

## Memorandum

### AGENDA ITEM 6

**DATE:** May 17, 2024  
**TO:** Transportation Authority Board  
**FROM:** Anna LaForte - Deputy Director for Policy and Programming  
**SUBJECT:** 6/11/2024 Board Meeting: Adopt the 2023 Prop L 5-Year Prioritization Programs for Mission Bay Ferry Landing and Transformative Freeway and Major Street Projects and Amend the Prop L Strategic Plan Baseline

**RECOMMENDATION**    Information    Action

Adopt the 2023 Prop L 5-Year Prioritization Programs (5YPPs) for Mission Bay Ferry Landing and Transformative Freeway and Major Street Projects

Amend the Prop L Strategic Plan Baseline

### SUMMARY

The Prop L Expenditure Plan requires development of a 30-year Strategic Plan and for each of the 28 Expenditure Plan programs (Attachment 1), a 5YPP to identify the specific projects that will be funded over the next five years. Board adoption of these documents is a prerequisite for allocation of Prop L funds from the relevant programs. We are recommending adoption of the 5YPPs for Mission Bay Ferry Landing and Transformative Freeway and Major Street Projects. We recommend fully advancing Prop L funds to program \$4.5 million to support the \$74.3 million construction phase for the Mission Bay Ferry Landing, the sole project that is eligible for the corresponding Prop L program. The Transformative Freeway and Major Street Projects 5YPP features one project, the Fillmore-Geary Underpass Community Planning Study, which is leveraging a \$2 million Federal Reconnecting Communities and Neighborhoods grant, and two placeholders that could fund recommendations from that study or planning and project development for other eligible projects consistent with recommendations from the San Francisco Transportation Plan or its updates. This recommended 5YPP does not require advancement of funds. In all, these changes would result in a 0.4% (\$2.5 million) increase in debt costs compared to the Strategic Plan Baseline as amended, from \$674.9 million to \$677.4 million.

Additional details on these programs are in the memo below and in the enclosed 5YPPs.	
---------------------------------------------------------------------------------------	--

## **BACKGROUND**

The 5YPPs result in multi-year project lists with associated sales tax programming commitments that support a steady project pipeline, enabling project sponsors to plan ahead, facilitating their ability to secure other funding sources to leverage Prop L and fully fund projects and to line up staff resources to deliver projects. The 5-year look ahead also enables coordination between projects. When a project is ready to advance, the project sponsor can request allocation of funds from the Board based on the programming commitment in the relevant 5YPP.

The 5YPPs also provide transparency about how Prop L projects are prioritized. We work in close collaboration with project sponsors eligible for Prop L funds from a particular program, as well as any other interested agencies, to develop each 5YPP. Input from the Board, sponsors, and the public inform the 5YPP process.

In June 2023, the Board adopted the Prop L Strategic Plan Baseline. The Baseline establishes the amount of sales tax revenues that will be available on an annual basis to each of the 28 programs, by fiscal year, through 2053 based on their proportional share of available revenues established in the Expenditure Plan. For 23 of the 28 programs, the Baseline set the pay-as-you-go annual funding levels for each program which project sponsors will use to identify their proposed lists of projects to fund in the next five years as part of 5YPP development. Through the 5YPP process, project sponsors can make requests to advance sales tax funds for specific projects, as needed to support project delivery. For five programs (BART Core Capacity, Caltrain Downtown Rail Extension (The Portal), Muni Maintenance, Caltrain Maintenance, and Paratransit) the Baseline advanced cash flow in anticipation of the need to advance funds to accommodate the programming requests in the 5YPP. This approach provides a more realistic picture of financing costs for these five programs, which are among the largest programs in the Prop L Expenditure Plan, while ensuring we can meet other programs' requests for advancing funds.

Attachment 1 shows the status of the 28 5YPPs, including those which have been adopted thus far and those that are still under development.

## **DISCUSSION**

Each 5YPP document includes the following sections, the content for which is detailed in the [staff memorandum](#) to the Board for its July 11, 2023, meeting:

- Eligibility and Expected Fund Leveraging
- Public Engagement

- Performance Measures
- Project Delivery Snapshot
- Project Prioritization
- Project List (covering Fiscal Year (FY) 2023/24 - FY 2027/28)
- Project Information Forms (e.g., scope, schedule, cost, funding)

It is important to keep in mind that the pay-go funding levels in the first five years of Prop L are about half that in year six and subsequent years, due to the carryforward of Prop K remaining grant balances and debt. Thus, we anticipate that most Prop L programs will request at least a modest level of advancement in this 5YPP period. For each project, we look closely at project readiness, whether there is full funding for the requested phase or phases, the amount of leveraging, timely use of funds requirements, and other factors that inform our recommendation to program funds to the project and whether to support advancement of funds beyond pay-go to support project delivery.

We are recommending adoption of the enclosed 5YPPs summarized below. Attachment 2 lists the proposed projects with information such as a brief project description, amount of Prop L funds requested, proposed project phase, and fiscal year of programming, and Attachment 3 summarizes leveraging. The enclosed 5YPPs contain more detail, including the project information forms.

**Mission Bay Ferry Landing (MBFL) 5YPP.** This Prop L program was established to fund one project, the MBFL. The MBFL is a new ferry terminal located on San Francisco Bay adjacent to the intersection of Terry A. Francois Boulevard and 16th Street in Mission Bay, intended to provide ferry services for one of the fastest growing neighborhoods in the city, helping reduce trips by car to these new jobs and housing hub, and easing crowding on regional transit.

The Port and WETA currently are pursuing competitive grants for the MBFL, including a \$55 million federal EPA Clean Ports Program grant to support the electrification components of the MBFL project (\$20.8 million) and other elements of their electrification program. If the EPA grant is awarded, the recommended \$4.5 million in Prop L funds would help provide local match to the EPA grant, and the permanent MBFL project could proceed with construction. The project would need to be completed by December 1, 2028 to comply with the timely use of funds deadlines for the EPA grant.

In the event that the EPA grant is not awarded to the MBFL project, the Port, in close coordination with WETA, would request amendment of the 5YPP to reprogram Prop L funds for a passenger float that would be used at an interim landing at Pier 48.5. The passenger float would be consistent with WETA's standard float footprint and pile configuration as designed for the MBFL. When the permanent MBFL is

constructed and the fixed pier component is complete, the passenger float would be relocated from Pier 48.5 and installed at MBFL.

**Transformative Freeway and Major Street Projects 5YPP.** This program is one of the new equity-focused programs included in Prop L. It is intended to fund planning and project development for transformative multi-modal improvements designed to improve safety, enhance multi-modal connectivity, and/or reconnect communities and repair the harm created by past freeway and street projects. The Fillmore-Geary Underpass Community Planning Study is exactly the type of project this 5YPP is meant to fund. The study is a community-driven process that will re-envision the areas around Geary Boulevard at Fillmore Street to reconnect Japantown and Fillmore/Western Addition. We are recommending \$601,000 in Prop L funds to leverage a \$2 million federal Reconnecting Communities and Neighborhoods grant from the U.S. Department of Transportation that has been awarded to the Transportation Authority for this purpose. There is a concurrent allocation request proceeding to the Board under a separate agenda item, which has additional details on the proposed study scope, including the community-engagement approach.

We also recommend programming a total of \$1.29 million in Prop L funds to two placeholders, one in Fiscal Year (FY) 2025/26 and the other in FY 2027/28. The placeholders could fund recommendations from the Fillmore-Geary study or planning and project development for other eligible projects that are consistent with the San Francisco Transportation Plan (SFTP) 2050, SFTP 2050+ (minor update underway), ConnectSF, and the Streets and Freeways Study.

**Strategic Plan Baseline Amendment.** Concurrent with Board adoption of the 5YPPs, we make corresponding updates to the Strategic Plan Baseline to reflect the recommended programming and cash flow schedules for the proposed projects. The Strategic Plan model estimates financing costs for programs that advance funds. Consistent with Strategic Plan policies, financing costs are distributed proportionally across those programs that request acceleration of funds. If in future Strategic Plan updates, actual financing costs are lower, the delta is returned to the respective programs and is available for programming to eligible project costs.

The proposed Transformative Freeway and Major Street Projects 5YPP does not require advancement of funds. Our recommendation for the Mission Bay Ferry Landing 5YPP does require significant advancement of about \$4 million for construction of the only eligible project for this program, the MBFL. This would result in a minor 0.4% (\$2.5 million) increase in estimated debt costs over the 30-year Expenditure Plan period compared to the Strategic Plan Baseline, as amended.

Attachment 4 summarizes the sources and uses for the Baseline as amended and adopted in March 2024 and Attachment 5 shows the proposed programming and cash flow by program by fiscal year, reflecting the recommended 5YPPs.

**Next Steps.** We are working with project sponsors to develop the remaining five 5YPPs and hope to bring them to the Board for adoption in July, followed by adoption of the final Prop L Strategic Plan in Fall 2024.

## **FINANCIAL IMPACT**

There is no impact on the adopted Fiscal Year 2023/24 agency budget or the proposed Fiscal Year 2024/25 agency budget. The Prop L Strategic Plan is an important long-range financial planning tool for the Transportation Authority as it forecasts sales tax revenues and establishes the maximum annual reimbursement for each of the Expenditure Plan programs, and estimates debt needs to advance funds to support project delivery. The 5YPPs program funds specific projects over the five fiscal years starting in FY 2023/24. However, allocation of funds and issuance of any debt are subject to separate approval actions by the Board.

## **CAC POSITION**

The Community Advisory Committee will consider this item at its May 22, 2024, meeting.

## **SUPPLEMENTAL MATERIALS**

- Attachment 1 - List of the 28 Programs in the Prop L Expenditure Plan
- Attachment 2 - Recommended 5YPPs List of Projects
- Attachment 3 - Recommended 5YPPs Program Summary: Fund Leveraging
- Attachment 4 - Prop L Strategic Plan Baseline as Amended Sources and Uses
- Attachment 5 - Strategic Plan Baseline as Amended - Programming & Cash Flow by FY
- Enclosures (2):
  - Draft 2023 Prop L Mission Bay Ferry Landing 5 Year Prioritization Program
  - Draft 2023 Prop L Transformative Freeway and Major Street Projects 5 Year Prioritization Program

**Attachment 1.**

# Prop L's 28 Programs

Each requires a Board-adopted 5-Year Prioritization Program (5YPP) before funds can be allocated.

Approved

**Proposed for approval in June 2024**

Under development

\*No 5YPP required since program has no Priority 1 sales tax funds

1. Muni Reliability and Efficiency Improvements
2. Muni Rail Core Capacity
3. BART Core Capacity
4. Caltrain Service Vision: Capital System Capacity Investments\*
5. Caltrain Downtown Rail Extension and Pennsylvania Alignment
6. Muni Maintenance
7. BART Maintenance
8. Caltrain Maintenance
9. Ferry Maintenance
10. Transit Enhancements
11. Bayview Caltrain Station
- 12. Mission Bay Ferry Landing**
13. Next Generation Transit Investments
14. Paratransit
15. Street Resurfacing, Rehabilitation and Maintenance
16. Pedestrian and Bicycle Facilities Maintenance
17. Traffic Signs and Signals Maintenance
18. Safer and Complete Streets
19. Curb Ramps
20. Tree Planting
21. Vision Zero Ramps
22. Managed Lanes and Express Bus
- 23. Transformative Freeway and Major Street Projects**
24. Transportation Demand Management
25. Neighborhood Transportation Program
26. Equity Priority Transportation Program
27. Development Oriented Transportation
28. Citywide/Modal Planning

**Attachment 2**  
**5-Year Prioritization Programs - List of Projects**

#	Program	Project Name: Sponsor	Brief Description	District(s)	Phase	Prop L Amount	Fiscal Year of Programming
1	Mission Bay Ferry Landing	Mission Bay Ferry Landing: Port of SF	<p>The Mission Bay Ferry Landing (MBFL) project is located on the San Francisco Bay adjacent to the intersection of Terry A. Francois Boulevard and 16th Street. The project would create a new ferry terminal in the southern waterfront of San Francisco, providing a regional ferry service and access to the underserved Mission Bay neighborhood and surrounding areas.</p> <p>Prop L funds would be used to help fund the \$74.3 million construction phase of the project, which includes installation of piles, floats, gangways, fixed piers, canopies, utilities, and landside improvements. The Port of SF and WETA are jointly applying for a \$55 million U.S. Environmental Protection Agency (US EPA) Clean Ports grant to support the electrification components of the MBFL project (\$20.8 million) and other elements of their electrification program. Prop L would match the federal grant if the project is awarded funds.</p> <p>In the event that the EPA grant is not awarded to the MBFL project, the Port, in close coordination with WETA, would request to amend this 5YPP to reprogram Prop L funds for a passenger float that would be used at an interim landing at Pier 48.5 until the permanent MBFL is constructed.</p>	6	Construction	\$4,500,000	FY25
2	Transformative Freeway and Major Street Projects	Fillmore-Geary Underpass Community Planning Study: SFCTA	<p>The Fillmore-Geary Underpass Community Planning Study is a community-driven process to re-envision the area of Geary Boulevard at Fillmore Street, along with streets in surrounding neighborhoods. This process will bring together transportation and land use to create more connected and vibrant communities, while also working towards the long-term goals to repair neighborhoods, create transit-oriented housing opportunities, and support economic and cultural stability in communities that face risks of displacement.</p> <p>Outreach will include contracted partnerships with community-based organizations and stipends for community participation. A range of outreach activities will be developed in English, Korean, Spanish, Chinese, Japanese, and other relevant languages for the surrounding communities to reduce barriers to participation.</p> <p>Prop L funds leverage a \$2 million Reconnecting Communities and Neighborhoods grant from the U.S. Department of Transportation. SFMTA and the Planning Department (latter will contribute in-kind to the study) are our partners on this study.</p>	5	Planning	\$601,000	FY25
3		Planning and Project Development Placeholders: TBD	<p>These placeholders can fund planning and project development for a project or projects that are consistent with the San Francisco Transportation Plan, ConnectSF, and the Streets and Freeways Study and/or updates thereof. They may also fund follow-up activities recommended in the Fillmore-Geary Underpass Community Planning Study, anticipated to be completed by Fall 2026.</p>	TBD	TBD	\$646,000	FY26
4						\$645,000	FY28

**Attachment 3  
5-Year Prioritization Programs - Summary**

#	Program	Programming Amount Requested in 5YPP	Amount of Prop L Cash Flow Advanced in 5YPP	Expected Leveraging	Anticipated Leveraging	Notes
1	Mission Bay Ferry Landing	\$4,500,000	\$3,796,120	90.7%	94.5%	<p>We recommend advancing nearly Prop L funds in the Mission Bay Ferry Landing program to make funds available for allocation in Fiscal Year 2024/25. There is only one eligible project from this small Expenditure Plan program (\$5 million in 2020's) and requested Prop L funds would provide an important local funding commitment that significantly leverages other sources to make the project fully funded in the near term.</p> <p>Leveraging exceed expectations in the Expenditure Plan for this program. Prop L funds would leverage almost \$78M in funds from other sources.</p>
2	Transformative Freeway and Major Street Projects	\$1,892,000	\$0	91.1%	TBD	<p>We are not recommending to advance funds beyond the pay-as-you-go amounts in the Strategic Plan Baseline for this program. The Fillmore-Geary Underpass Community Planning Study leverages a \$2 million federal Reconnecting Communities and Neighborhoods grant, which requires a minimum 20% local match; therefore, the current leveraging is at 78.2%. We expect that the study will help position recommended projects to be competitive for other discretionary funding and leveraging will improve with future projects in this program.</p> <p>Leveraging for projects funded through the Planning and Project Development Placeholders will be evaluated once projects are identified. We expect that leveraging will improve over the five year period as non-Prop L funds are secured. We will evaluate specific projects for leveraging when we receive allocation requests for placeholder funds.</p>
