

District 2 Safety Study

Town Hall Presentation
June 13, 2024

San Francisco
County Transportation
Authority

Agenda

- Project overview
- Project sites
- Treatment types
- Outreach
- Timeline / next steps
- Discussion / Q&A

Project overview

Project Goal

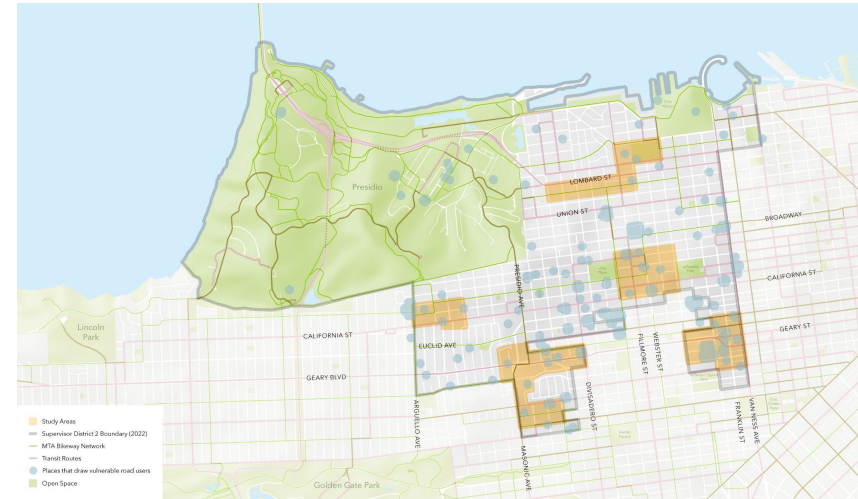

- Improve safety and access to places that attract vulnerable road users such as **children, seniors, and people with disabilities** in District 2

Outcomes

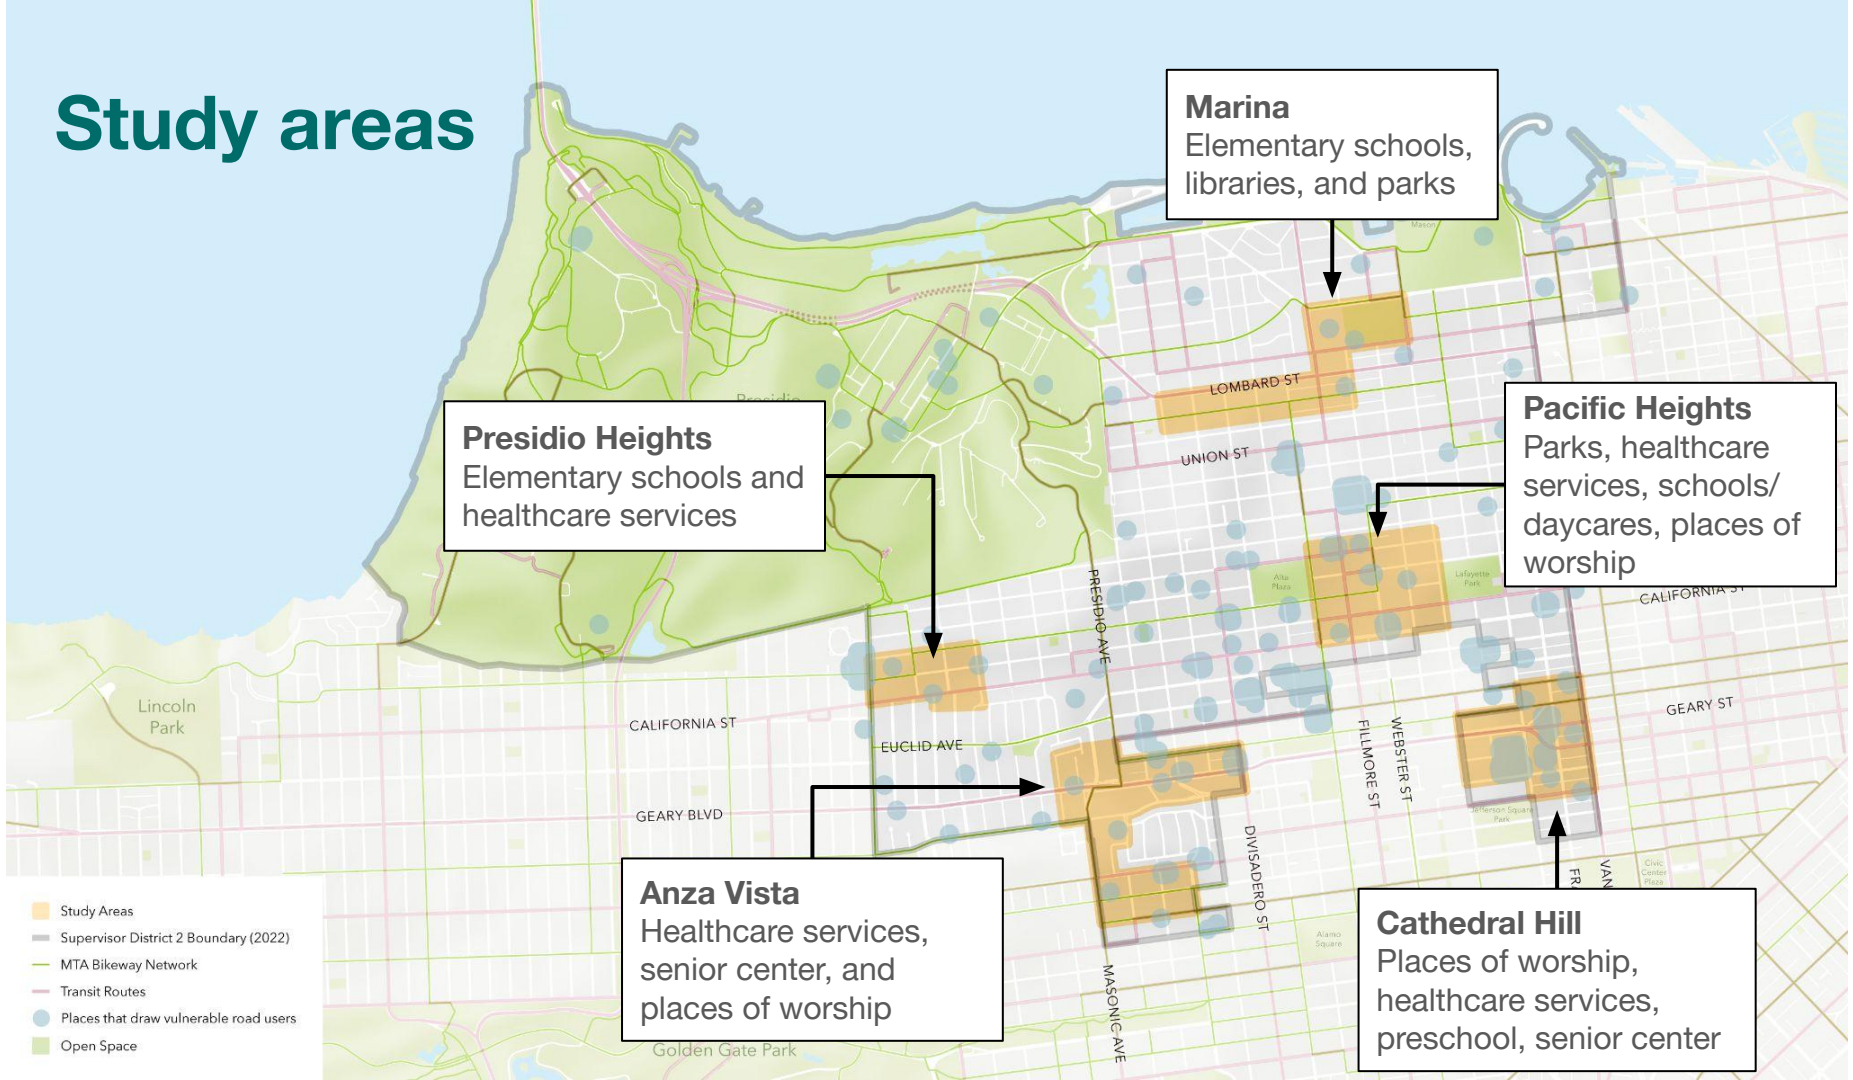

- **Recommend context-specific safety improvements**
- **Design and implementation of selected improvements**

Study areas

- Identified locations that attract children, seniors, and people with disabilities
- Selected areas with a high concentration of these locations
- Focused outreach efforts in these 5 areas:
 - Get feedback on existing safety and access challenges
 - Preference for safety treatments

Study areas

Potential treatment types

Pedestrian refuge islands

Crosswalk improvements

Painted safety zones / bulb outs

Sidewalk improvements

Traffic calming measures

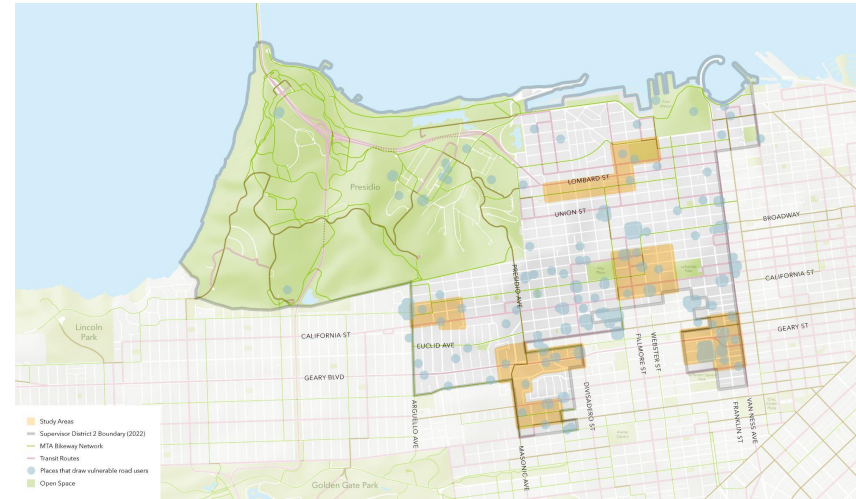

Bike improvements

Outreach

- Share your feedback at the survey here!
 - English: sfcta.org/d2survey
 - Spanish (Español): sfcta.org/d2survey-es
 - Chinese (中文): sfcta.org/d2survey-zh
 - The survey will be live until June 30
- You can also share your feedback at a pop up event. Check our website for upcoming events at sfcta.org/d2safety.

Project timeline

Outreach (Round 1)

Identify safety and access challenges and preference for safety treatments

Draft concept designs

Draft concepts to improve safety and access

Outreach (Round 2)

Gather feedback on treatment designs and identify priority sites for implementation

Final report

Summer 2024

Winter 2024

Spring 2025

Summer 2025

Thank you.
