Staff from the San Francisco Municipal Transportation Agency and the Department of Public Health provided an overview of the draft 2017-2018 Vision Zero Action Strategy at the December 2016 meeting. Highlights of the Strategy include organizing projects and programs through an outcomes-based framework of safe streets, safe people, and safe vehicles. The Strategy also affirms the City’s commitment to achieving Vision Zero in an equitable way by targeting strategies that benefit San Francisco’s most vulnerable populations – including seniors and persons with disabilities, low-income communities and communities of color, and people walking – who disproportionately bear the burden of severe and fatal collisions. This item will include a response to concerns from the Vision Zero Coalition, and an update on efforts to create a long-term strategic plan to guide implementation of Vision Zero through 2024.
