Adopt the Managed Lanes 5-Year Prioritization Program and Appropriate \$1 million in Prop L **Funds for SF Freeway Network Management Study**

Prop L Expenditure Plan

- Determines eligibility of projects and sponsor agencies through 28 programs
- Sets funding caps for each program over 30 years
- Allows for financing to accelerate project delivery
- Includes requirements such as a Boardapproved Strategic Plan and 5-Year Prioritization Programs (5YPPs), as a prerequisite for allocation

2022 Transportation Expenditure Plan

2022 Transportation Expenditure Plan will help deliver safer, smoother streets, more reliable transit, reduce congestion, and more.

5YPP Recommended for Adoption

Managed Lanes and Express Bus

- \$1,000,000 for SF Freeway
 Network Management Study
 (FY25)
- \$750,000 for SF Freeway
 Network Management
 Placeholder (FY26)

Leveraging

Prop L Program	Expected Leveraging	Anticipated Leveraging
Managed Lanes and Express Bus	95.1%	22.9%*

* Leveraging reflects the SF Freeway Network Management Study and not the placeholder. Leveraging for the latter will be evaluated when specific projects are identified.

Fund Advancement

Prop L Program	Programming Request	Cash Flow Advanced
Managed Lanes and Express Bus	\$1,750,000	\$803,827

Staff recommendation requires concurrent amendment of the Strategic Plan Baseline to reflect recommended programming and cash flow.

Project Background

- Advances the ConnectSF Streets and Freeways Strategy and SFTP 2050
- Feedback from Northbound 280 Express Lane and Bus Study shaped the proposed scope of work
- Board guidance to resume consideration of pricing as a tool to improve efficiency of freeways
- Informed by MTC's Next Generation Freeways Study

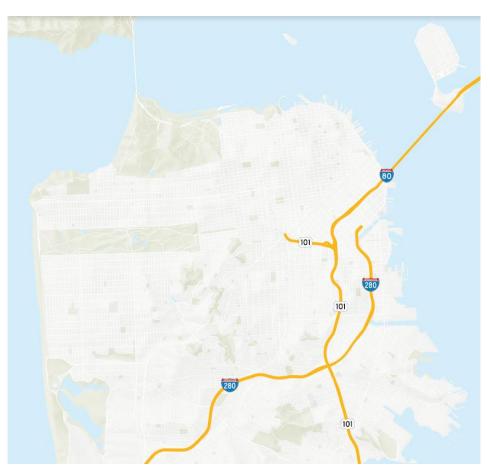

Proposed Study Overview

Identify priority segments for future priced managed lane alternatives.

- Consider all freeways
- Detailed planning for priority segments
- Programmatic elements to support a pricing program - affordability, transit, demand management
- Concept design, operation, and program definition
- Community outreach to shape recommendations

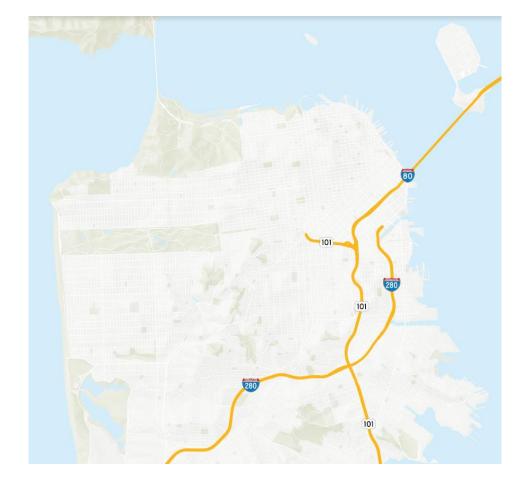

Estimated Project Timeline

Phase 1 | Concluding Spring 2025

- Define project goal, objectives, and evaluation metrics
- Determine priority segments

Phase 2 | Concluding Winter 2026

- Detailed planning and analysis
- Public outreach
- Presentation to Board

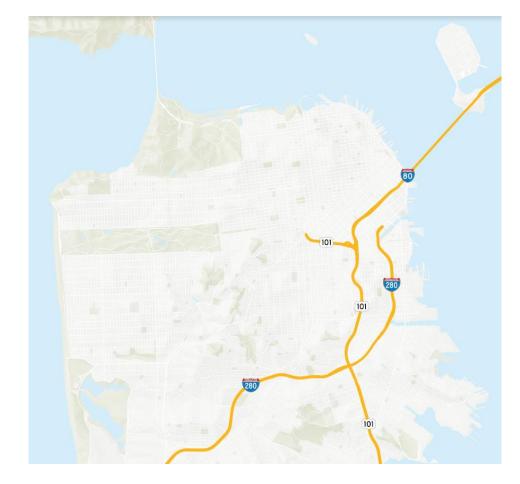

(SFCTA) Planning

Prop L request: \$1,000,000

Total Cost: \$2,179,000

Study to consider managed lane alternatives that support goals of reducing vehicle miles traveled and increasing person throughput

- Amend existing Prop K grant for 101/280 study
- Board presentation after Phase 1 of study

Thank you.
