RESOLUTION ADOPTING POSITIONS ON STATE LEGISLATION

WHEREAS, The Transportation Authority approves a set of legislative principles to guide transportation policy advocacy in the sessions of the Federal and State Legislatures; and

WHEREAS, With the assistance of the Transportation Authority's legislative advocate in Sacramento, staff has reviewed pending legislation for the current Legislative Session and analyzed it for consistency with the Transportation Authority's adopted legislative principles and for impacts on transportation funding and program implementation in San Francisco; now, therefore, be it

RESOLVED, That the Transportation Authority hereby adopts a new support position on Senate Bill (SB) 1376 (Hill), one support if amended position on SB 936 (Allen, Ben), and a new oppose position on Assembly Bill (AB) 2530 (Melendez); and be it further

RESOLVED, That the Executive Director is directed to communicate these positions to all relevant parties.

Staff is recommending one new support position on Senate Bill (SB) 1376 (Hill); one support if amended position on SB 936 (Allen, Ben); and one new oppose position on Assembly Bill (AB) 2530 (Melendez), as shown in **Table 1**.

Table 2 indicates the status of bills on which the Board has already taken a position this session.

Table 1. Recommendation for New Positions

Recommended Positions	Bill # Author	Bill Title and Description			
Oppose	AB 2530 Bonds: Transportation.				
	Melendez R	R Would provide that no further bonds shall be sold for high-speed rail pur			
		pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the			
		21st Century, except as specifically provided with respect to an existing			
		appropriation for high-speed rail purposes for early improvement projects in			
		the Phase I blended system. The bill, subject to the above exception, would			
		require redirection of the unspent proceeds received from outstanding bonds			
		issued and sold for other high-speed rail purposes prior to the effective date of			
		these provisions, upon appropriation, for use in retiring the debt incurred from			
		the issuance and sale of those outstanding bonds.			
Support if	<u>SB 936</u>	Office of Planning and Research: Autonomous Vehicles Smart Planning			
Amended	Amended Allen, Ben D Task Force.				
		This bill would require the Office of Planning and Research in the Governor's			
		office to convene an Autonomous Vehicles Smart Planning Task Force,			
		including representatives of local government, the University of California,			
		environmental organizations, autonomous vehicle and electric vehicle			
		manufacturers, and transportation network companies. The Task Force would			
		be required to submit recommendations on the deployment of autonomous			
		vehicles on or before January 1, 2021. The bill requires that the Task Force's			
		recommendations ensure that the deployment of autonomous vehicles not			
		hinder a list of policies.			
		We recommend supporting amendments to the bill to include in the list of			
		policies improved safety for all road users and fair labor policies and practices.			

San Francisco County Transportation Authority April 2018

	Transportation network companies: accessibility plans.
Hill D	Existing regulations of the Public Utilities Commission (PUC) require a
	transportation network company to allow passengers to indicate whether they
	require a wheelchair-accessible vehicle or a vehicle otherwise accessible to
	individuals with disabilities and requires the transportation network company
	to submit a specified report to the PUC detailing the number and percentage
	of their customers who requested accessible vehicles and how often the
	transportation network company was able to comply with requests for
	accessible vehicles.
	This bill would require the PUC, by July 1, 2019, to (1) develop regulations relating to accessibility for persons with disabilities, including wheelchair users who need an accessible vehicle, who utilize transportation network company transportation services, (2) consider assessing a fee on transportation network companies to fund on-demand accessible transportation services for persons with disabilities to ensure full and equal access to transportation network
	company services, and (3) conduct workshops with stakeholders, including all interested California cities and counties and persons with disabilities, in order to determine community need and develop programs for on-demand services,
	service alternatives, and partnerships. SFMTA has been working closely with
	the author on this bill and is likely to seek a support position on it from the
	Mayor's Office State Legislative Committee in April.

Table 2. Bill Status for Active Positions Taken in the 2017-2018 Session¹

Adopted Positions	Bill # Author	Bill Title	Bill Status and Changes Since Last Report ¹ (as of 3/29/18)
