- 2. Progress Update on the Treasure Island Mobility Management Program Policy Development – INFORMATION***

On April 1, 2014, the San Francisco Board of Supervisors approved a resolution designating the Transportation Authority as the Treasure Island Mobility Management Agency (TIMMA). The purpose of TIMMA, as set forth in the Treasure Island Transportation Management Act of 2008 (State Assembly Bill 981), is to implement the Treasure Island Transportation Implementation Plan (TITIP) in support of the Treasure Island/Yerba Buena Island Development Project. The TITIP, adopted in 2011, calls for a comprehensive, integrated program to manage travel demand on the Island as it develops. This innovative approach to mobility includes a complimentary package of strategies and services including required purchase of transit vouchers by residents, parking fees, and a multimodal congestion pricing program that applies motorist user fees to support enhanced and new bus, ferry, and shuttle transit, as well as bicycle sharing, to reduce the traffic impacts of the project. The objective of the underway policy studies is to recommend congestion pricing policies for Treasure Island based on demand forecasting, financial analysis and stakeholder input. The purpose of this item is to provide the Committee with an update on the progress of the policy analysis and to seek input and guidance.
