## Table of Contents

- Eligibility
- Prioritization Criteria
- Stretching Your Prop K Sales Tax Dollars Farther
- Table 2 - Project Delivery Snapshot
- Table 3 - Prioritization Criteria and Scoring Table
- Table 4 – Prop K 5-Year Project List (FY 2014/15 – FY 2018/19)
- Project Information Forms
- 2009 Prop K 5-Year Prioritization Program – Program of Projects (as adopted)
- 2009 Prop K 5-Year Prioritization Program – Program of Projects (as amended)
- DPW 5-Year Paving Plan – Map and List

## Eligibility

Eligibility as identified in the voter approved Prop K Expenditure Plan is as follows:

“Street Resurfacing, Rehabilitation, and Maintenance: Repaving and reconstruction of city streets to prevent deterioration of the roadway system, based on an industry-standard pavement management system designed to inform cost effective roadway maintenance. Includes project development and capital costs. May include sidewalk rehabilitation, curb ramps and landscaping, subject to approved prioritization plan. Sponsoring Agency: DPW. The first \$118.3M in Prop K is Priority 1 and the remainder is Priority 2. Total Funding: \$641.3M; Prop K: \$134.3M.

Street Repair and Cleaning Equipment: Replacement of street repair and cleaning equipment according to industry-standards, such as but not limited to, asphalt pavers, dump trucks, sweepers, and front-end loaders. Includes capital costs only. Sponsoring Agency: DPW. The first \$22.8M in Prop K is Priority 1 and the remainder is Priority 2. Total Funding: \$36.4M; Prop K: \$25.9M.”

DPW stands for Department of Public Works.

## Prioritization Criteria

One of the key required elements of the 5YPPs is a transparent process for how projects get selected. Prop K requires at a minimum that each category include prioritization criteria that address project readiness, community support, and relative level of need or urgency. For this 5YPP update, the Citizens Advisory Committee requested that the Transportation Authority and project sponsors develop a user-friendly, transparent scoring table that could apply to all 5YPPs, and that the scoring prioritize safety and community input highly.

Table 3 shows the new Prioritization Criteria and Scoring Table. Each project can receive a maximum of 20 points, with 10 points allocated programwide criteria and 10 points allocated for category specific criteria.

The Expenditure Plan also requires consideration of geographic equity in terms of project distribution that takes into account the various needs of San Francisco's neighborhoods. DPW applies geographic equity to ensure street repaving is fairly distributed to all parts of the City. Because Prop K typically funds 1-2 street resurfacing projects per year, DPW considers both Prop K and non-Prop K funded projects over a 5-year rolling duration to ensure geographic equity across districts. Street repair and cleaning equipment funded with Prop K funds is used citywide on various projects in all of San Francisco's neighborhoods.

### Stretching Your Prop K Sales Tax Dollars Farther

Leveraging Prop K funds against non-Prop K fund sources (e.g., federal, state, other local funds) is necessary to fully fund the Expenditure Plan projects and programs. For the street resurfacing category, the Prop K Expenditure Plan assumes that for every \$1 of every dollar of sales tax revenue spent, it would be leveraged by about \$4 in non-Prop K funds. The table below compares Prop K Expenditure Plan assumptions with proposed leveraging in the 2014 5-year project lists.

**Table 1. Prop K Leveraging<sup>1</sup>**

Category	Expected Leveraging (Non-Prop K Funds)	Proposed Leveraging (Non-Prop K Funds)
Street Resurfacing, Rehabilitation, and Maintenance	79%	25%
Street Repair and Cleaning Equipment	29%	61%

<sup>1</sup> This table compares the expected leveraging assumed in the Expenditure Plan with the proposed leveraging assumed in the 5-Year Project List.

While the proposed leveraging for Street Resurfacing, Rehabilitation, and Maintenance Prop K funds is significantly below Expenditure Plan assumptions, when considering all fund sources that DPW anticipates using for street resurfacing for the next five years, the picture looks much better. DPW is assuming a total of \$114 million in federal, state, and local fund sources (e.g. Highway Users Tax Account, Gas Tax Subventions, and grants from the Prop AA Vehicle Registration Fee, OneBayArea Grant Program). This would translate to leveraging of 81%.

**Table 2. Project Delivery Snapshot**  
**Street Resurfacing, Rehabilitation and Maintenance/Street Repair and Cleaning Equipment**

**Table 2a. Prop K Funds Allocated**

5-Year Prioritization Program (5YPP) Period	Programmed (Available for Allocation)	Total Allocated as of 3/31/2014	% Allocated
2005 5YPP (FY 2004/05-2008/09)	\$47,225,000	\$46,507,028	98%
2009 5YPP: (FY 2009/10 -2013/14) *	\$19,381,000	\$20,153,151	104%
<b>Total *</b>		\$66,660,179	

\* Funds programmed in the 2009 5YPP may include programmed but unallocated funds from the 2005 5YPP, as well as de-obligated funds.

**Table 2b. Percent Complete**

Tables show allocations and percent complete through March 31, 2014, based on project sponsors' progress reports.

**Completed Projects/Project Phases** (sorted by allocation year, then sponsor, then project name)

Sponsor	Fiscal Year of Allocation	Project Name	Phase(s) Funded	Total Allocated as of 3/31/2014	% Complete as of 3/31/2014
DPW	2004/05	Street Repair and Cleaning Equipment	Procurement	\$ 1,033,625	100%

2 Air Sweepers	4	0	0	1	3	0		10
1 Bicycle Path Sweeper	4	1	0	2	3	2		14

**Prioritization Criteria Definitions:**

**Project Readiness:** Project likely to need funding in fiscal year proposed. Factors to be considered include adequacy of scope, schedule, budget and funding plan relative to current project status (e.g. expect more detail and certainty for a project about to enter construction than design); whether prior project phases are completed or expected to be completed before beginning the next phase; and whether litigation, community opposition or other factors may significantly delay project.

**Community Support:** Project has clear and diverse community support and/or was it identified through a community-based planning process. An example of a community-based plan is a neighborhood transportation plan, but not a countywide plan or agency capital improvement program.

Three points for a project in an adopted community based plan with evidence of diverse community support.

Two points for a project with evidence of support from both neighborhood stakeholders and groups and citywide groups.

One point for a project with evidence of support from either neighborhood stakeholders and groups or citywide groups.

**Time Sensitive Urgency:** Project needs to proceed in proposed timeframe to enable construction coordination with another project (e.g. minimize costs and construction impacts); to support another funded or proposed project (e.g. new signal controllers need to be installed to support TEP implementation); or to meet timely use of funds deadlines associated with matching funds.

**Table 3 - Prioritization Criteria and Scoring Table  
Street Resurfacing, Rehabilitation, and Maintenance/Street Repair and Cleaning Equipment (EPs 34-35)**

**Street Resurfacing Category:**

**Safety:** Project receives one point if it is on a WalkFirst Safety Street, one point if located on a Primary Corridor as identified in the 2013 SFMTA Bicycle Strategy or subsequent updates, and one point if it is on a Muni route.

**PCI Score:** The Pavement Condition Index (PCI) scores are used to identify and categorize the streets based on the maintenance requirements of the streets. The streets are categorized as requiring pavement preservation (PCI 64 - 84), resurfacing (PCI 50-63), or paving with base repair/reconstruction (PCI 0-49). Project receives 4 points if it has a PCI score of 63 or below. DPW determines the amount of pavement preservation work based on the percentage recommended by the Pavement Management and Mapping System (PMMS).

**Functional Classification:** Streets classified as arterials or collectors get higher priority over local streets with similar PCIs because the former classifications are most heavily used. Project receives 3 points if the street is an arterial, 2 points if collector, and 1 point if residential.

**Street Repair and Cleaning Equipment Category:**

**Safety:** Project receives one point if it reduces harmful air pollution, one point if it improves or mitigates a documented unsafe condition for residents, and one point if it improves or mitigates a documented unsafe condition for employees.

**Need:** Equipment has reached the end of useful life per industry-accepted levels (i.e. replacing sweepers every 5 to 7 years, packer trucks every 10 years, and front end loaders and Street Flusher trucks every 8 years).

**Mandates:** Equipment is needed per department projects and programs (e.g., Sheriff's Work Alternative Program, which required DPW to replace its 10-passenger vans in order to carry participants to and from their cleaning worksites) or equipment is needed to comply with external regulations (e.g., alternative fuel vehicles are required by federal, state, or local regulations but they cost up to 70 percent more than a non-clean air version of the vehicle).

**Cost Effectiveness:** New item will minimize maintenance costs compared to item being replaced.

Category:	C. Street & Traffic Safety
Subcategory:	iii. System Maintenance and Renovations (streets)
Prop K EP Project/Program:	b.1 Street Resurfacing and Reconstruction
EP Line (Primary):	34
Other EP Line Number/s:	b.1 Street Resurfacing and Reconstruction
Fiscal Year of Allocation:	2014/15
Project Information	
Project Name:	Guerrero St, San Jose Ave and Corbett Ave Pavement Renovation
Project Location:	Guerrero St, San Jose Ave and Corbett Ave (see project description below)
Project Supervisorial District(s):	8, 9
Project Description:	The limits of the project will be on Guerrero St from Cesar Chavez to 28th St\San Jose Ave; on San Jose Ave from 28th St\Guerrero to Milton St; and on Corbett Ave from Clayton St to Cuesta\Portola. The project will consist of pavement resurfacing, and concrete work including base repair, sidewalk curb reconstruction, repair of the parking strip, and the construction of curb ramps. Other possible work may be added pending coordination with other agencies.
Purpose and Need:	The current average Pavement Index Condition (PCI) Score is 63 out of 100 and is in need of rehabilitation. The purpose of this project is to extend the life of the pavement and to minimize disruption to neighborhoods and the traveling public by paving the streets and if possible coordinating/joining work from other City Agencies, and Utilities.

Prop K EP Project/Program:	b.1 Street Resurfacing and Reconstruction
EP Line (Primary):	34
Other EP Line Number/s:	b.1 Street Resurfacing and Reconstruction
Fiscal Year of Allocation:	2014/15
Project Information	
Project Name:	West Portal Ave and Quintara St Pavement Renovation
Project Location:	West Portal Ave and Quintara St
Project Supervisorial District(s):	7
Project Description:	The limits of the project will be on West Portal Ave from Ulloa St to 15th Ave; on Quintara St from 10th Ave to 19th Ave. The project will consist of pavement resurfacing, and concrete work including base repair, sidewalk curb reconstruction, repair of the parking strip, and the construction of curb ramps. Other possible work may be added pending coordination with other agencies.
Purpose and Need:	The current average Pavement Index Condition (PCI) Score is 33 out of 100 and is in need of rehabilitation. The purpose of this project is to extend the life of the pavement and to minimize disruption to neighborhoods and the traveling public by paving the streets and if possible coordinating/joining work from other City Agencies, and Utilities.

Prop K EP Project/Program:	b.2 Street Repair and Cleaning Equipment
EP Line (Primary):	35
Other EP Line Number/s:	
Fiscal Year of Allocation:	2014/15
Project Information	
Project Name:	Street Repair & Cleaning Equipment
Project Location:	Citywide
Project Supervisorial District(s):	Citywide
Project Description:	DPW's street repair and cleaning programs rely on vehicles and other large equipment. Replacement of street repair and cleaning equipment according to industry-standards, such as but not limited to, asphalt pavers, dump trucks, sweepers, and front-end loaders. In Fiscal Year 2014/15, DPW will procure two air sweepers and one bicycle path sweeper.
Purpose and Need:	To reduce maintenance costs, increase efficiency, and reduce down time, DPW needs to replace its vehicles according to industry-accepted levels (i.e. replacing sweepers every 5 to 7 years, packer trucks every 10 years, and front end loaders and Street Flusher trucks every 8 years). In addition, there is a backlog of equipment that was due for replacement in previous years, but has not been replaced. The street cleaning program currently double and triple-shifts its trucks and is keeping equipment past its normal scheduled replacement, which has led to increased vehicle maintenance costs.

## 2009 Prop K 5YPP - Program of Projects Street Resurfacing, Rehabilitation, and Maintenance (EP 34-35) Programming and Allocations To-date

Last Update: February 03, 2014

Agency	Project Name	Phase	Status	Fiscal Year				Total
				2009/10	2010/11	2011/12	2012/13	

**FOOTNOTES:**

<sup>1</sup> 5YPP amendment to add 15th Avenue, 17th Street, and Parnassus Avenue in FY 2010/11 (Resolution 10-75, approved 06.29.10)  
Taraval Street: Reduced from \$3,000,000 to \$0.

15th Avenue: Added a new project with \$2,480,000 in FY 2010/11 construction funds.

17th Street (Pennsylvania - Valencia): Added a new project with \$320,000 in FY 2010/11 design funds.

Parnassus Avenue: Added a new project with \$200,000 in FY 2010/11 design funds.

<sup>2</sup> 17th Street (Pennsylvania - Dolores): The original limit of the FY 2011/12 17th Street paving project was from Mississippi Street to Valencia Street; expanded by three blocks (Resolution 11-62, 134.908020).

<sup>3</sup> 5YPP amendment to add Kirkham Street construction in FY 2012/13 (Resolution 13-14, approved 10.23.2012)

17th Street (Valencia - Ord): Reduced from \$3,200,000 to \$0; will be funded with prior Prop K allocation and Prop B Road Paving and Street Safety Bond funds. See Kirkham Street: Added a new project with \$3,200,000 in FY 2012/13 construction funds.

15th Avenue (deobligation): Reprogrammed \$1,285,000 in deobligated FY 2011/12 funds to Kirkham Street. Unneeded funds were due to a favorable bid environment.

<sup>4</sup> Allocated cash flow includes cumulative remaining cash flow capacity to accommodate adjustment from \$397,000 in FY 2012/13 and \$179,000 in FY 13/14 to \$576,000 in FY Street Repair and Cleaning Equipment in FY 2013/14 (Resolution 14-05, 7.23.2013)

FY 2010/11 funds allocated to Street Repair and Cleaning Equipment: Re-programmed \$122,085 in deobligated funds. Unneeded funds were due to reduced scope.

FY 2012/13 funds programmed for Street Repair and Cleaning Equipment: Reduced from \$218,000 to \$0.

Street Repair and Cleaning Equipment: Added new project with \$381,415 in FY 2013/14 funds.

<sup>5</sup> 5YPP Amendment to add Potrero Avenue Pavement Renovation in FY 2013/14 (Resolution 14-34, approved 11.19.2013)

Sanchez (Duboce Ave. to Elizabeth St.): Reduced from \$3,300,000 to \$0. Project delayed to FY 2016/17 due to utility coordination conflicts.

17th St. (Pennsylvania Ave. to Dolores St.): Reprogrammed \$840,463 in deobligated FY 2011/12 funds. Project is complete; construction costs were below engineer's estimate.

California Street Pavement Renovation: Reprogrammed \$137,061 in deobligated FY 2007/08 funds. Project is complete; construction costs were below engineer's estimate.

Potrero Avenue Pavement Renovation: Added new project with \$4,539,291 in FY 2013/14 funds for construction.

<sup>7</sup> 5YPP Amendment to program \$16,505 in cumulative remaining programming capacity to Street Repair and Cleaning Equipment in Fiscal Year 2013/14. (Resolution 14-39, approved 12.17.2013)

# San Francisco Public Works

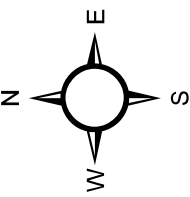

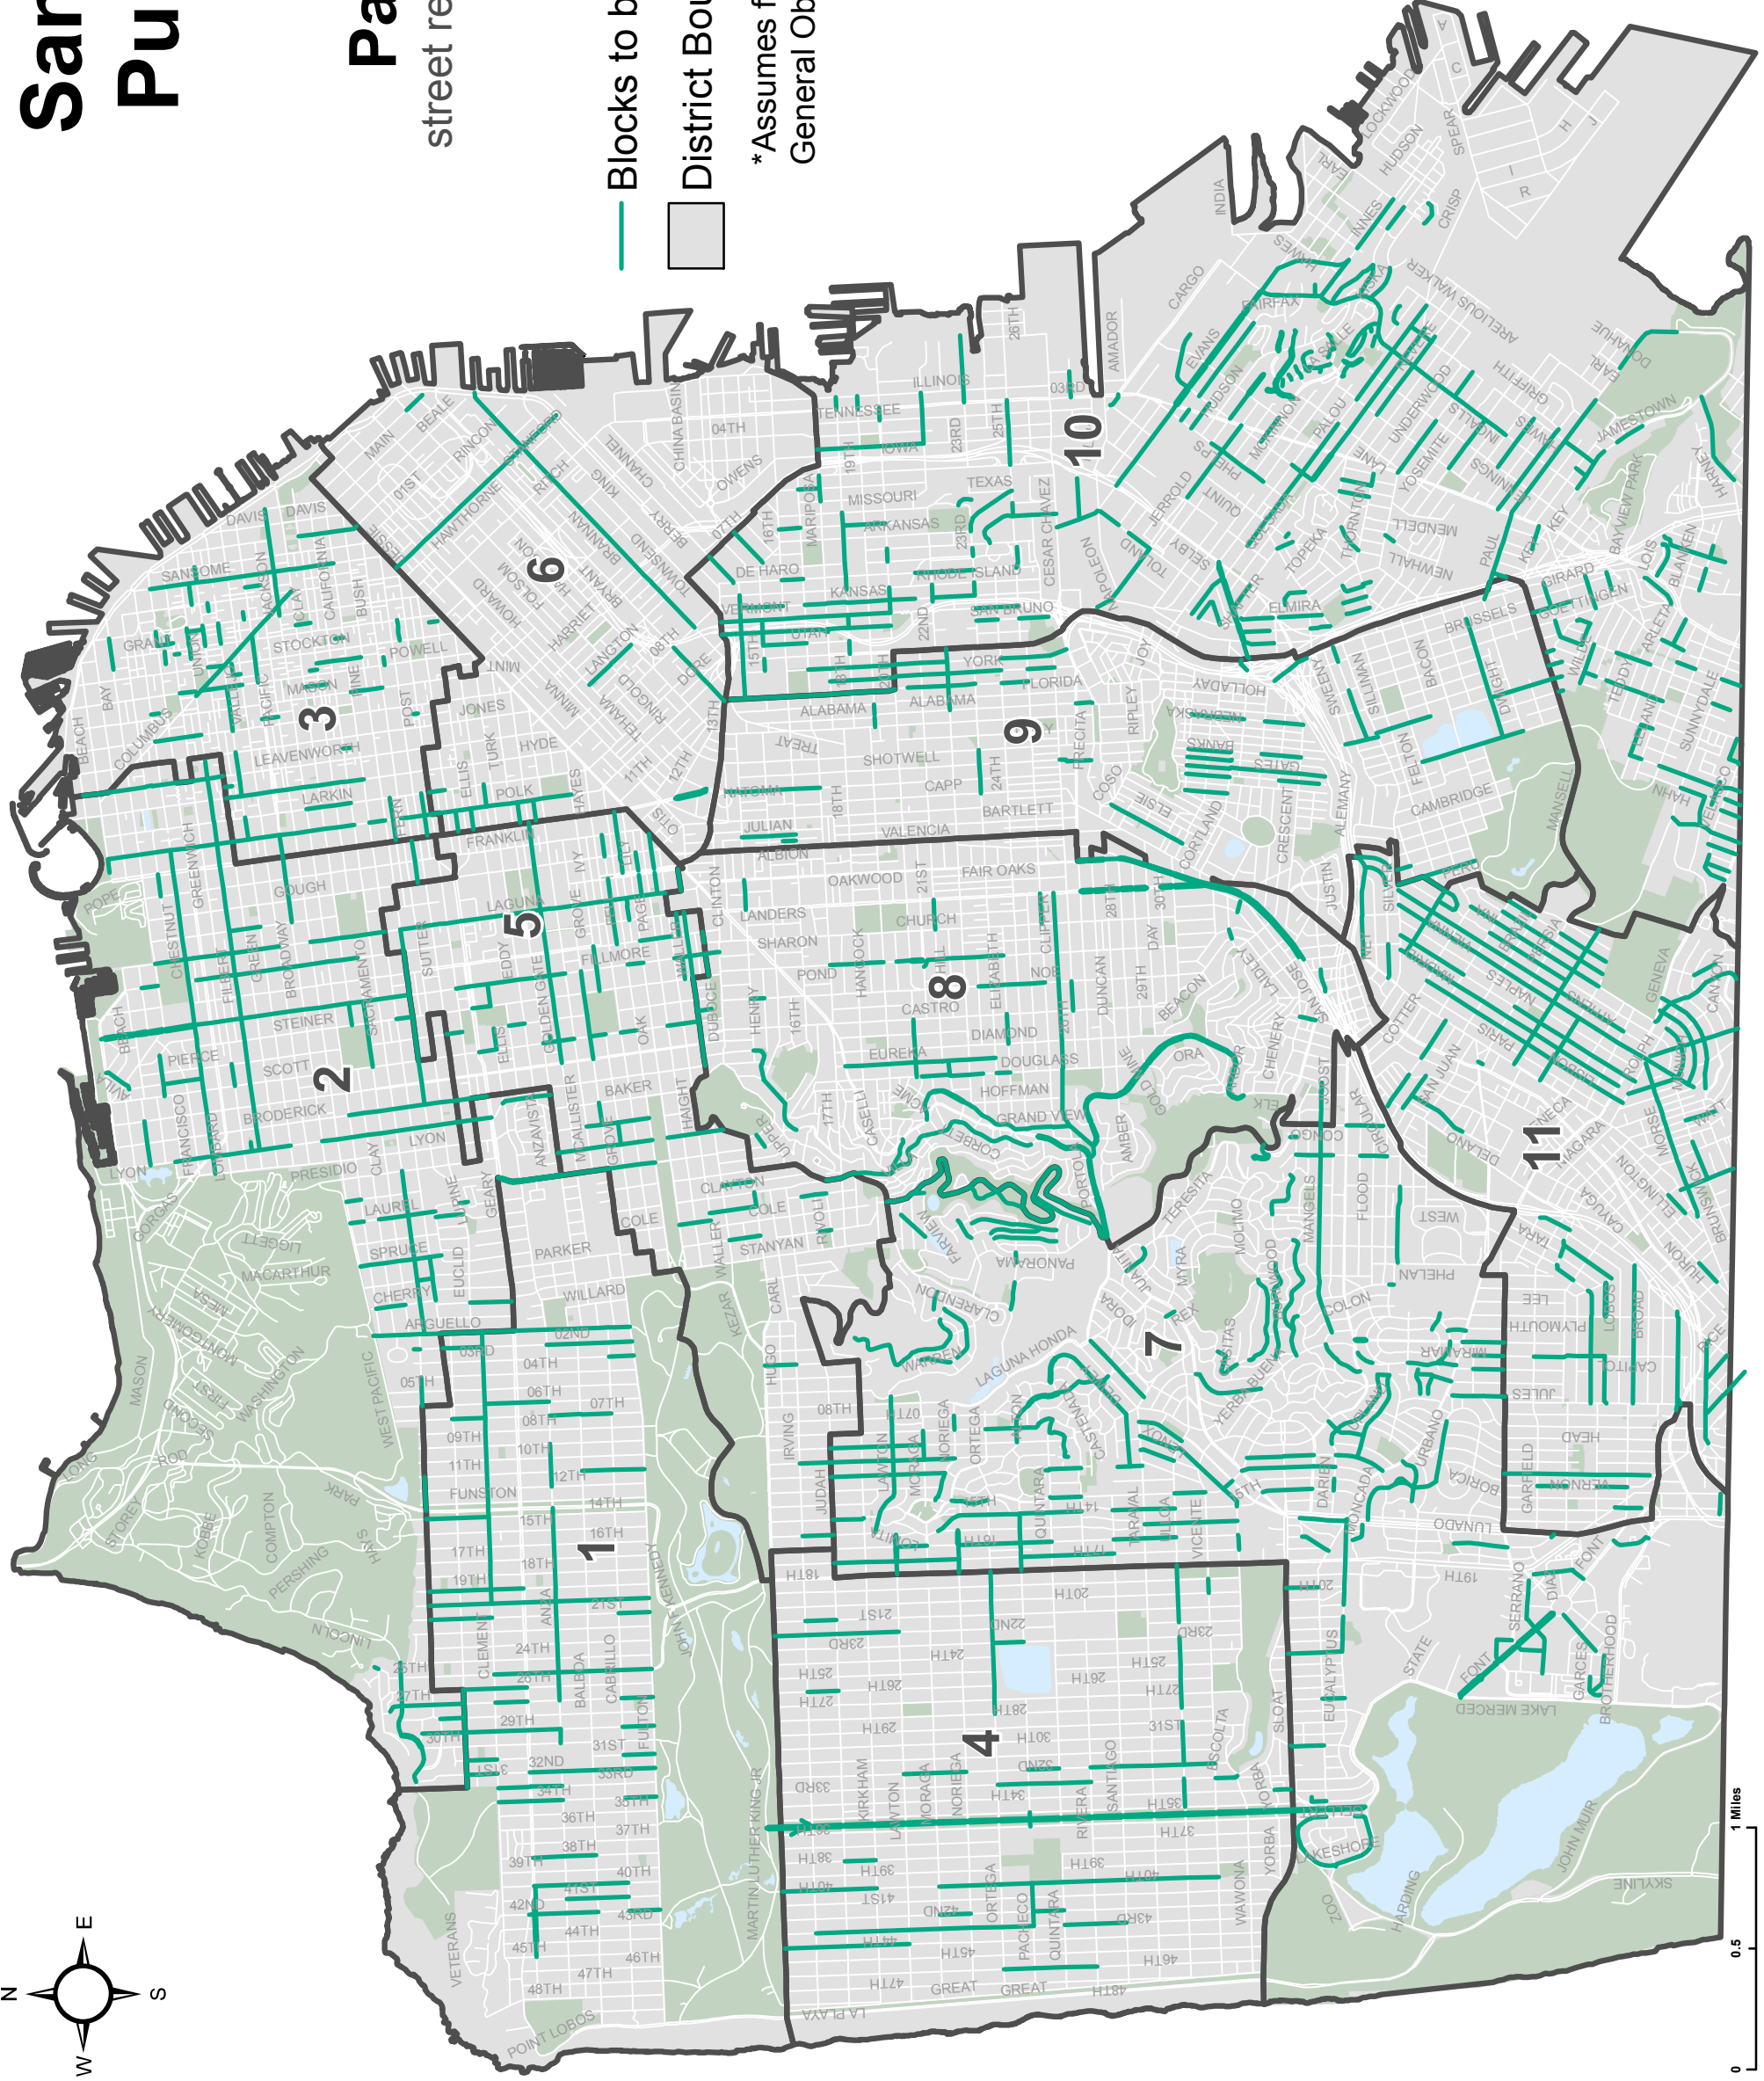

## Paving Program

street renovation and preservation

— Blocks to be treated from FY14/15 - FY18/19\*

□ District Boundaries

\*Assumes full funding (including November 2014 General Obligation bond and Vehicle License Fee)

0 0.5 1 Miles

All paving program candidates shown are subject to substitution and schedule changes pending available funding, visual assessment, utility clearances and coordination with other agencies and are not guaranteed to be moved forward to construction. Unforeseen challenges such as increased work scope, changing priorities, cost increases or declining revenue may arise, causing the paving program candidates to be postponed or dropped from consideration.
