|          | Eleven Requests, Subject to the Attached Fiscal Year Cash Flow Distribution Schedules and                             |
|          | Amendment of the Relevant 5-Year Prioritization Programs  |

### Summary

Memorandum

As summarized in Attachments 1 and 2, we have eleven requests totaling \$6,795,385 in Prop K funds to present to the Plans and Programs Committee for approval. Attachment 3 summarizes our recommendations. The Peninsula Corridor Joint Powers Board (PCJPB or Caltrain) has requested \$3.8 million for San Francisco's Fiscal Year 2014/15 member contribution for six state-of-good-repair projects, including construction of the Quint Street Bridge Replacement. Caltrain has also requested funds for unanticipated construction management costs for bicycle parking facility improvements that will increase storage capacity at the 4<sup>th</sup> and King station (\$20,000). The San Francisco Municipal Transportation Agency (SFMTA) has requested Prop K funds to expand its participation in the Geneva-Harney Bus Rapid Transit Feasibility Study and for follow-on pre-environmental work (\$200,000). SFMTA has also asked for planning and conceptual design funds for the John Yehall Chin Safe Routes to School project (\$40,433), a project that supports Vision Zero and has received a state Active Transportation Planning grant for design. Finally, the Bay Area Rapid Transit District has requested \$2,030,000 to fully fund construction of the Balboa Park Station Eastside Connections project (which received Lifeline Transportation Program funds from the Transportation Authority) and San Francisco Public Works has requested \$701,886 to construct Chinatown Broadway Phase IV (a OneBayArea Grant project that will complete streetscape improvements between Columbus Avenue and the Broadway Tunnel). We are seeking a recommendation to allocate \$6,795,385 in Prop K funds, with conditions, for eleven requests, subject to the attached Fiscal Year Cash Flow Distribution Schedules and amendment of the relevant 5-Year Prioritization Programs.

### BACKGROUND

We have received eleven requests for a combined total of \$6,795,385 in Prop K funds to present to the Plans and Programs Committee at the November 18, 2014 meeting, for potential Board approval on November 25, 2014. As shown in Attachment 1, the requests come from the following Prop K categories:

- Caltrain Capital Improvement Program
- BART Station Access, Safety and Capacity
- New and Renovated Vehicles Caltrain
- Rehabilitate/Upgrade Existing Facilities Caltrain
- Guideways Caltrain
- Visitacion Valley Watershed
- Traffic Calming

- Bicycle Circulation/Safety
- Transportation/Land Use Coordination

**Caltrain Eligibility:** The Prop K Expenditure Plan approved by the voters in November 2003 included Peninsula Corridor Joint Powers Board (PCJPB or Caltrain) as an eligible recipient of San Francisco transportation sales tax funds. The intent of this change was to help offset the financial burden on the San Francisco Municipal Transportation Agency (SFMTA), which is the agency responsible for providing San Francisco's local match share of Caltrain's capital and operating budgets. Caltrain is also eligible for multiple other categories in the Prop K Expenditure Plan, including a dedicated category for Caltrain Electrification, also known as the Caltrain Early Investment Program (EIP), comprised of the Communications Based Overlay Signal System/Positive Train Control, electrification of the Caltrain line between San Jose and San Francisco, and the purchase of electric-multiple unit (EMU) vehicles to operate on the electrified system.

Every year, Caltrain staff review and rank projects for the annual capital budget, which is subject to extensive review, discussion, and negotiation by the three joint powers board member counties (San Francisco, San Mateo and Santa Clara). This process typically concludes in the fall. To accommodate this process, unallocated funds are programmed in the relevant 5-Year Prioritization Programs (5YPPs) as placeholders rather than as a list of specific projects.

# DISCUSSION

Attachment 1 summarizes the eleven requests for Prop K funds, including information on proposed leveraging (i.e. stretching Prop K dollars further by matching them with other fund sources) compared with the leveraging assumptions in the Prop K Expenditure Plan. Attachment 2 provides a brief description of each project. A detailed scope, schedule, budget and funding plan for each project are included in the enclosed Allocation Request Forms.

**Staff Recommendation:** Attachment 3 summarizes the staff recommendations for the requests. Transportation Authority staff and project sponsors will attend the Plans and Programs Committee meeting to provide brief presentations on some of the specific requests and to respond to any questions that the Plans and Programs Committee may have.

We are seeking a recommendation to allocate \$6,795,385 in Prop K funds, with conditions, for eleven requests, subject to the attached Fiscal Year Cash Flow Distribution Schedules and amendment of the relevant 5YPPs.

# ALTERNATIVES

- 1. Recommend allocation of \$6,795,385 in Prop K funds, with conditions, for eleven requests, subject to the attached Fiscal Year Cash Flow Distribution Schedules and amendment of relevant 5YPPs, as presented.
- 2. Recommend allocation of \$6,795,385 in Prop K funds, with conditions, for eleven requests, subject to the attached Fiscal Year Cash Flow Distribution Schedules and amendment of relevant 5YPPs, with modifications.
- 3. Defer action, pending additional information or further staff analysis.

## **CAC POSITION**

The CAC was briefed on this item at its October 22, 2014 meeting, and unanimously adopted a motion of support for the staff recommendation.

## FINANCIAL IMPACTS

As detailed in Attachment 2 and the enclosed Allocation Request Forms, this action would allocate \$6,795,385 in Fiscal Year 2014/15 Prop K funds, with conditions. The allocations would be subject to the Fiscal Year Cash Flow Distribution Schedules contained in the enclosed Allocation Request Forms.

The Prop K Capital Budget (Attachment 4) shows the recommended cash flow distribution schedules for the subject requests. Attachment 5 contains a cash-flow-based summary table including the Prop K Fiscal Year 2014/15 allocations to date and the subject Prop K requests.

Sufficient funds are included in the adopted Fiscal Year 2014/15 budget to accommodate the recommendation actions. Furthermore, sufficient funds will be included in future budgets to cover the recommended cash flow distribution for those respective fiscal years.

## RECOMMENDATION

Recommend allocation of \$6,795,385 in Prop K funds, with conditions, for eleven requests, subject to the attached Fiscal Year Cash Flow Distribution Schedules and amendment of relevant 5YPPs.

#### Footnotes

<sup>1</sup>"EP Line No./Category" is either the Prop K Expenditure Plan line number referenced in the 2014 Prop K Strategic Plan or the Prop AA Expenditure Plan category referenced in the 2012 Prop AA Strategic Plan, including: Street Repair and Reconstruction (Street), Pedestrian Safety (Ped), and Transit Reliability and Mobility Improvements (Transit).

<sup>2</sup> Acronyms include PCJPB (Peninsula Corridor Joint Powers Board (Caltrain)), BART (Bay Area Rapid Transit District), and SFMTA (San Francisco Municipal Transportation Agency).

<sup>3</sup> "Expected Leveraging By EP Line" is calculated by dividing the total non-Prop K funds expected to be available for a given Prop K Expenditure Plan line item (e.g. Pedestrian Circulation and Safety) by the total expected funding for that Prop K Expenditure Plan line item over the 30-year Expenditure Plan period. For example, expected leveraging of 90% indicates that on average non-Prop K funds should cover 90% of the total costs for all projects in that category, and Prop K should cover only 10%.

<sup>4</sup> "Actual Leveraging by Project Phase" is calculated by dividing the total non-Prop K funds in the funding plan by the total cost for the requested phase or phases. If the percentage in the "Actual Leveraging" column is lower than in the "Expected Leveraging" column, the request (indicated by yellow highlighting) is leveraging fewer non-Prop K dollars than assumed in the Expenditure Plan. A project that is well leveraged overall may have lower-than-expected leveraging for an individual or partial phase.

| EP Line<br>No. | Project<br>Sponsor | Project Name                                | Prop K Funds<br>Requested | Prop AA Funds<br>Requested | Project Description   |
|----------------|--------------------|---|---------------------------|----------------------------|---|
| 7              | РСЈРВ              | Railroad Bridge Load Rating                 | \$ 382,347                | \$ -                       | Prop K funds will be used to determine the safe load ratings of 103 bridges<br>throughout the Caltrain corridor to comply with Federal Railroad Administration<br>regulation. Anticipated completion by December 2015.  |
| 7              | РСЈРВ              | Rail Grinding                               | \$ 620,400                | \$-                        | Prop K funds will be used to conduct maintenance analysis and rail grinding of track on the Caltrain system. Anticipated completion by June 2016.   |
| 8              | BART               | Balboa Park Station Eastside<br>Connections | \$ 2,030,000              | \$ -                       | Prop K funds will leverage \$1.9 million in Lifeline Transportation Program funds<br>programmed by the Transportation Authority and over \$10 million in BART funds<br>to improve transit access at the Balboa Park BART/Muni Station. The project will<br>construct a new boarding platform for the Muni key stop at the terminus of the J<br>and K lines on the east side of the BART station, and an elevated walkway from the<br>platform to a new pedestrian bridge connecting the east and west sides of the<br>station. It includes new lighting, signage, and wall finishes. BART will coordinate<br>with the SFMTA on a 10-week shut-down of the revenue loop through the Green<br>yard to allow construction of the J/K platform. The SFMTA will continue to<br>operate the J and K lines during the shut-down, and has developed an interim<br>service plan with temporarily relocated stops. Both agencies will issue service<br>bulletins advising passengers about transit access during the project. BART<br>anticipates construction will begin in May 2015 and be completed by mid-2017. |
| 17P            | РСЈРВ              | F40 Locomotive Mid-Life<br>Overhaul         | \$ 1,042,857              | \$ -                       | Caltrain is requesting Prop K funds to perform mid-life overhauls of five F40 locomotives selected to become part of the small remaining diesel fleet post Caltrain electrification. Anticipated completion by June 2016.   |
| 20P            | РСЈРВ              | Systemwide Station Improvements             | \$ 210,989                | \$ -                       | Caltrain is requesting Prop K funds to perform repairs at various passenger stations, which may include but are not limited to: station building repairs; repair passenger shelters; replacing center track fence, windows, doors, and signage; refinishing pavement and tiles; and repairing walking surfaces. Caltrain anticipates construction to begin in January 2015 and be completed by December 2015.   |

Project includes the removal of the existing street girder superstructure and<br>foundation and replacement with a berm structure; construction of a retaining wall<br>to protect train operations; and rough grading of the berm structure north of the<br>bridge to prepare the site for the construction of the Quint-Jerrold connector road.<br>Caltrain anticipates construction to begin in April 2015 and be completed by<br>January 2016.  |
| 22P            | РСЈРВ              | Systemwide Track Rehabilitation                             | \$ 1,243,407              | \$ -                       | Prop K funds will be used to maintain the Caltrain railroad in a state of good repair.<br>The project may include, but is not limited to, the replacement of rails, joins, at-<br>grade rail panels, worn ties; minor repairs to bridges; and adding balast to tracks.<br>Anticipated construction completion by December 2015.  |
| 27             | SFMTA              | Geneva-Harney BRT<br>Feasibility/Pre-Environmental<br>Study | \$ 200,000                | \$ -                       | This funding request will support the SFMTA's expanding role in the Geneva-<br>Harney Bus Rapid Transit Feasibility Study (led by the Transportation Authority)<br>and fund a follow-on pre-environmental phase (led by SFMTA). The BRT coridor<br>extends from Balboa BART/Muni Station to Hunters Point Shipyard, including a<br>connection to the Bayshore Caltrain Station. SFTMA's follow-on work will prepare<br>the near-term BRT, which primarily uses existing streets, for environmental review.<br>Service is needed no later than 2023 to support the shipyard deevelopment. The<br>Feasiblity Study will be completed by spring 2015. The pre-environmental work is<br>anticipated to be completed by fall 2015. More information is available at<br>www.genevabrt.org. |
| 38             | SFMTA              | John Yehall Chin Safe Routes to<br>School                   | \$ 40,433                 | \$ -                       | Prop K funds will be used for additional outreach and conceptual design of bulb<br>outs to improve pedestrian and bicycle access and safety at seven locations,<br>including one bus bulb, around John Yehall Chin Elementary School. This project<br>has received a state Active Transportation Planning (ATP) grant for the<br>environmental and design phases, and will compete for construction funds in a<br>future ATP funding cycle. This project supports Vision Zero (e.g. four project<br>locations are on a high-injury corridor). Anticipated completion of planning by<br>March 2015. Pending funding, construction would start mid-2017.   |

| EP Line<br>No. | Project<br>Sponsor | Project Name   | Prop K Funds<br>Requested | Prop AA Funds<br>Requested | Project Description   |
|----------------|--------------------|--|---------------------------|----------------------------|---|
| 39             | РСЈРВ              | San Francisco Bicycle Parking<br>Facility Improvements -<br>Supplemental Funds | \$ 20,000                 | \$-                        | Caltrain is requesting Prop K funds for unforeseen construction management costs for the reconfiguration of the bicycle parking facility at the 4th and King Caltrain station. The Transportation Authority previously allocated \$165,000 in Prop K funds for a contractor to install automated bike parking, reconfiguration of retail and bike parking areas, and expansion of the facility to increase bike capacity from 130 to 185 bikes. Caltrain anticipates construction to begin in November 2014 and be completed in March 2015.   |
| 44             | SF Public<br>Works | Chinatown Broadway Phase IV  | \$ 701,886                | \$ -                       | Prop K funds will leverage OneBayArea Grant (OBAG) funds programmed by the Transportation Authority, and state Safe Routes to School funds for streetscape and safety improvements to Broadway between Columbus and the Broadway Tunnel, including improvements near the Jean Parker Elementary School. The project will calm traffic by narrowing the roadway and travel lanes; improve pedestrian crossings with bulb-outs, raised crosswalks, and special paving; improve transit access with new bus bulbs and enhanced bus stops; landscape the existing sidewalk, new medians, and the Wayne Place; install bike sharrows; and add new benches and street lights. Of the \$5.11 million in OBAG funds awarded for construction, we worked with MTC and SFMTA to swap the State Transportation Improvement Program (STIP) (\$1.91 million) portion with SFMTA's revenue bonds to keep this project on schedule, given delayed STIP availability. SF Public Works anticipates construction will begin in May 2015 and be completed by April 2016. |
|                |                    | TOTAL  | \$ 6,795,385              | \$ -                       |   |
