Statement of qualifications for membership:

My name is Matthew Alvarez, and I am a resident of the Inner Richmond (8th and Anza). I take the 38L to and from my office in the financial district every day. I do not possess a car, as I am a true believer in the importance of well-planned, well-managed, and cost-effective public transportation.

I am elections and political law attorney with the Sutton Law Firm. I have been an attorney with the firm for three months, and a law clerk with the firm for over a year prior to becoming an attorney. My areas of practice include campaign finance law, First Amendment free speech and freedom of association, governmental ethics, and direct democracy. My clientele includes state and local candidates, community groups, civic organizations, trade associations, political action committees, and individuals across the political spectrum.

I was admitted to practice law in the State of California in November 2014, after passing the July 2014 bar examination. I earned my Juris Doctorate from the University of Southern California, Gould School of Law in 2014 with a 3.68 GPA. During law school, I was a graduate assistant to Professors Susan Estrich and Lee Epstein, both noted experts in the fields of constitutional and political law. I also externed for the Honorable Michael Fitzgerald in Federal District Court in Los Angeles. Prior to attending law school, I spent four years working in real estate finance and acquisitions with two firms - first, Eastdil Secured (a Wells Fargo Company) and then Industrial Realty Group - in Los Angeles. I also hold a Bachelors of Science in Finance from Boston College.

I pride myself on being reasoned, logical, and fair to all points of view. I acknowledge that I have only lived in the Inner Richmond for six months as of this writing, but I feel that my time spent in other cities will allow me to provide a valuable and unique perspective to the discussions. The Inner Richmond has welcomed me with open arms, and I would be honored to return the favor in any way that I can. I believe I have the commitment, experience, and

drive to become a valued member of the Committee.

Please do not hesitate to reach out to me with any questions or concerns. I would be happy to provide my official resume and references.

Thank you for your time and consideration.

Sincerely,

Matthew C. Alvarez, Esq.

Statement of objectives if accepted for membership:

If chosen, I would first strive to allow all voices and points of view to be recognized and heard. Next, I would identify the issues that are most problematic and the issues that are most important to the community. Then, I would gather input from experts and community stakeholders to determine the wisest courses of action for the various issues. Finally, I will take that information and try to join with my fellow citizens to offer constructive, useful, and encouraging input so that projects run smoother and deliver the best services to the most people possible. From my perspective, that is the role of a Citizen Advisory Committee. There is no doubt in my mind that I would be committed to this role.

Ethnicity (optional)**Gender (optional)****Statement of qualifications for membership:**

A resident of the Richmond District since 1994, and a regular rider of Muni since 1987, I have been an observer of both the politics and social impacts of Muni services, the benefits and lacks, successes and failures, for more than two decades. As an analyst, a project director, and a team leader, I am well suited to providing input and insight to the Geary Corridor BRT CAC.

As a long time resident, I have connections to both business and residential groups, and understand their needs and concerns. If the Geary BRT is to succeed, it needs not only to have effective planning and insight, but the means to confidently communicate plans and decisions to our constituents along the corridor, and the CAC is a critical piece of making that communication happen.

Statement of objectives if accepted for membership:

- Make sure that all constituent groups along the Geary corridor have their voices heard
- Make sure that all decisions and choices in the development process are effectively communicated to the public
- Provide a point of community contact for affected neighborhood members
- Contribute to the long term success for the plan for the neighborhoods, for Muni, and for San Francisco as a whole.

Statement of qualifications for membership:

I am a native San Franciscan who has lived in the Outer Richmond district for many years. I drive, walk and take Muni down the Geary corridor from the beach to the Embarcadero. I have ten years of work experience in construction project management and real estate development and am very familiar with local governmental processes. I am adept at speaking in public, leading groups, and being attentive to the needs of disparate stakeholders. I served as president of the Board of Directors for the Richmond District Neighborhood Center and look forward to another way to engage with my community.

EXPERIENCE

2011-present Signature Development Group, Inc. Oakland, CA

Development Project Manager

- Perform financial analysis and due diligence to negotiate acquisition of new land throughout the Bay Area for residential and mixed-use real estate developments
- Oversee development of the Hive project in Oakland, CA (hiveoakland.com), a mixed-use redevelopment of a square block creating a community of 100,000 SF of local businesses in rehabbed auto showroom buildings together with 100 new apartments
- Manage consultant teams through land planning process and engage community stakeholders to entitle new infill developments
- Coordinate with City, State and regional governmental agencies to secure project approvals

2010 Union Bank – Community Development Finance Walnut Creek, CA

Intern/Loan Officer

- Underwrote debt and priced tax-credit equity for new multi-family affordable housing developments throughout California and the Northwest
- Standardized analysis of sponsor financial statements in order to determine credit strength

2007-2009 The John Stewart Company San Francisco, CA

Construction Project Manager

- Managed rehabilitation of seven low-income senior multi-family developments, affecting 360 units of housing throughout San Francisco and Northern California
- Negotiated \$80,000 subcontractor cost reduction ahead of potential work stoppage 2005-2007 Gryphon Construction, Ltd. New York, NY
Construction Project Manager
- Specialized in high-end, custom interior apartment renovations in Manhattan
- Grew into leadership role and was offered Principal position

2004-2005 Habitat for Humanity - NYC New York, NY
Warranty Manager/Site Leader

- Completed five year backlog of outstanding warranty issues across entire portfolio of projects throughout four boroughs
- Organized and led groups of 100+ volunteers in construction of new homes

EDUCATION

2009-2011 Walter A. Haas School of Business, University of California, Berkeley Berkeley, CA

Master of Business Administration

- 1st Place: Bank of America Low-Income Housing Challenge

2000-2004 McGill University Montreal, QC
Bachelor of Arts

- Major: International Development

ADDITIONAL

- Board of Directors, Richmond District Neighborhood Center 2008-2012 (President 2012)
- BUILD (college prep for high school students through entrepreneurship training), Business Team Mentor 2011-2012

Statement of objectives if accepted for membership:

My goal in joining the Citizens Advisory Committee is to continue to be engaged with my community and to help improve transit along a major thoroughfare in our City. I was on the Board of Directors at the Richmond District Neighborhood Center for almost five years and enjoyed the access that it provided me to all of the different families and groups living and working in the Richmond. I eventually ended that with the hope of joining a local organization with more direct ties to my interests and experience. I develop real estate for a living, from single family homes to large mixed-use projects. My firm built Broderick Place, across the street from the DMV, and I am personally overseeing the redevelopment of a square block in Uptown Oakland. Managing these projects I interact often with both community members and city staff, while going through the bureaucratic process of getting new projects approved. Much of the debate around new project focuses on traffic and transportation. I am acutely aware of how important good transit options are for both current residents and the future population growth of our city. I am also tuned in to the needs of small business owners and retail landlords who value ease of access for customers. I look forward to helping to push transit forward while striking a balance between what I'm sure are many competing interests. Thank you for your consideration.

SUMMARY STATEMENT

Please provide a short summary statement of your qualifications for membership. You may attach a resume. Please limit your attachment to no more than three pages.

I have been a resident of the Richmond district since 1986, when I moved to San Francisco to attend USF. My wife and I have two young children we hope to raise in the Inner Richmond. In other words, I have a long history in the neighborhood and likely a long future here as well.

I work as a high rise property manager in San Francisco and have an MBA with a concentration in project management. I have worked on many successful projects and while I do not have MUNI specific experience, I understand the importance of proper initiation, planning, and stakeholder feedback for large scale project such as the Geary BRT.

I am also a San Francisco Bar Association certified mediator and have worked to successfully resolve simple and complex disagreements amongst individuals, companies, and groups of all sizes.

I have experience working with volunteer boards and am currently the Treasurer of the San Francisco Little League.

GOALS AND OBJECTIVES

Please provide a short statement about your objectives and goals if you are accepted for membership on the Geary BRT CAC.

My wife and I have always commuted on MUNI. However, we have both become exasperated with congestion and delays on the major lines that serve our neighborhood - so much so that I have recently switched to cycling to work as a faster alternative to MUNI.

I believe that a properly conceived and executed BRT could significantly improve the MUNI experience in our district without harming neighborhood businesses. My goal would be to expeditiously complete the review and design phases so that execution could be without undue delay.

As an immediate neighbor to the project and a user of the transit lines impacted by the BRT I have a strong commitment to seeing it done and done properly.

Statement of qualifications for membership:

I am Richmond District native, and my first Muni commute was to Kindergarten. Now that I am back in the neighborhood, I am once again am a regular rider of the 1 and 38 lines. My many years of taking buses from the city's west side give me an informed perspective on the challenges of getting to different neighborhoods from our corner of town. As a civil litigation attorney, I can appreciate and understand the unique challenges of getting large-scale projects done in our city. The opportunity to help advance a project as important as rapid transit would be very meaningful to me.

Statement of objectives if accepted for membership:

My objective will be to help the BRT serve transit riders safely and efficiently by providing the perspective of a western neighborhood resident. As a large part of the city without any light rail or subway access, the Richmond is uniquely dependent on the 38 line. Like many of my neighbors, I rely on the express bus services during regular commute hours, but also sometimes commute after the last express bus or during the weekends. Richmond residents

deserve a fast way to transit across town during all times of the day. I think it is imperative that Muni serve our large neighborhood with fast, environmentally friendly, and safe service. I would value the opportunity to make this much-needed improvement a reality.

Geary Bus Rapid Transit (BRT) Citizens Advisory Committee (GCAC) Application for Membership

SUMMARY STATEMENT

Please provide a short summary statement of your qualifications for membership. You may attach a resume. Please limit your attachment to no more than three pages.

As a lifelong resident of the Richmond District and owner of a small business on Geary Blvd., I have been very involved neighborhood and civic issues for the last twenty years. I served on the San Francisco Recreation and Parks Commission for seven years and was a founding member and former chair of the Richmond District Community Police Advisory Board ("CPAB"). As a CPAB member, I helped to organize pedestrian safety events and traffic calming programs on Geary Blvd. I worked to make Geary Blvd. safer at night by working with neighbors to address traffic safety at a popular late night eatery on Geary. Professionally, I am executive director of a nonprofit civic organization that conducts public policy research and encourages civic participation in the Asian American community. I am also Lecturer of Political Science at San Francisco State University and teach courses on public policy, governance and civic participation.

GOALS AND OBJECTIVES

Please provide a short statement about your objectives and goals if you are accepted for membership on the Geary BRT CAC.

If accepted to the Geary BRT CAC, my objective would be to help make the body more inclusive of immigrant and minority participation. Asian Americans comprise a large percentage of the population that the Geary BRT would serve and I would work to invite more participation and input on BRT planning. I would also use my extensive ties to the Asian American small business and nonprofit communities to bring more of their voices to process.

COMPLETED APPLICATIONS SHOULD BE SUBMITTED TO THE AUTHORITY AT THE FOLLOWING ADDRESS:

Statement of qualifications for membership:

I have navigated San Francisco for more than two years without a car. Whether I am meeting a friend downtown, going to work, or making the first leg of my trip to the airport, the 38-Geary is often the most logical starting point from my home in the Inner Richmond. At the same time, service can be slow and buses are almost always congested; sometimes they are so full that I am unable to board. For this reason, I am applying to represent the Richmond District on the Geary BRT Citizens Advisory Committee to help make the 38-Geary more reliable for current riders and a viable option for those who currently choose to drive instead.

During my time as a Richmond District resident, I have become passionate about affordability, sustainability, and the general livability and well-being of my community. Geary BRT has potential to make a positive impact in my neighborhood in all of these areas. As a member of the Geary BRT Citizens Advisory Committee, I would look forward to contributing my professional background related to environmental and transportation issues, experience planning and implementing public outreach campaigns, and familiarity with the Richmond District as I help advise the project team. I would be honored to represent my neighborhood in promoting the most efficient, effective Geary BRT possible.

RESUME

EXPERIENCE

Communications Manager, Stanford Woods Institute for the Environment
Stanford, CA, October 2014 – present

- Develop and implement communication strategies that engage external stakeholders to advance the institute's goal of linking solutions-oriented environmental research to action.
- Raise the profile of Stanford's environmental research, events and initiatives with external audiences via the news media, social media networks and other communications channels.
- Write across multiple channels to develop informational content such as press releases, news stories, website content, and research briefs for internal and external audiences.

Communications Assistant, San Francisco Department of the Environment

San Francisco, CA, August 2012 – October 2014

- Managed department's social media strategy and implementation; actively promoted resources and events for sustainable commuting on social media networks including the City's commuter benefits program, emergency ride home program, Bike and Roll to School Week, Walk to Work Day, and Bike to Work Day.
- Designed a social media campaign to engage residents with department's updated Climate Action Strategy that included the goal of all residents taking 50% of their trips by sustainable modes.
- Assisted in drafting and reviewing documents related to environmental policy and community activities including department's Vision Zero resolution.
- Coordinated press events with community partners, local elected officials, and industry stakeholders.
- Wrote news articles, blog posts, and informational content for department's website.

Communications Fellow, Smart Growth America

Washington, DC, February 2012 – June 2012

- Wrote compelling blog posts featuring smart growth success stories from across the nation. Independently tracked down story leads; interviewed local elected officials and civic leaders.
- Wrote, formatted, and sent weekly e-newsletter to organization's press contacts.
- Managed social media networks and posted smart growth-related news content on a daily basis.
- Developed a database of 500+ press contacts to advance organization's media relations.

COMMUNITY ACTIVITIES

Board Member, San Francisco Bay Area Women's Environmental Network (WEN)

San Francisco, CA, January 2013 – present

- Launched the WEN Career Blog, a career advice column which is consistently the most read item in the organization's monthly newsletter.
- Formerly managed organization's social media strategy and produced the monthly e-newsletter.

I was born in the Richmond district in 1982, and have lived here (with a few short interruptions) since then. I work in a family business— a dental office-- also located in the district.

I have read about the history of the district, from the streetcars of the early 20th century to the unrealized Bart plans of the 1960s.

I have a BA in Physics and Mathematics from UC Berkeley.

Statement of objectives if accepted for membership:

Geary Boulevard is the most heavily used bus transit corridor west of the Mississippi, and its functioning is absolutely vital to the continued success of the Richmond District. Despite this, I believe that it could be much improved, and I would like to help that process along.

My goal would be to see significant improvements made in comfort, frequency, speed and reliability of transit service to the Richmond, and to the experience of walking and cycling within the District.

SUMMARY STATEMENT

Please provide a short summary statement of your qualifications for membership. You may attach a resume. Please limit your attachment to no more than three pages.

I am retired from UCSF as an administrative manager. I was employed as the Assistant Manager in UCSF Parking and Transportation for approximately 17 years.

I live at Geary and 4th Avenue and I am concerned about the BRT's plans for Geary Blvd. I am also concerned about any plans that impact the already difficult parking situation in the neighborhood for the people who live here.

Thank you for your consideration.

GOALS AND OBJECTIVES

Please provide a short statement about your objectives and goals if you are accepted for membership on the Geary BRT CAC.

To learn the various plans for the future of Transportation in our City, to listen to others, and to better understand how BRT arrives at their decisions.

COMPLETED APPLICATIONS SHOULD BE SUBMITTED TO THE AUTHORITY AT THE FOLLOWING ADDRESS:

San Francisco County Transportation Authority
Attn.: Geary BRT CAC Recruitment
1455 Market Street, 22nd Floor
