating providers.~~

B. INVESTOR OUTREACH.

The Transportation Authority shall participate in informational meetings or conference calls with institutional investors in advance of bond or note sales to the extent such meetings are advantageous to the sale of such bonds or notes. Ad-hoc information requests and inquiries from investors that hold the Transportation Authority's bonds should be met to the extent the requested information is publicly available. The provision of any information to investors shall be discussed with the Deputy Director Finance and Administration prior to the release of any information.

C. TRANSPORTATION AUTHORITY COMMUNICATION.

The Executive Director shall include in the annual report to the Board feedback from rating agencies and/or investors regarding the Transportation Authority's financial strengths and weaknesses and recommendations for addressing any weaknesses.

D. DISCLOSURE.

The Transportation Authority shall comply with the terms of its continuing disclosure undertakings (CDUs). Material noncompliance with any CDU must be reported to the Municipal Securities Rulemaking Board's (MSRB's) Electronic Municipal Market Access system ("EMMA") and disclosed in bond offering documents, which could reflect negatively on the Transportation Authority. The Executive Director will take all reasonable steps to ensure that the Transportation Authority files timely annual reports and "listed event" notices with EMMA, and that all such filings are (i) complete and accurate under the law and (ii) clear, concise, and readable for the investing community. The Transportation Authority's existing CDUs contain 15 listed events, including the requirement that the Transportation Authority give, or cause to be given, in a timely manner, notice of a failure to provide the annual financial information on or before the date specified in its CDUs. Amendments to Rule 15c-12 effective (i.e., applicable to CDUs entered into by the Transportation Authority after) February 27, 2019, added two more "listed events" relating to a debt issuer's "material financial obligations" and to changes to primary documents relating to such obligations that could impact bond holders. The Transportation Authority may consider establishing guidelines for making the determination as to whether a financial obligation is material or whether a change to a document relating to a material financial obligation is, in itself, material. The Transportation Authority may also, from time to time, evaluate using the services of a dissemination agent, such as the Transportation Authority's Financial Adviser or Digital Assurance Certification, LLC, to assist with CDU compliance.

From time to time, the Transportation Authority prepares disclosure documents. Disclosure documents include offering documents for Transportation Authority bonds (e.g., preliminary and final Official Statements), (b) annual continuing disclosure reports filed with EMMA, (c) event notices and any other filings with EMMA, (d) the Transportation Authority's audited financial statements and (e) any other documents that are reasonably likely to reach investors or the securities markets, including but not limited to press releases, web site postings, and other communications required to be certified as representations of the City's financial condition to investors or the securities markets.

To help ensure that the Transportation Authority's disclosure documents comply with all applicable federal securities laws and promote best practices regarding the preparation and review of the disclosure documents, the Transportation Authority promotes communication among its departments so that disclosure documents/filings are being reviewed by the staff persons who have the knowledge and ability to assess the accuracy and completeness of the document. The Executive Director or the Deputy Director for Finance and Administration may

1455 Market Street, 22ND Floor, San Francisco, California 94103 415-522-4800 info@sfcta.org www.sfcta.org

develop additional disclosure procedures including record retention policies. The Transportation Authority may engage with an external disclosure counsel to provide additional guidance and training.

E. REBATE REPORTING.

The use of bond proceeds and their investments must be monitored to ensure compliance with arbitrage restrictions. Existing regulations require that issuers calculate annual rebates related to any bond issues, with rebate paid every five years and as otherwise required by applicable provisions of the Internal Revenue Code and regulations. Therefore, the Executive Director shall take all reasonable steps to ensure that proceeds and investments are tracked in a manner that facilitates accurate, complete calculation, and timely rebates, if necessary.

F. OTHER JURISDICTIONS.

From time to time, the Transportation Authority may issue bonds on behalf of other public entities. While the Transportation Authority will make every effort to facilitate the desires of these entities, the Executive Director will take all reasonable steps to ensure that only the highest quality financings are done and that the Transportation Authority is insulated from all risks. The Transportation Authority shall require that all conduit financings achieve a rating at least equal to the Transportation Authority's ratings (including, where necessary, through the use of credit enhancement).

G. FEES.

The Transportation Authority will charge recipients of debt issuance proceeds an administrative fee equal to the recipient's pro rata share of administrative costs incurred by the Transportation Authority in issuing debt.

XIII. CONSULTANTS

The Transportation Authority shall select its primary consultant(s) by competitive qualifications-based process through Request for Proposals.

A. SELECTION OF FINANCING TEAM MEMBERS.

The Executive Director will make recommendations for all financing team members, with the Board providing final approval.

B. FINANCIAL ADVISOR.

The Transportation Authority shall utilize a financial advisor to assist in its debt issuance and debt administration processes as prudent. Selection of the Transportation Authority's financial advisor(s) shall be based on, but not limited to, the following criteria:

- a) Experience in providing consulting services to complex issuers
- b) Knowledge and experience in structuring and analyzing complex issues
- c) Experience and reputation of assigned personnel
- d) Fees and expenses

Financial advisory services provided to the Transportation Authority shall include, but shall not be limited to:

1455 Market Street, 22ND Floor, San Francisco, California 94103 415-522-4800 info@sfcta.org www.sfcta.org

- e) Evaluation of risks and opportunities associated with debt issuance;
- f) Monitoring marketing opportunities;
- g) Evaluation of proposals submitted to the Transportation Authority by investment banking firms;
- h) Structuring and pricing;
- i) Preparation of request for proposals for other financial services such as trustee and paying agent services, printing, credit facilities, remarketing agent services, etc.;
- j) Advice, assistance, and preparation for presentations with rating agencies and investors; and
- k) Assisting in preparation of official statements.

The Transportation Authority also expects that its financial advisor will provide the Transportation Authority with objective advice and analysis, maintain the confidentiality of Transportation Authority financial plans, and be free from any conflicts of interest.

C. BOND COUNSEL.

Transportation Authority debt will include a written opinion by legal counsel affirming that the debt is a valid and binding obligation, and stating the proposed debt's federal income tax status. The approving opinion and other documents relating to the issuance of debt will be prepared by nationally recognized counsel with extensive experience in public finance and tax issues. Counsel will be selected by the Transportation Authority through its request for proposal process.

The services of bond counsel may include, but are not limited to:

- a) Rendering a legal opinion with respect to authorization and valid issuance of debt obligations including whether the interest paid on the debt is tax exempt under federal and State of California law;
- b) Preparing all necessary legal documents in connection with authorization, sale, issuance and delivery of bonds and other obligations;
- c) Assisting in the preparation of the preliminary and final official statements and or commercial paper memorandum;
- d) Participating in discussions with potential investors, insurers, and credit rating agencies, if requested; and
- e) Providing continuing advice, as requested, on the proper use and administration of bond proceeds under applicable laws and the indenture, particularly arbitrage tracking and rebate requirements.

D. DISCLOSURE COUNSEL

For Transportation Authority debt issued and sold through the use of an official statement or offering memorandum, the Transportation Authority may retain disclosure counsel with experience in public finance and securities law issues. Disclosure counsel will be selected by the Transportation Authority through its Request for Proposal (RFP) process.

The services of disclosure counsel may include, but are not limited to:

- a) Assisting the internal due diligence process;
- b) Preparation and/or review of disclosure documents necessary for the sale and delivery of securities, including preliminary and final official statements (or offering memoranda) and continuing disclosure agreements;
- c) Delivery of a negative assurance letter regarding the disclosure document; and
- d) The Transportation Authority may also retain disclosure counsel with experience in public finance and securities law issues to provide advice and support between issuances of debt sold through the use of an official statement or offering memorandum, as determined by the Executive Director.

XIV. UNDERWRITER SELECTION

A. SENIOR MANAGER SELECTION.

The Transportation Authority may select a senior manager for a proposed negotiated sale. The criteria shall include but not be limited to:

- a) The firm's ability and experience in managing complex transactions;
- b) Demonstrated ability to structure debt issues efficiently and effectively;
- c) Prior knowledge and experience with the Transportation Authority;
- d) The firm's willingness to risk capital and demonstration of such risk;
- e) The firm's ability to sell bonds;
- f) Quality and experience of personnel assigned to the Transportation Authority's engagement and
- g) Financing plan presented.

B. CO-MANAGER SELECTION.

Co-managers, if any, will be selected on the same basis as the senior manager. In addition to their qualifications, co-managers appointed to specific transactions will be a function of transaction size and the necessity to ensure maximum distribution of the Transportation Authority's bonds.

C. SELLING GROUPS.

The Transportation Authority may establish selling groups in certain transactions. To the extent that selling groups are used, the Transportation Authority may make appointments to selling groups from within the pool of underwriters or from outside the pool, as the transaction dictates.

D. UNDERWRITER'S COUNSEL.

In any negotiated sale of Transportation Authority debt, in which legal counsel is required to represent the underwriter, the lead underwriter will make the appointment, subject to Transportation Authority consent.

E. UNDERWRITER'S DISCOUNT.

- a) The Transportation Authority will evaluate the proposed underwriter's discount against comparable issues in the market. If there are multiple underwriters in the transaction, the Transportation Authority will determine the allocation of fees with respect to the management

1455 Market Street, 22ND Floor, San Francisco, California 94103 415-522-4800 info@sfcta.org www.sfcta.org

fee. The determination will be based upon participation in the structuring phase of the transaction.

- b) All fees and allocation of the management fee will be determined prior to the sale date; a cap on management fees, expenses, and fees and expenses of underwriter's counsel will be established and communicated to all parties by the Transportation Authority. The senior manager shall submit an itemized list of expenses charged to members of the underwriting group. Any additional expenses must be substantiated.

F. EVALUATION OF FINANCING TEAM PERFORMANCE.

The Transportation Authority will evaluate each bond sale after its completion to assess the following: costs of issuance, including underwriters' compensation, pricing of the bonds in terms of the overall interest cost and on a maturity-by-maturity basis, and the distribution of bonds and sales credits.

Following each sale, the Transportation Authority shall provide a post-sale evaluation on the results of the sale to the Board.

G. SYNDICATE POLICIES.

For each negotiated transaction, the senior manager will prepare syndicate policies for approval by the Executive Director that will describe the designation policies governing the upcoming sale. The Executive Director shall ensure that the senior manager receives each member's acknowledgement of the syndicate policies for the upcoming sale prior to the sale date.

H. DESIGNATION POLICIES.

To encourage the pre-marketing efforts of each member of the underwriting team, orders for the Transportation Authority's bonds will be net designated, unless otherwise expressly stated. The Transportation Authority shall require the senior manager to:

- a) Equitably allocate bonds to other managers and the selling group;
- b) Comply with MSRB regulations governing the priority of orders and allocations; and
- c) Within 10 working days after the sale date, submit to the Executive Director a detail of orders, allocations and other relevant information pertaining to the Transportation Authority's sale.

I. DISCLOSURE BY FINANCING TEAM MEMBERS.

All financing team members will be required to provide full and complete disclosure, relative to agreements with other financing team members and outside parties. The extent of disclosure may vary depending on the nature of the transaction. However, under no circumstances will agreements be permitted which could compromise the firm's ability to provide independent advice which is solely in the Transportation Authority's best interests, or which could reasonably be perceived as a conflict of interest.

GLOSSARY

Arbitrage. The difference between the interest paid on an issue of tax-exempt debt and the interest earned by investing the debt proceeds in higher-yielding taxable securities. IRS regulations govern arbitrage earned pursuant to the investment of the proceeds of tax-exempt municipal securities.

Balloon Maturity. A maturity within an issue of bonds that contains a disproportionately large percentage of the principal amount of the original issue.

Bullet Maturity. The maturity of an issue of bonds for which there are no principal payments prior to the final stated maturity date.

Call Provisions. The terms of the bond contract giving the issuer the right to redeem all or a portion of an outstanding issue of bonds prior to their stated dates of maturity at a specific price, usually at or above par.

Capitalized Interest. A portion of the proceeds of an issue that is set aside to pay interest on the securities for a specific period of time. Interest is sometimes capitalized for the construction period of the project.

Commercial Paper. Very short-term, unsecured promissory notes issued in either registered or bearer form, and usually backed by a line of credit with a bank that, upon the maturity thereof, successively rolls into other short term promissory notes until the principal thereof is paid by the Transportation Authority.

Competitive Sale. A sale of securities by an issuer in which underwriters or syndicates of underwriters submit sealed bids to purchase the securities in contrast to a negotiated sale.

Continuing Disclosure. The ongoing disclosure provided by an issuer to comply with a continuing disclosure undertaking. Generally, includes annual updates of operating and financial information, audited financial statements, and notice of events specifically identified in the undertaking.

Credit Enhancement. Credit support purchased by the issuer to raise the credit rating of the issue. The most common credit enhancements consist of bond insurance, direct or standby letters of credit, and lines of credit.

DBE. Disadvantaged Business Enterprises as defined by the Transportation Authority's current DBE policy.

Debt Service Reserve Fund. The fund in which moneys are placed which may be used to pay debt service if pledged revenues are insufficient to satisfy the debt service requirements.

Deep Discount Bonds. Bonds that are priced for sale at a substantial discount from their face or par value.

Derivatives. (1) Financial instruments whose return profile is linked to, or derived from, the movement of one or more underlying index or security, and may include a leveraging factor, or (2) financial

1455 Market Street, 22ND Floor, San Francisco, California 94103 415-522-4800 info@sfcta.org www.sfcta.org

contracts based upon notional amounts whose value is derived from an underlying index or asset (interest rates, foreign exchange rates, equities, or commodities).

Designation Policies. Outline as to how an investor's order is filled when a maturity in an underwriting syndicate is oversubscribed. The senior managing underwriter and issuer decide how the bonds will be allocated among the syndicate. There are three primary classifications of orders, which form the designation policy. The highest priority is given to Group Net orders; the next priority is given to Net Designated orders and Member orders are given the lowest priority.

Escrow. A fund established to hold moneys pledged and to be used to pay debt service on one or more existing obligations.

Expenses. Compensates senior managers for out-of-pocket expenses including: underwriters counsel, DTC charges, travel, syndicate expenses, dealer fees, overtime expenses, communication expenses, computer time and postage.

Grant Anticipation Notes (GANs). Short-term notes issued by the government unit, usually for capital projects, which are paid from the proceeds of State or Federal grants of any type.

Grant Anticipation Revenue Vehicle Financing (GARVEE). Bonds issued by the State-state and enable entities to fund transportation projects that are secured by certain federal grants.

Letters of Credit. A bank credit facility supporting the payment of bonds wherein the bank agrees to lend a specified amount of funds for a limited term.

Management Fee. The fixed percentage of the gross spread which is paid to the managing underwriter for the structuring phase of a transaction.

Members. Underwriters in a syndicate other than the senior underwriter.

Negotiated Sale. A method of sale in which the issuer chooses one underwriter to negotiate terms pursuant to which such underwriter will purchase and market the bonds.

Original Issue Discount. The amount by which the original par amount of an issue exceeds its initial sale price at the time a substantial amount of such issue is sold to the public).

Original Issue Premium. The amount by the initial sale price of an issue exceeds its original its original par amount at the time a substantial amount of such issue is sold to the public.

Pay-As-You-Go. An issuer elects to finance a project with existing cash flow as opposed to issuing debt obligations.

Present Value. The current value of a future cash flow.

Private Placement. The original placement of an issue with one or a limited number of investors as opposed to being publicly offered or sold.

1455 Market Street, 22ND Floor, San Francisco, California 94103 415-522-4800 info@sfcta.org www.sfcta.org

Rebate. A requirement imposed by the Tax Reform Act of 1986 whereby the issuer of the bonds must pay the IRS an amount equal to the difference between the amount earned from investment of bond proceeds at a yield above the bond yield and the amount that would have been earned at a yield equal to the bond yield, calculated pursuant to federal tax law together with all income earned on the accumulated earnings pending payment, subject to certain exceptions.

Sales Tax and Revenue Anticipation Notes (TRANS). Short-term notes issued by a government unit, usually for operating purposes, which are paid from the proceeds of sales tax or other anticipated revenue sources.

Selling Groups. The group of securities dealers who participate in an offering not as underwriters but rather as those who receive securities less the selling concession from the managing underwriter for distribution at the public offering price.

Syndicate Policies. The contractual obligations placed on the underwriting group relating to distribution, price limitations and market transactions.

Transportation Infrastructure Finance Innovation Act (TIFIA). Loans and loan guaranty program provided by the United States Department of Transportation for transportation projects of regional importance.

Underwriter. A dealer that purchases new issues of municipal securities from the Issuer and resells them to investors.

Underwriter's Discount. The difference between the price at which the Underwriter buys bonds from the Issuer and the price at which they are reoffered to investors.

Variable Rate Debt. An interest rate on a security, which changes at intervals according to an index or a formula or other standard of measurement as, as stated in the bond contract.

FISCAL POLICY

I. INTRODUCTION

The Fiscal Policy is designed to guide decisions pertaining to internal fiscal management, including day-to-day operations, annual budget development and sales tax revenue allocation requirements of the San Francisco County Transportation Authority (Transportation Authority). It is intended to be consistent with the Transportation Authority's adopted Administrative Code, the current Proposition ~~L-K~~ Sales Tax Expenditure Plan (Expenditure Plan), federal and state regulations, and general prudent accounting and financial management practices.

II. SCOPE AND AUTHORITY

The Fiscal Policy applies only to the operations of the Transportation Authority and is not applicable to the operations of any project sponsoring agencies of the Transportation Authority, unless specifically provided. The Fiscal Policy is separate from, but should be applied in conjunction with, the Transportation Authority's Strategic Plan, adopted Debt Policy, and adopted Investment Policy. Overall policy direction shall be the responsibility of the Transportation Authority Board of Commissioners (Board). Responsibility for implementation of the Policy, and day-to-day responsibility and authority for structuring, implementing, and managing the Transportation Authority's policies, goals, and objectives, shall lie with the Transportation Authority Executive Director (Executive Director). This Policy will be reviewed and updated as required or deemed advisable at least once every three years. Any changes to the policy are subject to approval by the Board at a public meeting.

III. ANNUAL BUDGET PROCESS

The Board shall adopt an Annual Budget by the beginning of each fiscal year. The purpose of the Annual Budget is to provide management guidance and control over disbursement of the Transportation Authority's revenues in accordance with the goals and objectives as determined by the Board and as set forth in other policies including, but not limited to, the Transportation Authority's investment, debt, ~~procurement~~ procurement, and disadvantaged business enterprise policies. The Transportation Authority's fiscal year extends from July 1 of each calendar year through June 30 of the following calendar year. The sections below further define the process involved in the development of the final budget.

A. Preparation and Review of a Draft Budget

The Executive Director is charged with responsibility for the preparation of a draft budget for each fiscal year. The draft budget will consist of line items for Revenues, including investment income, Administrative Operating Expenses, Debt Service Expenses as applicable, Program and Operating Reserve, and a single line item for each of the Transportation Authority's capital expenditure programming roles as Proposition ~~L-K~~ Sales Tax (Prop ~~L-K~~) Administrator; San Francisco Congestion Management Agency (CMA); San Francisco Program Manager for the Transportation Fund for Clear Air (TFCA); Proposition AA Vehicle Registration Fee (Prop AA) Administrator; and Traffic Congestion Mitigation Tax (TNC Tax) Administrator.

Supplemental budget documentation shall provide a detailed listing of the capital programs and projects that support the Capital Expenditures line items. The draft budget may also include other functional categories as deemed appropriate.

B. Public Review of Draft Budget

The draft budget shall be presented at a public hearing at a publicly noticed Transportation Authority Board or Committee meeting prior to being approved by the Board. Notice of the time and place of the public meeting shall be published pursuant to Sections 6060 and 6061 of the California Government Code no later than the 15th day prior to the day of the hearing, and the draft budget shall be available for public inspection at least 15 days prior to the hearing.

C. Adoption of a Final Budget

As established by the Administrative Code, the Transportation Authority Board shall be responsible for review of the proposed overall operating and capital budget of the Transportation Authority. The Board shall set the budget parameters (spending limits) by budget line item as detailed in Section III.A. Preparation and Review of a Draft Budget, and shall recommend adoption of a draft budget to the Board.

The final budget for a given fiscal year shall be approved and adopted by resolution of the Board by June 30 of the prior fiscal year. If the Transportation Authority is unable to adopt a final budget by June 30, it must adopt a resolution to continue services and payment of expenses, including debt service. The continuing resolution shall include a date certain by which the annual budget will be adopted.

D. Amendments to the Adopted Budget

Except as otherwise provided in this section, the adopted final budget is not subject to further review or reopener after the Board resolution has passed. The adopted final budget may be amended during the fiscal year to reflect actual revenues and expenses incurred to the date of amendment during the fiscal year. Amendments to the budget will be presented at a publicly noticed Transportation Authority Board or Committee meeting prior to being approved by the Board. The Executive Director shall be responsible for proposing amendments to the adopted final budget; the Board shall be responsible for review of the proposed amended adopted final budget, which shall be adopted by Board resolution.

IV. BUDGET REQUIREMENTS

A. Administrative Operating Expenses

Administrative operating expenses include all expenses related to the operations and maintenance of the Transportation Authority, including, among others, staff salaries, staff benefits, office lease costs, equipment rental, supplies, and travel. Specific requirements with respect to certain budgeted expenses are set forth below.

1. Salaries and Benefits

The Board shall budget annually for the compensation (salaries and benefits) of the Transportation Authority's staff. Pursuant to the Transportation Authority's enabling legislation (Sections ~~131100~~ 131000 et seq. of the California Public Utilities Code), the Transportation Authority will observe the statutory limit of one percent (1%) of the annual net amount of Prop ~~L-K~~ revenues for the salaries

and benefits of Prop ~~LK~~ program administrative personnel, and will follow applicable statutes for all other staff expenses.

2. Emergency Expenditures

The Executive Director is authorized to exceed the overall administrative operating expense line items by up to seventy-five thousand dollars (~~\$75,000~~\$100,000), for the actual cost of emergency expenditures that are made to protect the health, safety, and welfare of the agency or the public, or to repair/restore damaged/destroyed property for the Transportation Authority. The Executive Director shall submit a report to the Board within thirty (30) days of the emergency explaining the necessity of the action, a listing of expenditures, and future recommended actions.

3. Petty Cash

A petty cash revolving account in the amount of one thousand dollars (\$1,000) may be established and maintained by the Executive Director for the purposes of paying miscellaneous expenses of the Transportation Authority. Individual expenditures may not exceed two hundred and fifty dollars (\$250). Such miscellaneous expenses include outside photocopying expenses, office supplies, meeting and travel expenses, and other practical expenses as determined by the Executive Director to be necessary or convenient for proper administration. The Executive Director is authorized from time to time to seek reimbursement of this account to the maximum balance by allocation from the operating budget.

B. Debt Service

Proposed debt service includes debt service of outstanding debt as well as of anticipated financings within the fiscal year. Decisions to fund capital expenditures through debt issuance must adhere to the policies outlined in the Transportation Authority's most current adopted Strategic Plan and Debt Policy.

C. Capital Expenditures

Capital Expenditures shall be listed as a single line item for each of the Transportation Authority's capital expenditure programming roles, which currently are Prop ~~LK~~ Administrator, Proposition AA Administrator, TNC Tax Administrator, and CMA and TFCA local administrator. Supplemental budget documentation shall provide a detailed listing of the capital programs and projects that support the Capital Expenditures line items.

D. Program and Operating Reserve

The Transportation Authority shall allocate not less than five percent (5%) and up to fifteen percent (15%) of the estimated net annual sales tax revenue as a hedge against an emergency occurring during the budgeted fiscal year. The adopted final budget, as it may be amended as provided in this Policy, will demonstrate the percentage and amount set aside in the reserve as a separate budget line item.

E. Other Functional Categories

The Executive Director may designate other functional categories as deemed appropriate or necessary.

V. CAPITAL EXPENDITURE ALLOCATIONS

As provided by the Administrative Code, the Board shall be responsible for recommending allocation of funding for those capital expenditure programs and projects in the adopted final budget. The Board shall also

be responsible for allocating project funds by resolution. The Transportation Authority will adopt, ~~maintain~~maintain, and periodically update a multi-year strategic plan that derives from the provisions of the Expenditure Plan and outlines the categories, ~~funding~~funding, and delivery priority of projects to be funded. The Strategic Plan shall encompass the period remaining on the Expenditure Plan and shall be updated periodically as necessary. The Strategic Plan and its governing policies shall be used in combination with the Fiscal and Debt Policies to ensure the proper allocation of funds for and timely financing of eligible programs and projects. No allocations shall be approved that are inconsistent with the adopted Strategic Plan in force at the time of the allocation.

Changes in the capital expenditure supplemental budget documentation do not constitute a budget revision unless such changes exceed authorization for the respective budget line item. Any changes that exceed the amount of the budget line item will require an amendment to the approved final budget to be adopted by the Board. The total allocated capital funding for each Transportation Authority role should be no greater than the respective Capital Expenditures budget line item for the fiscal year.

For allocations with multi-year cash distributions, the resolution shall spell out the maximum reimbursement level per fiscal year, and only the reimbursement amount authorized in the year of allocation shall count against the Capital Expenditures line item for that budget year. The Capital Expenditures line item for subsequent year annual budgets shall reflect the maximum reimbursement schedule amounts committed through the original and any subsequent allocation actions. The Transportation Authority will not guarantee reimbursement levels higher than those adopted in the original and any subsequent allocation actions.

VI. DEBT ISSUANCE

As defined by the Administrative Code and the Debt Policy, the Board shall be responsible for oversight of the debt issuance program for the Transportation Authority. Please refer to the current version of the Debt Policy maintained by the Transportation Authority, for guidelines regarding the issuance and management of debt for financing eligible programs and projects.

VII. INVESTMENTS

As defined by the Administrative Code and the Investment Policy, the Board shall be responsible for oversight of the investment program for Transportation Authority funds. Please refer to the current version of the Investment Policy maintained by the Transportation Authority, for the investment program guidelines regarding all funds and investment-related activities of the Transportation Authority.

VIII. REPORTING REQUIREMENTS

The Executive Director shall report to the Board at least on a quarterly basis on the Transportation Authority's actual expenditures, budgetary performance, authorized variances that have been implemented pursuant to this Fiscal Policy, the Transportation Authority debt ~~program~~program, and the Transportation Authority investment program. The Board shall cause the Transportation Authority's financial transactions and records to be audited by an independent, certified public accountant firm at least annually and a report to be submitted to the Board on the results of the audit.

IX. PROCUREMENT OF GOODS AND SERVICES

As defined by the Procurement Policy, the Board shall be responsible for oversight of the procurement program for the Transportation Authority. Please refer to the current version of the Procurement Policy maintained by the Transportation Authority, for guidelines regarding the procurement of materials and supplies, professional and technical services, and lease and rental agreements.

Investment Policy

Resolution 23-46

I. INTRODUCTION

The purpose of this document is to set out policies and procedures that enhance opportunities for a prudent and systematic investment policy and to organize and formalize investment-related procedures.

The investment policies and procedures of the San Francisco County Transportation Authority (Transportation Authority) are, in every case, subject to and limited by applicable provisions of federal and state laws and executive orders and to prudent money management principles. All funds will be invested in accordance with the Transportation Authority's Investment Policy, and applicable provisions of Chapter 4 of Part 1 of Division 2 of Title 5 of the California Government Code (Section 53600 et seq.). The investment of bond proceeds (including proceeds of notes issued pursuant to bond documents) will be further restricted by the provisions of relevant bond documents.

II. SCOPE

This policy covers all funds and investment activities under the jurisdiction of the Transportation Authority.

Bond proceeds (including proceeds of notes issued pursuant to bond documents) shall be invested in the securities permitted pursuant to the relevant bond documents, including any tax certificate. If the bond documents are silent as to the permitted investments, bond proceeds will be invested in the securities permitted by this policy. In addition to the securities listed in Section XI below, bond proceeds may also be invested in investment and forward delivery agreements. Notwithstanding the other provisions of this Investment Policy, the percentage or dollar portfolio limitations listed elsewhere in this Investment Policy do not apply to bond proceeds.

III. PRUDENT INVESTOR STANDARD

In managing its investment program, the Transportation Authority will observe the "Prudent Investor" standard as stated in Government Code Section 53600.3, applied in the context of managing an overall portfolio. Investments will be made with care, skill, prudence, and diligence, taking into account the prevailing circumstances, including, but not limited to, the general economic conditions, the anticipated needs of the Transportation Authority, and other relevant factors that a prudent person acting in a fiduciary capacity and familiar with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the Transportation Authority.

IV. OBJECTIVES

The primary objectives, in order of priority, for the Transportation Authority's investment activities are:

1. **Safety.** Safety of the principal is the foremost objective of the investment program. Investments of the Transportation Authority will be undertaken in a manner that seeks to ensure preservation of the principal of the funds under its control.
2. **Liquidity.** The Transportation Authority's investment portfolio will remain sufficiently liquid to enable the Transportation Authority to meet its reasonably anticipated cash flow requirements.
3. **Return on Investment.** The Transportation Authority's investment portfolio will be managed with the objective of attaining a market rate of return throughout budgetary and economic cycles commensurate with the Transportation Authority's investment risk parameters and the cash flow characteristics of the portfolio.

V. INVESTMENTS SUBJECT TO FEDERAL AND STATE LAWS AND EXECUTIVE ORDERS

Investments of the Transportation Authority shall be subject to all applicable federal and state laws and executive orders of the President of the United States and Governor of the State of California.

VI. DELEGATION OF AUTHORITY

Management's responsibility for the investment program is derived from the Transportation Authority Board of Commissioners (Board) and is hereby delegated to the Executive Director acting as Transportation Authority Treasurer. Pursuant to the requirements of the California Government Code, the Board may renew the delegation pursuant to this section each year. No person may engage in an investment transaction except as provided under the limits of this policy. The Transportation Authority may retain the services of an investment advisor to advise it with respect to investment decision-making and to execute investment transactions for the Transportation Authority. The advisor will follow the policy and such other written instructions as are provided by the Executive Director.

VII. SOCIAL RESPONSIBILITY

Investment of funds should be guided by the following socially responsible investment goals when investing in corporate securities and depository institutions. Investments shall be made in compliance with the forgoing socially responsible investment goals to the extent that such investments achieve substantially equivalent safety, liquidity and yield compared to investments permitted by state law.

1. Investments are encouraged in entities that support community well-being through safe and environmentally sound practices and fair labor practices. Investments are encouraged in entities that support equality of rights regardless of sex, race, age, disability, or sexual orientation. Investments are discouraged in entities that manufacture tobacco products, firearms, or nuclear weapons. In addition, investments are encouraged in entities that offer banking products to serve all members of the local community, and investments are discouraged in entities that finance high-cost check-cashing, deferred deposit (payday lending) businesses and organizations involved in financing, either directly or indirectly, the Dakota Access Pipeline or, as determined by the Transportation Authority, similar pipeline projects. Prior to making investments, the Transportation Authority will verify an entity's support of the socially responsible goals listed above through direct contact or through the use of a third party such as the Investors Responsibility Research Center, or a similar ratings service. The entity will be evaluated at the time of purchase of the securities.
2. Investments are encouraged in entities that promote community economic development. Investments are encouraged in entities that have a demonstrated involvement in the development or rehabilitation of low income affordable housing and have a demonstrated commitment to reducing predatory mortgage lending and increasing the responsible servicing of mortgage loans. Securities investments are encouraged in financial institutions that have a Community Reinvestment Act (CRA) rating of either Satisfactory or Outstanding, as well as financial institutions that are designated as a Community Development Financial Institution (CDFI) by the United States Treasury Department, or otherwise demonstrate commitment to community economic development.

All depository institutions are to be advised of applicable Transportation Authority contracting ordinances, and shall certify their compliance therewith, if required.

VIII. ETHICS AND CONFLICT OF INTEREST

Officers, employees, and agents of the Transportation Authority involved in the investment process will not engage in any personal business activities that could conflict with proper and lawful execution of the investment program, or which could impair their ability to make impartial decisions.

IX. INTERNAL CONTROLS

The Transportation Authority's internal controls ensure compliance with the Investment Policy and with the applicable requirements of the California Government Code. The Deputy Director for Finance and Administration is responsible for developing and managing internal control procedures. The monitoring of ongoing compliance shall be reviewed quarterly.

X. AUTHORIZED FINANCIAL INSTITUTIONS AND DEALERS

The Executive Director will establish and maintain a list of financial institutions and other financial services providers authorized to provide investment services. In addition, the

Transportation Authority will establish and maintain a list of approved security brokers/dealers, selected on the basis of credit worthiness, which are authorized to provide investment services in the State of California. These include primary dealers or regional dealers that meet the net capital and other requirements under Securities and Exchange Commission Rule 15c3-1. No public deposit will be made except in a qualified public depository as established by state law.

XI. PERMITTED INVESTMENT INSTRUMENTS

California Government Code Section 53601 governs and limits the investments permitted for purchase by the Transportation Authority. Within those investment limitations, the Transportation Authority seeks to further restrict eligible investment to the investments listed below. The portfolio will be diversified by security type and institution, to avoid incurring unreasonable and avoidable concentration risks regarding specific security types or individual financial institutions.

Percentage limitations, where indicated, apply at the time of purchase. Rating requirements where indicated, apply at the time of purchase. In the event a security held by the Transportation Authority is subject to a rating change that brings it below the minimum specified rating requirement, the Executive Director will notify the Board of the change. The course of action to be followed will then be decided on a case-by-case basis, considering such factors as the reason for the rating reduction, prognosis for recovery or further rating reductions and the current market price of the security.

1. United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest. There is no limitation as to the percentage of the portfolio that may be invested in this category.
2. Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises. There is no limitation as to the percentage of the portfolio that may be invested in this category.
3. Repurchase Agreements not to exceed one year duration. There is no limitation as to the percentage of the portfolio that may be invested in this category. The Repurchase Agreements must be secured by U.S. Treasury securities or Federal Agency securities. All securities underlying repurchase agreements must be delivered to the Transportation Authority's custodian bank versus payment or be handled under a properly executed tri-party repurchase agreement. The market value of securities that underlie a repurchase agreement must be valued at 102 percent or greater of the funds borrowed against those securities and the value will be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments

in repurchase agreements will be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

4. Obligations of the State of California or any local agency within the state, including bonds payable solely out of revenues from a revenue-producing property owned, controlled, or operated by the state or any local agency; provided that the obligations are rated in one of the two highest categories by a nationally recognized statistical-rating organization (NRSRO). There is no limitation as to the percentage of the portfolio that may be invested in this category.
5. Registered treasury notes or bonds of any of the other 49 states of the United States in addition to California, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, board, agency, or authority of any of the other 49 states of the United States, in addition to California, provided that the obligations are rated in one of the two highest categories by a NRSRO. There is no limitation as to the percentage of the portfolio that may be invested in this category.
6. Bankers' Acceptances issued by domestic or domestic branches of foreign banks, which are eligible for purchase by the Federal Reserve System, the short-term paper of which is rated in the highest category by a NRSRO. Such Banker's Acceptances may not exceed 180 days maturity or 40 percent of the Transportation Authority's portfolio. No more than 30 percent of the Transportation Authority's portfolio may be invested in the Banker's Acceptances of any one commercial bank.
7. Commercial paper of "prime" quality rated the highest ranking or of the highest letter or number rating as provided by a NRSRO. The entity that issues the commercial paper will meet all of the criteria in either (1) or (2) as follows: (1) the corporation will be organized and operating within the United States as a general corporation, will have assets in excess of five hundred million dollars (\$500,000,000), and will issue debt, other than commercial paper, if any, that is rated "A" or higher by a NRSRO; or (2) the entity will be organized within the United States as a special purpose corporation, trust, or limited liability company, have program-wide credit enhancements including, but not limited to, over collateralizations, letters of credit, or surety bond; and have commercial paper that is rated "A-1" or higher, or equivalent by a NRSRO. Eligible commercial paper may not exceed 270 days' maturity nor represent more than 10% of the outstanding paper of an issuing corporation, or 25% of the Transportation Authority's portfolio.
8. Medium-term corporate notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the U.S. or any state and operating within the U.S. Medium-term corporate notes will be rated in a rating category "A" or better by a NRSRO. Medium-term notes may not exceed 30 percent of the Transportation Authority's portfolio.
9. FDIC insured or fully collateralized time certificates of deposit in financial institutions located in California. Such time certificates of deposit may not exceed 1 year in maturity or 10 percent of the Transportation Authority's portfolio.

10. To be eligible to receive the Transportation Authority's money, a bank, savings association, federal association, or federally insured industrial loan company must have received an overall rating of not less than "satisfactory" in its most recent evaluation by the appropriate federal financial supervisory agency of its record of meeting the credit needs of California's communities, including low- and moderate-income neighborhoods, pursuant to Section 2906 of Title 12 of the United States Code.
11. Negotiable certificates of deposit or deposit notes issued by a nationally or state-chartered bank, a savings association, or a federal association, a state or federal credit union or by a state-licensed branch of a foreign bank. Negotiable certificates of deposit may not exceed 30 percent of the Transportation Authority's portfolio.
12. State of California's Local Agency Investment Fund (LAIF). The LAIF portfolio should be reviewed periodically. There is no limitation as to the percentage of the portfolio that may be invested in this category. However, the amount invested may not exceed the maximum allowed by LAIF.
13. The California Asset Management Program, as authorized by Section 53601 (p) of the California Government Code. The Program constitutes shares in a California common law trust established pursuant to Section 6509.7 of Title 1, Division 7, Chapter 5 of the Government Code of the State of California which invests exclusively in investments permitted by subdivisions (a) to (r) of Section 53601 of the Government Code of California, as it may be amended.
14. Insured savings account or money market account. To be eligible to receive local agency deposits, a financial institution must have received a minimum overall satisfactory rating for meeting the credit needs of California communities in its most recent evaluation. There is no limitation as to the percentage of the portfolio that may be invested in this category. Bank deposits are required to be collateralized as specified under Government Code Section 53630 et. seq. The collateralization requirements may be waived for any portion that is insured by the FDIC. The Transportation Authority shall have a signed agreement with any depository accepting Transportation Authority funds per Government Code Section 53649.
15. Placement Service Certificates of Deposit (CDs). Certificates of deposit placed with a private sector entity that assists in the placement of certificates of deposit with eligible financial institutions located in the United States (Government Code Section 53601.8). The full amount of the principal and the interest that may be accrued during the maximum term of each certificate of deposit shall at all times be insured by the FDIC. The combined maximum portfolio exposure to Placement Service CDs and Negotiable CDs is limited to 30%. The maximum investment maturity will be restricted to five years.
16. The San Francisco City and County Treasury Pool. There is no limitation as to the percentage of the portfolio that may be invested in this category. Unless otherwise noted, the maximum maturity from the trade settlement date can be no longer than five years. Any loans or investments of Transportation Authority funds invested in the San Francisco City and County Treasury Pool to agencies of the City and County of San Francisco will specifically require the approval of the Board prior to purchase or acceptance.

17. Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940. To be eligible for investment pursuant to this subdivision these companies shall meet either of the following criteria:

- Attain the highest ranking or highest letter and numerical rating provided by not less than two NRSROs.
- Have an investment advisor registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of five hundred million dollars (\$500,000,000).

The purchase price of shares of beneficial interest purchased will not include any commission that these companies may charge and will not exceed 20 percent of the Transportation Authority's portfolio.

XII. INELIGIBLE INVESTMENTS

The Transportation Authority will not invest any funds in inverse floaters, range notes, or interest-only strips that are derived from a pool of mortgages, or in any security that could result in zero interest accrual if held to maturity.

XIII. MAXIMUM MATURITY

Investment maturities will be based on a review of cash flow forecasts. Maturities will be scheduled so as to permit the Transportation Authority to meet all projected obligations.

Where this Policy does not specify a maximum remaining maturity at the time of the investment, no investment will be made in any security, other than a security underlying a repurchase agreement, that at the time of the investment has a term remaining to maturity in excess of five years, unless the Board has granted express authority to make that investment either specifically or as a part of an investment program approved by the Board no less than three months prior to the investment.

XIV. REPORTING REQUIREMENTS

The Executive Director will submit a quarterly list of transactions to the Board. In addition, the Executive Director will submit to the Board an investment reports each quarter, which will include, at a minimum, the following information for each individual investment:

- Type of investment instrument
- Issuer name
- Purchase date

- Maturity date
- Purchase price
- Par value
- Amortized cost
- Current market value and the source of the valuation
- Credit rating
- Overall portfolio yield based on cost
- Sale Date of any investment sold prior to maturity

The quarterly report also will (i) state compliance of the portfolio to the statement of investment policy, or manner in which the portfolio is not in compliance, (ii) include a description of any of the Transportation Authority's funds, investments or programs that are under the management of contracted parties, and (iii) include a statement denoting the ability of the Transportation Authority to meet its expenditure requirements for the next six months, or provide an explanation as to why sufficient money may, or may, not be available. For all of the Transportation Authority's investments held in the City and County of San Francisco's Treasury Pool the Executive Director will provide the Board with the most recent investment report furnished by the Office of the Treasurer and Tax Collector.

XV. SAFEKEEPING AND CUSTODY

All security transactions entered into by the Transportation Authority will be conducted on a delivery-versus-payment basis. Securities will be held by an independent third-party custodian selected by the Transportation Authority. The securities will be held directly in the name of the Transportation Authority as beneficiary.

XVI. INVESTMENT POLICY REVIEW

The Executive Director will annually render to the Board a statement of investment policy, which the Board will consider at a public meeting. Any changes to the policy will also be considered by the Board at a public meeting.

GLOSSARY

Agencies. Federal agency securities and/or Government-sponsored enterprises.

Asked. The price at which securities are offered.

Bankers' Acceptance (BA). A draft or bill of exchange issued by a bank or trust company that guarantees payment at a later time.

Bid. The price offered by a buyer of securities. (when you are selling securities, you ask for a bid.) See offer.

Broker. A broker brings buyers and sellers together, for which the broker typically receives a commission for a successful sale.

Certificate of Deposit (CD). A time deposit with a specific maturity evidenced by a certificate. Large-denomination CDs are typically negotiable.

Collateral. Securities, evidence of deposit or other property, which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

Coupon. (a) the annual rate of interest that a bond issuer promises to pay the bondholder on the bond's face value. (b) a certificate attached to a bond evidencing interest due on a payment date.

Dealer. A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

Delivery versus Payment. There are two methods of delivery of securities: delivery versus payment and delivery versus receipt. Delivery versus payment is delivery of securities with an exchange of money for the securities. Delivery versus receipt is delivery of securities with an exchange of a signed receipt for the securities.

Derivatives. (1) financial instruments whose return profile is linked to, or derived from, the movement of one or more underlying index or security, and may include a leveraging factor, or (2) financial contracts based upon notional amounts whose value is derived from an underlying index or security (interest rates, foreign exchange rates, equities, or commodities).

Discount. The difference between the principal amount of a security and its issue price where the issue price is lower than the principal amount.

Discount securities. Non-interest bearing money market instruments that are issued at a discount and redeemed at maturity for full face value, e.g., U.S. Treasury bills.

Diversification. Dividing investment funds among a variety of securities offering independent returns.

Federal credit agencies. Agencies of the federal government set up to supply credit to various classes of institutions and individuals, e.g., S&Ls, small business firms, students, farmers, farm cooperatives, and exporters.

Federal Deposit Insurance Corporation (FDIC). A federal agency that insures bank deposits, currently up to \$250,000 per depositor per insured bank.

Federal reserve system. The central bank of the United States created by Congress and consisting of a seven member board of governors in Washington, D.C., 12 regional banks and about 5,700 commercial banks that are members of the system.

Liquidity. A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between bid and asked prices is narrow and reasonable size can be done at those quotes.

Market value. The price at which a security is trading and could presumably be purchased or sold.

Maturity. The date upon which the principal or stated value of an investment becomes due and payable.

Money market. The market in which short-term debt instruments (bills, commercial paper, bankers' acceptances, etc.) are issued and traded.

Nationally Recognized Statistical-Rating Organization (NRSRO). A credit rating agency that issues credit ratings that the U.S. Securities and Exchange Commission (SEC) permits other financial firms to use for certain regulatory purposes.

Offer. The price asked by a seller of securities. (when you are buying securities, you ask for an offer.) See asked and bid definitions.

Portfolio. Collection of securities held by an investor.

Primary dealer. A group of government securities dealers who submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its informal oversight. Primary dealers include securities and exchange commission (SEC)-registered securities broker-dealers, banks, and a few unregulated firms.

Qualified public depository. A financial institution which does not claim exemption from the payment of any sales or compensating use or ad valorem taxes under the laws of this state, which has segregated for the benefit of the commission eligible collateral having a

value of not less than its maximum liability and which has been approved by the public deposit protection commission to hold public deposits.

Rate of return. The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity on a bond the current income return.

Repurchase Agreement (RP or REPO). A purchase of securities by an agency pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the agency by book entry, physical delivery, or by third-party custodial agreement.

Securities and Exchange Commission (SEC). Agency created by congress to protect investors in securities transactions by administering securities legislation.

Sec Rule 15c3-1. See uniform net capital rule definition.

Treasury bills. A non-interest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months, or one year.

Treasury bonds. Long-term coupon-bearing U.S. Treasury securities issued as direct obligations of the U.S. Government and having initial maturities of more than 10 years.

Treasury notes. Medium-term coupon-bearing U.S. Treasury securities issued as direct obligations of the U.S. Government and having initial maturities from two to 10 years.

Uniform net capital rule. Securities and exchange commission requirement that, subject to certain exceptions, prohibits member firms as well as nonmember broker-dealers in securities from permitting their respective aggregate indebtedness to exceed 1500 percent of its net capital, also called net capital rule and net capital ratio. Indebtedness covers all money owed, including margin loans and commitments to purchase securities. This is one reason new public issues are spread among members of underwriting syndicates. Net capital includes cash and assets easily converted into cash.

Yield. The rate of annual income returns on an investment, expressed as a percentage. (a) income yield is obtained by dividing the current dollar income by the current market price for the security. (b) net yield or yield to maturity is the current income yield minus any premium above par or plus any discount from par in purchase price, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.
